RE: Docket No. 08-00046, *Application of OnWav, Inc. for Certificate to Provide Competing Local Telecommunications Services in Tennessee.*

Dear Mr. Powell:

CLEC applicants are required, by statute, to demonstrate their managerial, financial and technical abilities to provide the services for which they seek authority. To assist the Authority in its review of OnWav, Inc.'s application for Certificate of Convenience and Necessity to provide competing local exchange and long distance telecommunications services in Tennessee, you are requested to provide the following information:

- 1) Provide an Informational Tariff detailing all the proposed terms, conditions and rates associated with OnWav, Inc.'s service offerings in Tennessee.
- 2) Explain in more detail how, as stated on page 4 of the application, that OnWav "will not require consumers who are not accessing the PSTN or Internet through our wireless network to purchase CPE which cannot be used with the Incumbent Local Exchange Carrier's system. However, those consumers who are using our wireless network to access the PSTN and Internet will use a special CPE which OnWav will provide." Explain how OnWav could have a customer accessing the PSTN without going through OnWav's wireless network. Explain technically how customers will access the PSTN and Internet using OnWav's wireless network.
- 3) OnWav's application states that it will resell the services of the local ILEC and therefore will depend on them through contracts to operate and manage their networks. Will OnWav be reselling and also providing wireless access to the PSTN and Internet? Please clarify.
- 4) Explain in detail the duties and responsibilities of each officer of OnWav, Inc. on a day-to-day basis for the company's operations in Tennessee.

Please provide the above information by May 5, 2008. In accordance with TRA Rules, please submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version and reference docket number 08-00044 on the correspondence. If you have questions concerning this request or need additional information, please contact Lisa Foust at 615-741-2904 extension 220.
