Docket No. 08-00120, Price Adjustment TCA 67-6-222 \$6.053.50

Enclosed is the tariff amendment of Aeneas Communications, LLC dated August 8, 2008. We request that this tariff be effective October 1, 2008. This filing is a request for approval to adjust the monthly price adjustment pursuant to TCA67-6-222.

The changes will be made to rates found at existing page 34, last revised in August 2007, and we are adding sections on our collocation facilities and using this credit to attract a new business to Tennessee.

If you have any questions, please call me at 731-554-9235.

## SECTION 3 – DESCRIPTION OF SERVICES

## 3.3.2 Aeneas Extended Area Calling\*

Aeneas Extended Area Calling is a flat rate plan that allows for unlimited calling subject to a total usage of 120 hours/7200 minutes measured service that provides local calling from the Customer's service area to all wire centers within the LATA, in addition to their existing calling area. The offering of this service is subject to availability as determined by the Company. In addition to the monthly recurring charges, Customers will be billed for all originating calls at the charges listed in the rates section of this tariff. This service is not available in LEC excluded territories. This service is not available in areas served by Independent Telephone Companies.

### 3.3.3 Aeneas Business Advantage\*

Aeneas Business Advantage provides a facility from a Customer's location to Aeneas Communications's Office Port and gives the Customer the ability to complete local and long distance calls, for up to 120 hours/7200 minutes local calling within a forty mile radius, and up to five optional features. Installation charges will apply.

- A. Aeneas Business Advantage is offered where facilities and equipment are available.
- B. Aeneas Business Advantage is offered to business Customers and consists of Aeneas Business Exchange Line Service calling plan, Aeneas Area Calling, touchtone, and a choice of up to five selected calling features per line. Business Advantage is only available in conjunction with Aeneas Area Calling service plan as described above.

#### 3.4 Collocation

Aeneas maintains fiber facilities terminating in the primary 468 LATA Tandem Bell South/AT&T Central Office and connected to the PSTN by an OC-48 sonnet ring. Located in the heart of the 468 LATA, Aeneas's collocation facility is specially designed for electronic equipment housing. It offers a carrier neutral secure environment, redundant cooling systems, generator back up power supply, an extensive grounding system and state of the art security.

\*Customers who formerly purchased Business Advantage Option 2 will be automatically converted to Aeneas Business Advantage.
