TRAIL ROOM

Darlene,
 I am the Director of the Water/Sewer Division of the Indiana Utility Regulatory Commission. I would like to express our interest in participating in a multi-state management audit of American Water Company and its subsidiaries as proposed by the Tennessee Regulatory Authority. Based on our phone conversation, I understand this project is in the preliminary stages and more detailed information is not yet available such as the cost, scope of the audit and number of participants. Once the additional information is available, a decision will be made to make a firm commitment to participate. Thank you for organizing this effort and including our agency.

Sincerely,
 Curt Gassert
