Subject: Franchise Renewal—Certificate of Franchise Authority, Docket No. 09-00137

Dear Chairman Jones:

Comcast Cable Communications Management, LLC, through its affiliates, appreciates the opportunity to provide cable television service in the service areas throughout the State of Tennessee as noted in the Certificate of Franchise Authority at Docket No. 09-00137, issued October 2, 2009, and amended from time to time to provide service to additional communities ("Certificate"). It is our credo that *we will deliver a superior experience to our customers every day. Our products will be the best and we will offer the most customer-friendly and reliable services in the market.* In living our credo, we look forward to providing services to our customers in Tennessee for many years to come.

The Certificate will expire on October 2, 2019. Comcast intends to seek renewal of its Certificate as provided under state law. As a precaution, in the event state law were to change prior to renewal, this letter is our official notice to you that Comcast also reserves its renewal rights under Section 626 of the Cable Communications Policy Act of 1984 (47 U.S.C. § 546(a)), which requires that we provide this notice of such reservation of rights 30 to 36 months prior to the expiration of a cable franchise.

I will be happy to discuss this matter with you or provide any additional information that you may require. Should you have any questions or if I can be of any further assistance, please contact me by phone at 770.559.2653 or by email at amy_averill@comcast.com.

Sincerely,

Amy K. Averill
