Re: Docket: 07-00252

Dear Chairman Roberson:

On January 18, 2008, the TRA entered its Order Approving Customer Notification Letter and Request to Cease Providing Service in this proceeding. In that Order, the Authority directed AT&T to file a copy of its self-certification letter to the FCC, consistent with the Authority's rules.

Please find four (4) copies of AT&T's self-certification letter filed with the FCC.

Very truly yours,

Important Notice: Change in your Local Telephone Service

RE Service in: 220 CUMBERLAND BEND, NASHVILLE TN

Dear Valued Business Customer:

AT&T values your business, and we'd like to update you on some important changes underway. As you may know, in December 2006, AT&T Inc., and its subsidiary, SBC Long Distance, LLC d/b/a AT&T Long Distance, joined BellSouth to form the new AT&T. Part of the integration process includes the affiliated companies streamlining their business service portfolios. *As a result of this integration, your local service, which is currently provided by AT&T Long Distance (formerly SBC Long Distance), will now be provided by AT&T Tennessee – one of the AT&T family of companies.*

Unless you choose another local service provider, your local service will be automatically transferred to AT&T Tennessee on or after January 30, 2008.

No action on your part is required. Subject to regulatory approval, the transfer of your service to AT&T Tennessee will be automatic, and will take place during a transition period from January 30, 2008 through April 30, 2008. There is no cost to you. You will be placed on an AT&T Tennessee local service plan that is comparable to your current local service plan. Your total monthly recurring charges also will be comparable.

Again, you have the right to select another local telephone service provider. However, you are a valued customer and we sincerely hope you will continue to remain with AT&T. If you select another provider, that carrier will be able to provide you with a list of their services and charges. A listing of available local service providers may be found in your AT&T White Pages Directory.

You have until January 30, 2008 to make this decision. If you select a new local service provider, you should contact your current long distance provider to ensure there is no change to your long distance calling plan. Not doing so may result in a change in the rates applied to your long distance calls.

For questions about your new service, this transition, or any other outstanding complaints, or how you can take advantage of AT&T's new suite of products and services, we invite you to contact your account representative or AT&T Tennessee toll free at 1-866-751-7066 (8am – 5pm Monday-Friday). We look forward to serving you well into the future.

Sincerely,

Your AT&T Business Specialist

2. Each feature on each of your line(s) will be converted to the most comparable feature in the AT&T Tennessee plan. Charges for all features converted will be zero rated (no charge)
3. Frozen or blocked accounts will be transferred automatically to AT&T unless an alternate local provider selection is made. Contact AT&T toll free at 1-866-751-7066 if you would like to re-establish a freeze/block for your account after the transition period.
