Re: Notification of EveryCall Communications, Inc. dba All American Home Phone
and dba Local USA's Intent to Discontinue Services

Dear Chairman,

EveryCall Communications, Inc., dba All American Home Phone and dba Local USA ("EveryCall" or the "Company"), through the undersigned regulatory consultant, hereby notifies the Commission that it intends to discontinue the provision of resold prepaid and postpaid wireline local exchange and interexchange services to customers within the State of Tennessee. In response to changing market conditions, EveryCall has determined that it is no longer feasible to offer these services. The proposed discontinuance will not result in harm to the affected customers because they are being provided ample advance notice of the discontinuance and equivalent service offerings are available from other carriers, including the underlying carrier whose services EveryCall resells.

In connection with this filing, EveryCall submits the following information:

1. Description of Discontinuance

The Company

EveryCall Communications, Inc. dba All American Home Phone and dba Local USA
4315 Bluebonnet Blvd., Suite A
Baton Rouge, LA 70809

EveryCall provides intrastate services in Tennessee pursuant to authority granted by the Commission.¹ EveryCall provides these services to customers on both a prepaid and postpaid basis. Because EveryCall does not intend to continue offering any telecommunication services within the State of Tennessee, the Company wishes to surrender its authorization concurrently with the discontinuance of service.

Date of Proposed Discontinuance

Subject to receipt of necessary regulatory approvals, the Company plans to discontinue the affected services on July 31, 2014. *All customers were mailed notice on April 21, 2014 of the anticipated discontinuance of service.*

Services to be Discontinued and Affected Customers in Tennessee

EveryCall proposes to discontinue prepaid and postpaid wireline local exchange and interexchange services currently provided to customers using AT&T as the underlying carrier. At this time, EveryCall delivers these services to approximately 105 customers in Tennessee.

Date and Method of Customer Notice

On April 15, 2014, EveryCall sent written notice by first-class mail to affected customers, informing them that the Company will cease providing the local exchange and long distance services that they currently receive, effective June 15, 2014. Separate notices were sent for resold lifeline customers serviced under the All American Home Phone dba. The notices clearly underscore that customers must make arrangements with another carrier to avoid loss of service and provide a toll-free number that customers may call to reach EveryCall service representatives for assistance with this transition. Sample copies of the notices, which comply with the requirements of the Federal Communications Commission ("FCC"), are appended as Exhibit A.² Subsequent to the Notices going out to the customers, EveryCall discovered that a ninety days notice was required in

¹ EveryCall was granted telecommunications authority by Commission order in Docket No.08-0008 on May 20, 2008.

² EveryCall is filing a Section 63.71 application with the FCC for approval to discontinue the domestic interstate services provided as part of these service offerings. A copy of that filing will be served on the Commission.

Tennessee in order to discontinue services. On April 21, 2014 a second letter was sent to Tennessee customers informing them that the service cut-off date had been extended to July 31, 2014. A copy of that letter is attached hereto as Exhibit B.

3. Circumstances of Discontinuance

As discussed above, EveryCall has determined that market conditions make unfeasible its provision of prepaid and post-paid intrastate services using AT&T as the underlying carrier. Consequently, the Company proposes to discontinue its service offerings at this time.

4. Public Interest Considerations

Commission approval of this plan will serve the public interest. Both the pre-paid and post-paid services offered by EveryCall are available from other providers in the Tennessee market. Consequently, EveryCall's customers will not be unduly harmed as they will be able to transition to new providers and continue to be served by the remaining providers in the area currently served by EveryCall. EveryCall's customers have been given sufficient advance notice of the need to select a new provider such that

they will be able to do so in a thoughtful and informed manner. Company representatives will be available throughout the transition period to assist with this process.

5. Summary

Subject to any required regulatory approvals, EveryCall expects to implement the proposed discontinuance on July 31, 2014. Should the Commission have any questions regarding this filing, please contact the undersigned.

Respectfully submitted,
