RE: *Petition for Expedited Review of Growth Code Denial by the Number Pooling
Administrator Relating to Jacobs Engineering*
Docket No 08-00148

Dear Chairman Hargett:

AT&T Tennessee filed this Petition with the TRA on August 18, 2008. The Authority Staff has called our attention to two items that need to be corrected.

The Petition incorrectly identified the 615 NPA as the one involved with this customer request. The Tullahoma exchange is actually located in the 931 NPA. Also, Paragraph 14 of the Petition contains a reference to the projected exhaust date of the 615 NPA. This information should be corrected to show a projected exhaust date of Third Quarter, 2022 for the 913 NPA.

The Petition is correct in all other aspects. We appreciate the Staff's action in calling this matter to our attention, and we apologize for any confusion caused by this incorrect information.

Yours truly,

Paul T. Stinson
