BEFORE THE TENNESSEE REGULATORY AUTHORITY

In Re: Petition of Tennessee Telephone )  
Service, LLC d/b/a Freedom Communications )  
USA, LLC )  
For Designation as an Eligible )  
Telecommunications Carrier. )

Docket No. 09-00009

PETITION FOR DESIGNATION AS AN ELIGIBLE  
TELECOMMUNICATIONS CARRIER IN THE STATE OF TENNESSEE

Tennessee Telephone Service, LLC d/b/a Freedom Communications USA, LLC (“Freedom” or the “Company”), pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (the “Act”)<sup>1</sup> and Sections 54.101 through 54.207 of the Rules of the Federal Communications Commission (“FCC”),<sup>2</sup> hereby petitions the Tennessee Regulatory Authority (“Authority”) for designation as an Eligible Telecommunications Carrier (“ETC”) in certain BellSouth exchanges as described herein (“Designated Area”) for the purpose of receiving Federal Universal Service Support. As demonstrated below, the Company satisfies all of the statutory and regulatory requirements for designation as an ETC in the Designated Area. Furthermore, designation of Freedom in the Designated Area will serve the public interest. Accordingly, Freedom respectfully requests that the Authority grant this Petition. The Company is also requesting approval of its initial Lifeline and Linkup Tariff which was submitted on December 29, 2008.

**I. Background**

1. Freedom is a Tennessee corporation and is authorized to conduct business as a corporation in the state of Tennessee.<sup>3</sup> Copies of the Company’s authority to transact business in the state of Tennessee are on file with the Authority and

---

<sup>1</sup> 47 USC § 214(e)(2)

<sup>2</sup> 47 CFR §§ 54.191-54.207

<sup>3</sup> Tennessee Telephone Service, LLC d/b/a Freedom Communications, LLC was incorporated in the state of Tennessee on 2/8/2000.

incorporated herein by reference.<sup>4</sup> The Company has been certified by the Authority as a Competitive Local Exchange Company (“CLEC”) in the state of Tennessee (Docket No. 04-00075). The principal office of the Company is located at 220 Creekside Drive, Dickson, Tennessee 37055. The Company provides local exchange and exchange access and interexchange telecommunications services in BellSouth exchanges using a combination of unbundled network elements (“UNEs”) provided by BellSouth that allows end-to-end switching delivery of calls.

2. As set forth in Section 214(e)(2) of the Act, the Authority “shall upon its own motion or upon request designate a common carrier that meets the requirements of [Section 214(e)(1)] as an eligible telecommunications carrier for a service area designated by the State Commission.”<sup>5</sup> Upon designation as an ETC, the carrier shall be eligible to receive universal support in accordance with Section 254 of the Act.<sup>6</sup>
3. The requirements for designation as an ETC set forth in Section 214(e)(1) are that the carrier must:
  - (A) offer the services that are supported by Federal Universal support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier’s services (including the services offered by another eligible telecommunications carrier); and
  - (B) advertise the availability of such services and the charges therefore using the media of general distribution.<sup>7</sup>

<sup>5</sup> 47 USC § 214(e)(2), see 47 CFR § 54.201(b) (FCC Rules citing the Act’s requirements)

<sup>6</sup> 47 USC § 214(e)(1)

<sup>7</sup> *Id*

## **II Freedom Satisfies the Requirements for Designation as an ETC to Serve the Designated Area**

4. Freedom is a common carrier as that term is defined in the Act.<sup>8</sup> The Company provides competitive local telecommunications services in the state of Tennessee in accordance with docket No. 04-00075 and TN Tariff No. 1, which was first issued 6-17-2006 with an effective date of 5-13-2004.<sup>9</sup>
5. Freedom offers all of the supported services enumerated under Section 254(C) using facilities obtained as UNEs from BellSouth. According to FCC Rules, facilities obtained as UNEs satisfy the requirement that an ETC provide the supported services using either its own facilities or a combination of its own facilities and resale of another carrier's services.<sup>10</sup> Accordingly, the Company satisfies the requirement set forth in Section 214(e)(1)(A).
6. The services that are supported by Federal Universal Support Mechanisms under section 254(c) are enumerated in the rules of the Federal Communications Commission ("FCC") at 47 C.F.R. §54.101(a)(1)-(9). These services are:
  - a) Voice grade access to the public switched network. "Voice grade access" is defined as a functionality that enables a user of telecommunications services to transmit voice communications,

---

<sup>8</sup> See 47 USC §153(10) ("the term 'common carrier' or 'carrier' means any person engaged as a common carrier for hire, in interstate or foreign communication by wire or radio or in interstate or foreign radio transmission of energy")

<sup>9</sup> The Company also has been certified by the Authority to resell intrastate, interLATA direct dialed telecommunications services throughout the state of Tennessee. Tariffs are on file with the Authority.

<sup>10</sup> Section 54.201(f) of the FCC's Rules states "[f]or the purposes of this section, the term 'own facilities' includes, but is not limited to, facilities obtained as unbundled network elements pursuant to Part 51 of this chapter, provided that such facilities meet the definition of the term 'facilities' under this subpart" 47 CFR § 54.201(f). The term "facilities" under Section 54.201 is defined as "any physical components of the telecommunications network that are used in the transmission or routing of the services that are designated for support pursuant to subpart B of this part" 47 CFR §54.201(e). Freedom's use of BellSouth's UNEs meets this definition of "facilities."

including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indicating there is an incoming call. For the purposes of this part, bandwidth for voice grade access should be, at a minimum, 300 to 3,000 Hertz;

- b) Local usage. “Local usage” means an amount of minutes of use of exchange service, prescribed by the FCC, provided free of charge to end users;
- c) Dual tone multi-frequency signaling or its functional equivalent. “Dual tone multi-frequency” (DTMF) is a method of signaling that facilitates the transportation of signaling through the network, shortening call set-up time;
- d) Single-party service or its functional equivalent. “Single-party service” is telecommunications service that permits users to have exclusive use of a wireline subscriber loop or access line for each call placed, or, in the case of wireless telecommunications carriers, which use spectrum shared among users to provide service, a dedicated message path for the length of a user’s particular transmission;
- e) Access to emergency services. “Access to emergency services” includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations. 911 is defined as a service that permits a telecommunications user, by dialing the three-digit code “911” to call emergency services through a

Public Service Access Point (PSAP) operated by the local government. “enhanced 911” is defined as 911 service that includes the ability to provide automatic numbering information (ANI), which enables the PSAP to call back if the call is disconnected, and automatic location information (ALI), which permits emergency service providers to identify the geographic location of the calling party. “Access to emergency services” includes access to 911 and enhanced 911 services to the extent the local government in an eligible carrier’s service area has implemented 911 or enhanced 911 systems;

- f) Access to operator services. “Access to operator services” is defined as access to any automatic or live assistance to a consumer to arrange for billing or completion, or both, of a telephone call;
- g) Access to interexchange service. “Access to interexchange service” is defined as the use of the loop, as well as that portion of the switch that is paid for by the end user, or the functional equivalent of these network elements in the case of a wireless carrier, necessary to access an interexchange carrier’s network;
- h) Access to directory assistance. “Access to directory assistance” is defined as access to a service that includes, but is not limited to, making available to customers, upon request, information contained in directory listings; and
- i) Toll limitation for qualifying low-income consumers. Toll limitation for qualifying low-income consumers.

7. Upon designation as an ETC, Freedom will participate in, and offer Lifeline and LinkUp programs to qualifying low income consumers and publicize the availability of Lifeline and LinkUp services in a manner reasonably designed to reach those likely to qualify for those services, as required by FCC Rules.<sup>11</sup> Attached hereto as Exhibit A are copies of Freedom's Lifeline and Linkup tariff which are approved and on file with the Authority.
8. Freedom will advertise the availability of the above-referenced services and the charges for those services in the Designated Area using media of general distribution, as required by FCC Rules.<sup>12</sup>
9. Attached as Exhibit B and incorporated herein by reference are Freedom's updated financial statements demonstrating that the Company has the financial qualifications to provide the services specified herein. Freedom has previously provided the Authority with evidence of its financial capabilities to provide the supported services in the context of its application to become certified as a CLEC in Docket No. 04-00075. The financial statements of Freedom contain proprietary and confidential information not generally available to the public and thus have been marked confidential and are being submitted under seal to be maintained by the Authority and Authority Staff on a confidential basis pursuant to the Authority's current rules.
10. Attached as Exhibit C and incorporated herein by reference is a current list of officers. Freedom has previously provided the Authority with evidence of its

---

<sup>11</sup> See 47 CFR §§54.401-54.417, 54.405(b) & 54.411(d)  
<sup>12</sup> See 547 CFR §§54.201(d)(2)

managerial and technical capabilities to provide the supported services in the context of its application to become certified as a CLEC in Docket No. 04-00075.

11. Attached as Exhibit D to this Petition and incorporated herein by reference is the testimony of Matt Davis, CEO of Freedom certifying that the Company satisfies all of the requirements for designation as an ETC to serve the Designated Area.

### **III Area for Which ETC Designation is Requested**

12. Freedom has served and will continue to serve the exchanges where it leases UNEs or resells the services of the non-rural telephone company, BellSouth, in the state of Tennessee. Freedom does not seek designation as an ETC in any areas served by rural telephone companies. Pursuant to the Order in Docket No. 04-00075, the Company does not provide local exchange service in any area served by any Independent telephone company as defined in the Order of July 23, 2004. The exchanges in the BellSouth service areas that Freedom serves and for which it seeks ETC designation are attached as Exhibit E.
13. Congress requires that the Authority grant competitive ETC petitions in non-rural areas.<sup>13</sup> No specific public interest test is mentioned, as is the case for areas served by rural telephone companies.<sup>14</sup> Thus, the Act provides that the Authority “shall” designate Freedom as an ETC upon finding that the Company meets the nine-point list of services and that it agrees to advertise the supported services throughout the designated service area. Notwithstanding, the designation of Freedom as an ETC will serve the public interest.

---

<sup>13</sup> See 47 USC 214(e)(2)

<sup>14</sup> See *Id.*

#### **IV Granting Freedom's Petition will Serve the Public Interest**

14. A central purpose of the Telecommunications Act of 1996 was to "promote competition and reduce regulation... [thereby securing] lower prices and higher quality services...and encourage the rapid deployment of new telecommunications technologies."<sup>15</sup> Designation of Freedom as an ETC would further these goals. Granting ETC status to Freedom would allow the Company to obtain Federal Universal Service Support, which it will use to offer innovative telecommunications services at competitive prices to rural consumers in BellSouth.

15. Freedom will announce and advertise telecommunications services as an ETC where it provides service in BellSouth service areas in Tennessee and will publicize the availability of Lifeline and LinkUp services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly, more low-income Tennessee residents will be made aware of the opportunities afforded to them under the Lifeline and LinkUp programs and will be able to take advantage of those opportunities by subscribing to Freedom's service.

For the foregoing reasons, Tennessee Telephone Service, LLC d/b/a Freedom Communications USA, LLC respectfully requests that the Authority grant it Petition and designate the Company as an ETC for the BellSouth exchanges specified herein.

---

**SECTION 6 – LIFELINE**

**6.1 Lifeline Telephone Service**

**6.1.1 Description of Service**

A. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service to qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in FCC 97-157, which adopts the Federal-State Joint Board's recommendation in CC docket 96-45, which complies with the Telecommunications Act of 1996. Specific terms and conditions are as prescribed by the Tennessee regulatory Authority and are as set forth in this tariff.

B. Lifeline is supported by the federal universal service support mechanism.

C. Federal baseline support of \$8.25 is available for each Lifeline service and is passed through to the subscriber. An additional \$3.50 credit is provided by the Company. Supplemental federal support of \$1.75, matching one half of the Company contribution, will also be passed along to the Lifeline subscriber. The total Lifeline credit available to an eligible customer in Tennessee is \$13.50. The amount of credit will not exceed the charge for local service, which includes the access line, Touch-Tone, the Subscriber Line Charge and local usage.

**6.1.2 Regulations**

**A. General**

1. Customers eligible under the Lifeline program are also eligible for connection assistance under the link-Up program.

2. One low income credit is available per household and is applicable to the primary residential connection only. The named subscriber must be a current recipient of any of the low income assistance programs identified in B. following.

3. A Lifeline customer may subscribe to any local service offering available to other residential customers. Since the Lifeline credit is applicable to the primary residential connection only, it may not be applied to a multiple line package local service offering.

---

Effective: January 12, 2009

Issued by: Matt Davis, CEO  
Tennessee Telephone Service, LLC  
d/b/a Freedom Communications USA, LLC  
220 Creekside Drive  
Dickson, TN 37055

---

**Local Exchange Services**

---

**SECTION 6 LIFELINE CONTINUED**

4. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.

5. The deposit requirement is not applicable to a Lifeline customer who subscribes to toll blocking. If a Lifeline customer removes toll blocking prior to establishing an acceptable credit history, a deposit may be required. When applicable, advance payments will not exceed the connection and local service charges for one month.

6. The Federal Universal Service Charge will not be billed to Lifeline customers.

7. A Lifeline subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local service. Access to toll service may be denied for non-payment of regulated tolls. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.

**B. Eligibility**

1. To be eligible for a Lifeline credit, a customer must be a current recipient of any one of the following low income assistance programs.

- a. Temporary Assistance for Needy Families (TANF), previously known as AFDC
- b. Supplemental Security Income (SSI)
- c. Food Stamps
- d. TennCare Medicaid
- e. National School Lunch's free lunch program (NSL)
- f. Federal Public Housing Assistance/Section 8
- g. Low Income Home Energy Assistance Program (LIHEAP)

2. Additionally, a customer with total gross annual income that does not exceed one hundred and thirty-five percent (135%) of the federal poverty income guidelines may apply directly to the Tennessee Regulatory Authority (TRA) for Lifeline eligibility certification.

3. All applications for service are subject to verification with the TRA or state agency responsible for administration of the qualifying program.

---

**Local Exchange Services**

---

**SECTION 6 – LIFELINE CONTINUED**

**6.1 Lifeline (con't)**

**C. Certification**

1. Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for service; or eligible Lifeline subscribers may enroll in the Lifeline program by signing a document certifying under penalty of perjury that the customer participates in one of the Tennessee Lifeline eligible programs and identifying the qualifying program. The Lifeline credit will not be established until the Company has received such signed document. If the customer requests installation prior to the Company's receipt of such signed document, the requested service will be provided without the Link-Up credit.

2. The Company reserves the right to periodically audit its records, working in conjunction with the appropriate state agencies, for the purpose of determining continuing eligibility. Information obtained during such audit will be treated as confidential information to the extent required under State and Federal laws. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the Lifeline plan.

3. When a customer is determined to be ineligible as a result of an audit, the Company will contact the customer. If the customer cannot provide eligibility documentation, the Lifeline credit will be discontinued after a sixty (60) day notice to the customer.

4. The Company will retain the required documentation for three (3) years and be able to produce the documentation to the Commission or its Administrator to demonstrate that they are providing discounted services only to qualified low-income customers as outlined in B.1 and B.2 preceding.

**SECTION 6 – LIFELINE CONTINUED**

**Rates and Charges**

**A. General**

1. Lifeline is provided as a monthly credit on the eligible residential subscriber's access line bill for local service.
2. Service charges are applicable for installing or changing Lifeline service.
3. LinkUp connection assistance in Section 7 may be available for installing or relocating Lifeline service.

**B. The total Lifeline credit consists of one federal credit plus one state credit.**

1. Federal credit	<u>Monthly Credit</u>
a. Temporary Assistance to Needy Families (TANF)	\$10.00
b. Supplemental Security Income (SSI)	\$10.00
c. Food Stamps	\$10.00
d. TennCare Medicaid	\$10.00
e. TRA Certified	\$10.00
f. National School Lunch's free lunch program (NSL)	\$10.00
g. Federal Public Housing Assistance/Section 8	\$10.00
h. Low Income Home Energy Assistance Program (LIHEAP)	\$10.00
2. State Credit	
a. One per Lifeline	\$ 3.50

---

**SECTION 7 –LINKUP**

**7. Link-Up**

**7.1 General**

A Link-Up is a program designed to increase the availability of telecommunications services to low income subscribers by providing a credit to the non-recurring installation and service charges to qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in FCC 97-157, which adopts the Federal-State Joint Board's recommendation in CC docket 96-45, which complies with the Telecommunications Act of 1996. Specific terms and conditions are as prescribed by the Tennessee Regulatory Authority, as set forth in this tariff.

B. Link-Up is supported by the federal universal service support mechanism.

C .A federal credit amount of fifty percent (50%) of the non-recurring charges for connection of service, up to a maximum of thirty dollars (\$30.00), is available to be passed through to the subscriber.

**7.2 Regulations**

**A. General**

1. Customers eligible under Link-Up are also eligible for monthly recurring assistance under the Lifeline program.

2. Link-Up connection assistance is available per household and is applicable to the primary residential connection only.

3. The Link-Up credit is available each time the customer installs or relocates the primary residential service. To receive the credit, proof of eligibility must be provided prior to installation of service.

4. The total tarified charges for connecting service, including service and other installation charges are considered in the credit calculation.

**SECTION 7 LINK-UP CONTINUED**

**B. Eligibility**

1. To be eligible for a Link-Up credit, the named subscriber must be a current recipient of any of the following low income assistance programs:

- a. Temporary Assistance to Needy Families (TANF), previously known as AFDC.
- b. Supplemental Security Income (SSI)
- c. Food Stamps
- d. TennCare Medicaid
- e. National School Lunch's free lunch program (NSL)
- f. Federal Public Housing Assistance/Section 8
- g. Low Income Home Energy Assistance Program (LIHEAP)

2. Additionally, a customer with total gross income that does not exceed one hundred and thirty-five percent (135%) of the federal poverty income guidelines may apply directly to the Tennessee Regulatory Authority (TRA) for Lifeline eligibility certification.

3. All applications for service are subject to verification with the TRA or state agency responsible for administration of the qualifying program.

**C. Certification**

1. Proof of eligibility in any of the qualifying low income assistance programs should be provided to the Company at the time of application for service. Link-Up eligible subscribers may receive the Link-up credit by signing a document certifying under penalty of perjury, that the customer participates in one of the Link-Up eligible programs and identifying the qualifying program. The Link-Up credit will not be established until the Company has received such signed document. If the customer requests installation prior to the Company's receipt of such signed document, the requested service will be provided without the Link-Up credit.

2. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the Link-Up plan.

## **Management**

**Bart Howard- Owner/President.** Mr. Howard has over 30 years experience starting, owning, and operating businesses primarily in the credit and collection business. Notably, Bart started National Check Network, Inc. in 1994 with nine other investors, which is currently the 5<sup>th</sup> largest check verification company in the nation and subsequently sold his shares in the company in 2001 to Electronic Clearing House (ECHO-NASDAQ). Mr. Howard founded Tennessee Telephone Service in 1998.

**Matt Davis- CEO.** Mr. Davis has over ten years experience in the financial services industry during which time he served as an officer with PFIC Securities Corporation. PFIC was purchased during Mr. Davis's tenure and is now Union Planters Financial Services. In May of 2000, Mr. Davis started EruComp, Inc. which hosts a web-based subscription service that gives 3<sup>rd</sup> thru 8<sup>th</sup> grade students practice for the year-end tests federally mandated by the No Child Left Behind Act. Mr. Davis received his B.A. in Finance from the University of Notre Dame.

**Janice Cauthern- COO.** Ms. Cauthern is a telecommunications veteran, having spent over twenty-five years in the industry. Twenty-two of those years were spent with BellSouth where Ms. Cauthern's responsibilities included customer service, directory assistance, and training. Ms. Cauthern received numerous customer service awards during her time with BellSouth and extensive certification in different operational areas.
