Dear Ms. Cooper;

On behalf of Mayor Jerry Garrett, I am in receipt of your letter of July 3, 2008 advising the City of Goodlettsville of AT&T's application to the TRA to provided cable and video service in the City. Your letter was dated July 3, 2008; however it was not delivered to the City until July 11, 2008.

You are seeking comments from the City on this matter. The City of Goodlettsville has not received a notice from AT&T or BellSouth as your letter suggests. However, the Tennessee Municipal League has provided me with a copy of the application. In the spirit of cooperation, I am providing the following comments on this application.

1. Comcast provides one (1) local government access channel to the citizens of Goodlettsville. While the Metro-Government of Nashville and Davidson County presently administers this channel, the City of Goodlettsville will administer any channels provided under Public Chapter 932 by BellSouth Telecommunications d/b/a AT&T Corporation. Concurrent with this correspondence, I have notified BellSouth of our intentions via a copy of this letter.
2. Comcast is not required to provide the City with any PEG support payments.

Thank you in advance for your assistance in this matter.

Sincerely

Jim Thomas  
City Manager
