Economic Analysis & Policy Division

Dear Mr. Hargett:

The City of Cookeville approved a Cable Television Franchise agreement with Charter Communications in January, 1995. On September 9, 2008, Charter Communications applied for a state issued cable and video franchise certificate with the Tennessee Regulatory Authority which was issued on October 7, 2008. As set forth in T.C.A. §7-59-301, et.seq., the City of Cookeville adopted Resolution #R09-02-02 on February 19th, 2009, that invokes certain provisions of that act as it relates to franchise fees. The Resolution provides for implementation 45 days after a copy of the Resolution is delivered to your agency and Charter Communications.

In accordance with T.C.A. §7-59-303(11)(A)(i), Charter will be required to include franchise fees in the definition of "gross revenue", among other items, as part of the franchise fee payment to the City. Although the local franchise agreement provides a franchise fee of 3%, this Resolution resolves to require Charter Communications to pay the new State franchise fee of 5% as set forth in the provisions of T.C.A. §7-59-306. Additionally, the new State franchise fee is to be paid quarterly, rather than annually. The franchise fee must be paid 45 days from the close of the quarter and must be accompanied by a statement showing the revenues attributable to Cookeville subscribers.

Also, as required, enclosed is a certified copy of this Resolution that is being provided to the Tennessee Regulatory Authority as its notice, pursuant to T.C.A. §7-59-303(11)(A)(i) and Charter Communications. Should you have any questions or require additional information, please don't hesitate to contact me.
