AFFIDAVIT OF JOELLE J. PHILLIPS

STATE OF TENNESSEE

COUNTY OF DAVIDSON

I, Joelle J. Phillips, state as follows:

A. Identification of Affiant and Application Fee

1. Affidavit is Made by Officer of Applicant Consistent with Section 6(c) of the
Competitive Cable and Video Services Act (the "Act").

My name is Joelle J. Phillips. I am employed by BellSouth Telecommunications, Inc. d/b/a AT&T Tennessee (AT&T), where my title is President – Tennessee. I am an officer of AT&T, and I am authorized to make this affidavit on behalf of applicant AT&T.

2. Application Fee for Service Area with Population of Over 2,000,000 as Set
Forth in Section 6(b)(1) of the Act.

AT&T submits the maximum application fee of \$15,000 with this application on the basis of the population, as reflected by the most recent decennial census, of the areas contained within Exhibit A.

B. Required Information and Affirmations

1. Compliance with Laws Consistent with Section 6(c)(1) of the Act.

AT&T agrees to comply with all applicable federal and state laws and regulations to the extent that such state laws and regulations are not in conflict with or superceded by the provisions of the Act or other applicable law and will timely file with the FCC all forms required by the FCC in advance of offering video service or cable services.

2. Description of Municipalities and Unincorporated Areas Within Counties to be Served in Whole or in Part, Consistent with Section 6(c)(2) of the Act.

AT&T attaches as Exhibit A to this affidavit, and hereby incorporates by reference, its written description of the municipalities and unincorporated areas within counties to be served, in whole or in part, by AT&T. AT&T's service area within each identified municipality or county is aligned with its wireline telecommunications footprint. The geographic boundaries of AT&T's wireline telecommunications exchanges lie within the municipalities and counties shown on the map labeled as Exhibit B to this affidavit and is hereby incorporated by reference. AT&T agrees to comply with the requirements set forth in the Act, expressly including the non-discrimination and service deployment requirements of Section 12 of

the Act. AT&T hereby acknowledges the provisions of Section 13 relevant to enforcement of non-discrimination and deployment requirements.

10. Notice to Local Governing Authority Ten (10) Days Prior to Providing Service Consistent with Section 6(c)(10) of the Act.

AT&T will provide notice to an affected local governing authority ten (10) days prior to providing video service in that jurisdiction.

AT&T Tennessee's Minority Owned Business Participation Plan

AT&T Tennessee hereby sets forth its business plan for actively soliciting bids from minority-owned businesses and letting contracts to such businesses when establishing, providing or expanding cable or video services and related support facilities.

I. Definitions

A. For the purposes of this plan, unless the context otherwise requires:

1. "Minority owned business" means a business that is solely owned, or at least fifty-one percent (51%) of the assets or outstanding stock of which is owned, by an individual who personally manages and controls the daily operations of such business and who is impeded from normal entry into the economic mainstream because of:
 - a. Past practices of discrimination based on race, religion, ethnic background, or sex including, but not limited to, women;
 - b. A disability as defined in T.C.A. § 4-26-201 including, but not limited to, disabled veterans; or
 - c. Past practices of racial discrimination against African-Americans; and
2. "Minority owned business participation plan" means a business plan for actively soliciting bids from minority owned businesses and letting contracts to such businesses when establishing, providing or expanding cable or video services and related support facilities. Such plan shall include the following information:
 - a. A proposal for purchasing goods and services from minority owned businesses;

- b. Information on programs to provide technical assistance to such businesses; and
- c. A statement of intent to follow its minority owned business participation plan.

II. AT&T's Supplier Diversity Policy Statement

It is the policy of AT&T to promote, increase and improve the quality of the overall participation of minority, women and service-disabled veteran owned business enterprises in its purchases of materials and services.

Maximum practicable opportunity shall be given to minority, women and disabled veteran-owned business enterprises to participate as suppliers of materials and services to AT&T.

AT&T also encourages subcontracting opportunities for minority, women and disabled veteran-owned businesses by requiring Supplier Diversity Participation Plans from its prime suppliers.

III. AT&T's Proposal For Purchasing Goods And Services From Minority Owned Businesses

AT&T promotes the purchasing of goods and services from minority owned businesses through its extensive AT&T Supplier Diversity Program. Supplier Diversity Programs staff at AT&T assists current and potential diversity suppliers in identifying and developing business opportunities with the company.

AT&T Supplier Diversity Programs are designed to promote, increase and improve the quality of the overall participation of small, minority, women and disabled veteran business enterprises in AT&T's supply chain. AT&T looks for opportunities to work with diversity suppliers in all aspects of its business – from advertising to central office engineering, computers, outside plant construction and network provisioning. Promoting the participation of a diverse supplier base not only provides better business solutions, it also cultivates greater customer loyalty, bidding advantages, and public policy support on the communities AT&T serves.

AT&T's diversity program has three main components – a program to encourage minority suppliers; a program to encourage minority hiring by AT&T's prime suppliers; and participation in diversity organization.

Specifically, AT&T has a specific program pursuant to which it seeks to hire diverse suppliers. As part of the program, AT&T provides potential suppliers with information and contacts to assist those firms seeking to do business with AT&T. AT&T's Supplier Diversity Managers and Strategic Sourcing Managers work closely with minority suppliers to find opportunities to do business with AT&T. AT&T provides coaching and mentoring to its strategic diversity firms to ensure they continue to meet AT&T's supplier requirements. AT&T encourages diversity suppliers to gain quality certifications such as ISO 9000 and TL9000 to remain on the competitive edge.

Another of the essential efforts within the AT&T Supplier Diversity Programs is AT&T's Prime Supplier Participation Program. AT&T's Prime Supplier Program helps its prime suppliers increase the utilization of minority, women and disabled-veteran owned businesses in its supply chain through subcontracting and value added reseller arrangements. The program specifically helps prime suppliers (a) establish or enhance their own Supplier Diversity programs; (b) develop an annual plan with AT&T outlining how the supplier can provide better business solutions by working with diverse companies; and (c) report quarterly results to AT&T showing progress towards the supplier's diversity goals.

AT&T also is an active corporate member in important organizations such as the National Minority Supplier Development Council, the Women's Business Enterprise National Council and the Association for Service Disabled Veterans. AT&T also holds memberships with numerous minority Chambers of Commerce that work to promote supplier diversity. AT&T also provides funding to support several executive management training programs for minority owned businesses. The programs funded are among the most highly-regarded, graduate-level executive training programs in the country, providing valuable coaching and tangible business benefits to suppliers.

IV. Information On Programs To Provide Technical Assistance To Such Businesses

AT&T provides information for minority owned businesses on its website at www.att.com. In addition, as set forth above, AT&T has an active mentoring process to encourage minority owned businesses to become suppliers of AT&T.

V. Statement Of Intent To Follow Its Minority Owned Business Participation Plan

Pursuant to this plan, AT&T Tennessee shall strive to maximize participation of minority owned businesses through both prime and second tier business contracting opportunities and shall strive to achieve a level of minority owned business participation representative of the population demographics of the state of Tennessee.

By January 31 of each year, AT&T Tennessee will prepare and submit an annual report to the Tennessee Regulatory Authority concerning AT&T Tennessee's minority owned business participation plan and compliance with such plan.
