Re: Request to Cancel the Certificate of CBTS Technology Solutions LLC

Dear Chairman Jones:

This letter surrenders CBTS Technology Solutions LLC's ("CBTS-TS") certificate of public convenience and necessity ("CCN") to provide competitive telecommunications services granted in Docket No. 09-00113 under Company ID No. 128879.¹ If CBTS-TS has a current bond or letter of credit on file with the Commission, this letter also requests that the Commission authorize the cancellation of the bond or letter of credit and return it.

CBTS-TS no longer provides regulated intrastate telecommunications services in the state of Tennessee. The public will not be harmed by the surrender (and cancellation by the Commission) of the CCN held by CBTS-TS because the company no longer has customers receiving regulated intrastate telecommunications services. Further, the surrender is reasonable and necessary and not disruptive to the present or future public interest, convenience and necessity.

Any questions or inquiries regarding any outstanding regulatory obligations of CBTS-TS should be directed to:

¹ The CCN was originally granted to Cincinnati Bell Any Distance Inc. ("CBAD") on September 30, 2009. CBTS-TS notified the Tennessee Public Utility Commission of the name change on November 2, 2017 in Docket No. 17-00121. CBTS-TS elected to operate pursuant to market regulation in Docket No. 20-00037.
