T.R.A. DOCKET ROOM

Darlene,

I am contacting you in reference to Chairman Roberson's June 19th letter to Chairman Christie of the Virginia State Corporation Commission regarding a management audit of American Water. We appreciate your offer to have a multi-state review; however, due to our current workload the Virginia staff is unable to assist at this time. We wish you success in your review of American Water Company's affiliate cost allocations.

Susan D Larsen, Deputy Director
Division of Public Utility Accounting
Virginia State Corporation Commission
