Dear Ms. Dillon:

Pursuant to Tennessee Administrative Rule 1220-4-1-.08, Americatel Corporation ("Americatel") hereby provides the below information regarding the adoption of an assumed name in connection with the planned merger of Startec Global Operating Company ("Startec") and Americatel, with Americatel surviving, approved by the Tennessee Regulatory Authority ("Authority") in the above-referenced docket. Upon completion of the *pro forma* merger, Americatel will assume the customers and operations of Startec, but will continue to use the Startec brand name for those customers pursuant to a registered assumed business name. The merger is scheduled to consummate on or about March 31, 2008, or as soon as practicable after receipt of all necessary regulatory approvals.

1. Verification that the public utility has registered the changed or assumed business name (Rule 1220-4-1-.08(2)(a)).

Attached hereto as Exhibit A is a copy of the acknowledgement of the Office of the Tennessee Secretary of State that Americatel has registered the assumed business name "Startec" with the Tennessee Secretary of State.

2. Verification that the assumed business name has been recorded in the public utility's surety bond or letter of credit (Rule 1220-4-1-.08(2)(b)).

Americatel currently is in the process of recording the Startec assumed name in its surety bond in Tennessee. Americatel expects this application process to take approximately two weeks, and expects that the Startec name will be added to the surety bond on or before the date of the planned merger, March 31, 2008. Americatel will file with the Authority a copy of the verification that the assumed business name has been recorded in the surety bond after the application process has been completed.

Re: Docket No. 07-00270; Notice of Americatel Corporation Re Adoption of Assumed Business Name

Dear Ms. Dillon:

Pursuant to Tennessee Administrative Rule 1220-4-1-.08, Americatel Corporation ("Americatel") hereby provides the below information regarding the adoption of an assumed name in connection with the planned merger of Startec Global Operating Company ("Startec") and Americatel, with Americatel surviving, approved by the Tennessee Regulatory Authority ("Authority") in the above-referenced docket. Upon completion of the *pro forma* merger, Americatel will assume the customers and operations of Startec, but will continue to use the Startec brand name for those customers pursuant to a registered assumed business name. The merger is scheduled to consummate on or about March 31, 2008, or as soon as practicable after receipt of all necessary regulatory approvals.

1. Verification that the public utility has registered the changed or assumed business name (Rule 1220-4-1-.08(2)(a)).

Attached hereto as Exhibit A is a copy of the acknowledgement of the Office of the Tennessee Secretary of State that Americatel has registered the assumed business name "Startec" with the Tennessee Secretary of State.

2. Verification that the assumed business name has been recorded in the public utility's surety bond or letter of credit (Rule 1220-4-1-.08(2)(b)).

Americatel currently is in the process of recording the Startec assumed name in its surety bond in Tennessee. Americatel expects this application process to take approximately two weeks, and expects that the Startec name will be added to the surety bond on or before the date of the planned merger, March 31, 2008. Americatel will file with the Authority a copy of the verification that the assumed business name has been recorded in the surety bond after the application process has been completed.

LATHAM & WATKINS LLP

3. Submit a copy of the proposed customer notice to be sent to the utility's Tennessee customers (Rule 1220-4-1-.08(2)(c)).

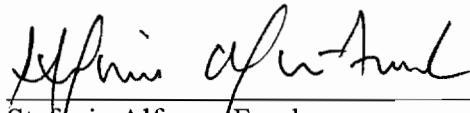

Startec and Americatel have already provided a copy of the customer notice informing customers of the planned merger and assumption of Startec customers by Americatel. The Authority approved this notice on February 11, 2008, in the above-referenced docket and Startec and Americatel mailed the notice to Startec customers in Tennessee on February 25, 2008. Attached as Exhibit B is a copy of that customer notice.

4. Specify which services will be provided to customers under each name (Rule 1220-4-1-.08(2)(d)).

Americatel intends to use more than one business name to provide telecommunications services in Tennessee. Specifically, services provided under the Startec name include (i) presubscribed direct dial interexchange services; (ii) "dial around" casual calling services using the code: 1010 719; and "dial around" casual calling services using the code: 1016868. Services provided under the Americatel name will consist of "dial around" casual calling services using the code: 1010 123.

Enclosed are an original and four (4) copies of this letter. Please date-stamp and return to me in the enclosed envelope the copy provided for that purpose. Should you have any questions regarding this filing, please do not hesitate to contact the undersigned at (202) 637-1020.

Very truly yours,
