RE: Request for PEG Channel for Campbell County

Mr. Reed,

By the authority of Section 10(e) of the CCVSA I am requesting that Campbell County be granted permission to operate one PEG channel. As required, I have notified Comcast that it is Campbell County's intention to utilize this channel to the extent allowed under Section 10(c) of the CCVSA.

We were notified in April by the Tennessee Regulatory Authority that we had to respond to them with the number of PEG channels we had. Mayor Baird responded to them within the timeframe they prescribed stating that we had none. Therefore, we are at this time making an attempt to obtain one.

By way of this letter I am requesting that you assist us in accomplishing this goal. We believe this channel will greatly benefit our citizens by keeping them informed about the actions and working of their local government agencies. I appreciate your help and look forward to working with you on this project. Please advise me of any further steps or actions I need to take in regard to this request.

Sincerely,

David G. Young
