RE: Docket No. 09-00009, *Tennessee Telephone Service, LLC d/b/a Freedom Communications USA, LLC Petition for Designation as an Eligible Telecommunications Carrier in Tennessee*

Dear Ms. Cole:

To complete the review of the above docket filed on behalf of Tennessee Telephone Service, LLC d/b/a Freedom Communications USA, LLC ("Freedom") additional information and/or clarification is needed.

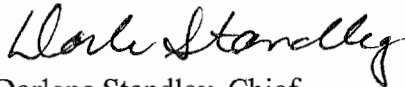

1. In addition to the ILEC switch identification provided in Exhibit E of Freedom's *Petition*, identify, by rate center, where in Tennessee Freedom is or is planning to provide residential and business local wireline telephone services. Additionally, identify by each rate center the number of lines being served in the requested service area and whether services are provided by resale or by leased UNEs.
2. Other than Freedom's web site, identify and provide copies of Freedom's Advertisements including advertisements for Lifeline services, such as newsprint, fliers, posters etc., and provide details on how and where the advertisements are distributed.
3. Provide a specific description of how the company will use federal universal service support it would receive as a designated ETC. Include specific information regarding what benefits and/or services Tennessee consumers may realize by subscribing to Freedom's services.
4. Describe Freedom's plans for demonstrating to the Authority that for those Lifeline customers served via resale of another carrier's services, Freedom is not receiving the federal universal service Lifeline credit from the serving company and filing for

credit with the Universal Service Administration Company.

5. During the ongoing review it is noted that Freedom does not have any Wireline Activity Reports on file with the Authority. In accordance with the requirements established in Authority Docket No. 97-00309, Freedom is required to file a Wireline activity Report monthly. Submit a copy of Freedom's most recent report with Freedom's response. To obtain information concerning this report contact Mr. John Hutton at john.hutton@state.tn.us.

This information should be provided no later than 2:00 p.m. on June 19, 2009, with reference to Docket No. 09-00009 on the response. In accordance with Authority rules submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version. Should you have any questions regarding this request, please contact Lewis De Board at (615) 741-2904, ext. 219.

Sincerely,

Darlene Standley, Chief
Utilities Division
