Re: Request of Georgia Public Web, Inc. for Cancellation of its CPCN

Dear Chairman Hilliard:

Georgia Public Web, Inc. ("**GPW**") respectfully requests that the Tennessee Public Utility Commission ("**Commission**") cancel its Certificate of Public Convenience and Necessity ("**CPCN**") to provide competitive local exchange carrier ("**CLEC**") service and intrastate interexchange carrier ("**IXC**") service in Tennessee. GPW requests that this cancellation be effective upon the filing of this letter.

The Commission originally granted GPW's CPCN in Docket No. 09-00079 on September 2, 2009. GPW currently has no customers using its CLEC or IXC services. There are, therefore, no customers to be notified of this request and cancellation of this CPCN will have no adverse consequences for Tennessee's consumers.

If the Commission determines that additional actions are required to cancel this CPCN, GPW respectfully requests that the Commission contact the undersigned and advise regarding any additional required actions.

If you have any questions or would like to discuss this matter, please feel free to contact me at the contact information on this letterhead. Thank you for your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Charles A. Hudak'.

Charles A. Hudak
