As part of our on-going effort to keep the TRA informed, I am writing to advise you that the following changes will be made to the Charter Communications channel lineups in the listed franchised areas:

- ❖ Effective August 27, 2008, FLIX, a commercial-free movie channel currently part of Digital Movie View, will be available to Expanded Basic customers with a digital receiver on the channel(s) noted on Page -2- of this letter. These customers will see no change in their monthly rate. FLIX may contain some R-rated programming, which can be blocked using the Parental Control feature on their remote.

Charter Communications is committed to providing excellent cable service and product options to consumers in the communities we serve. Should the TRA have any questions related to these changes, please do not hesitate to call me at (865) 273-2712 or email me at Nick.Pavlis@Chartercom.com.

Cordially,
