VIA ELECTRONIC FILING
AND OVERNIGHT DELIVERY

Ms. Darlene Standley
Utility Division Chief
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243-0505
(615) 741-3939

filed electronically in docket office on 10/05/09

Re: Everycall Communications, Inc.
Docket No.09-00003

Dear Ms. Standley:

Enclosed please find for filing an original and four (4) copies of the responses to Data Request No. 1 for Everycall Communications, Inc. This filing has been electronically submitted on October 5, 2009.

I have also enclosed an extra copy of this letter to be date stamped and returned to me in the enclosed, self-addressed, postage prepaid envelope.

If you have any questions or if I may provide you with additional information, please do not hesitate to contact me.

Respectfully submitted,

Lance J.M. Steinhart

Attorney for Everycall Communications, Inc.

Enclosures

cc: Mr. Kyle Coats

Question No. 1. Identify, by rate center, where in Tennessee Everycall is currently providing local residential and business telecommunications services. Identify by each rate center listed, the number and type (residential or business) of lines currently being served and whether services are being provided by resale or by leased UNEs.

Answer: See attached rate center list.

Question No. 2. Provide copies of, or instructions on where to locate, Everycall's current advertising of its services including Lifeline services to Tennessee consumers. Further describe where the advertisements are being distributed and by what means.

Answer: All American currently advertises in the American Classifieds, a free weekly classified publication. We also do direct mail advertising through the Valassis weekly mailings. We also direct mail a postcard into target homes. See attached copies of advertising.

Question No. 3. Does Everycall offer services to customers other than Lifeline customers? If so, provide the connection charge and the basic service monthly recurring charges for these customers.

Answer: Yes. The basic monthly charge is: \$42.45. The installation charge is \$13.00

Question No. 4 Explain Everycall's method of access and/or local service switching. If switching is obtained from another carrier by lease, what are Everycall's transition plans for facilities-based switching, if any?

Answer: This is not applicable to Everycall Communications. Everycall has approved contracts with AT&T to purchase both resale and facility type service. Customer service orders will be processed with AT&T based on the type of products ordered by our customers. Once ETC designated, we will utilize product ordering under both types of service contracts.

Question No. 5. Outline Everycall's plans for ensuring its customers and assumed customers continue receiving telecommunications services should AT&T – Tennessee relinquish a particular service area, and as a result Everycall's assumption of the Carrier of Last Resort obligations referred to in paragraph 13 of the Application.

Answer: Everycall Communications follows the AT&T service areas. "Carrier of last resort obligations" when stated is related to providing local phone service to those customers who can no longer get approval for service from AT&T based upon credit or past payment history. Everycall Communications provides service to these types of customers to insure they have the ability to have telephone services.

Question No. 6. Describe Everycall's plans for demonstrating to the Authority that for those Lifeline customers served via resale of another carrier's services, Everycall is not receiving the federal universal service Lifeline credit from the serving company and filing for credit with the Universal Service Administration Company.

Answer: Everycall Communications has contracted with a third party vendor for filing our 497s. Through this vendor we have created procedures that insure Everycall is not receiving the federal universal service Lifeline credit from the serving company and filing for credit with the Universal Service Administration Company.

Question No. 7. Everycall does not have a current Wireline Activity Report on file with the Authority. In accordance with the requirements established in Authority Docket No. 97-00309, Everycall is required to file a Wireline Activity Report monthly. Submit a copy of the most recent report with Everycall/s response. To obtain information concerning this report contact Mr. John Hutton at john.hutton@state.tn.us.

Answer: See attached Wireline Activity in Tennessee spreadsheet.

Provide an estimate of the investment to date by your company in telecommunications equipment and facilities that will be used to provide local telephone service in Tennessee. This estimate should include only facilities owned by your company and/or facilities leased for a term of five years or more. For purposes of this question, UNEs should not be considered as an investment in facilities.

\$0.00

¹ This report is to be filed with the Tennessee Regulatory Authority on the last day of each month and is to report data in service as of the last day of the proceeding month. For example, on June 30, companies will submit access line data as of May 31st.

² Exclude lines provided to the residences of employees.

³ Include Centrex stations purchased for resale (include in total and footnote separately).

⁴ Include lines in which at least one Unbundled Network Element (UNE) is used to provide service.

⁵ Include access lines provided over carrier's own loop facilities (copper, fiber, etc.) (no UNEs).

Authorized Signature:

Jon Seger

Date:

10/2/2009
