Re: Notice of TRA Receipt of Application for or Amendment to Certificate of Franchise Authority
and Official Request for Information

Dear Mr. Reed:

On January 3, 2011, this office received notice from BellSouth Telecommunications, Inc., d/b/a AT&T Tennessee, of its filing of an amendment with TRA to expand its franchise service area.

This shall serve as response to your letter of January 4, 2011:

Pursuant to Coopertown's Ordinance #00-02, local access/PEG channels are available to the Town; however, none have been activated. The Ordinance does not set out the number of PEG channels authorized for activation; however, in speaking with a representative of Charter Communications, the Town would have access to at least one (1) PEG channel.

The fee for the privilege of operating a cable system within Coopertown is five percent (5%) of gross customer receipts per month, paid on a quarterly basis, and due no later than forty-five (45) days following the end of the period.

Please contact me should you require additional information.

Sincerely,

Rhoni Bogard
City Recorder
