Johnson City, TN 37615

**Re: Docket No. 08-00126 - Petition of HC Sewage Treatment, LLC for Approval of Adjustment of Its Rates and Charges**

Dear Mr. Strickland:

The Tennessee Regulatory Authority ("Authority") is in receipt of copies of letters from HC Sewage Treatment, LLC ("HC Sewage") to its two customers filed in the above referenced docket on September 17, 2008. HC Sewage filed its initial tariff on September 5, 2008 proposing significant rate increases for these two customers: Greeneville Oil and Petroleum, Inc. (McDonalds) and Pizza Plus. These customers have contacted the Authority expressing concerns regarding the amount of the increase.

The Authority will consider convening a contested case and appointing a Hearing Officer in this docket on Monday, September 22, 2008. A hearing date has not been set in this matter and will not be set at that time. As such, the customer notification letters filed with the Authority are premature in informing the customers that there is a hearing date in this docket. By copy of this letter to the customers, the Authority is notifying them that a hearing has not been set in this docket and that they, as well as HC Sewage, will receive notice from the Authority when a hearing date is established.

Should you have any questions, please do not hesitate to contact me at the telephone number below. Thank you for your attention to this matter.

Very truly yours,

J. Richard Collier  
General Counsel  
(615) 741-3191, Ext. 170
