To Whom It May Concern:

McNairy County has a franchise agreement with Comcast and language in that Agreement indicates that McNairy County has access to PEG channels. However, I have been unsuccessful in speaking with anyone with Comcast who can give me the number of those available.

McNairy County is under the statewide franchise agreement with Charter Communication. We contacted Nick Pavlis with Charter Communications. He stated that this had nothing to do with Charter and we should contact Ms. Lisa Cooper directly.

There seems to be confusion as to this request. With the little information that I have been able to gather, I do not seem to have the ability to respond to Ms. Cooper's request for information.

To Whom It May Concern:

In response to Ms. Lisa Cooper's inquiry dated July 10, 2009, McNairy County Tennessee has no activated or authorized PEG channels. There are also no terms of PEG support payments to be provided by the incumbent service provider.

If I can provide further assistance, please contact my office.

Sincerely,

**Jai Templeton**
