Re: **RESPONSE** to TPUC Notice of Application for or Amendment to Certificate of Franchise Authority and Official Request for Information

Dear Sir/Madam,

Thank you for the notification of Comcast Cable Communications Management, LLC's application to expand its state-issued franchise service to the City of Knoxville. As requested in order to claim benefits to support Public, Educational and Governmental (PEG) channels and access support, please find below our responses to the information requested:

- (1) The number of PEG channels that have been activated by the incumbent: **Two (2)**
- (2) The number of PEG channels that are authorized to be activated under the incumbent franchise: **Two (2)**
- (3) The amount of any fee or other payment for PEG access support required under the incumbent franchise: **Comcast, the incumbent service provider, provided \$1,320,490 in franchise fees in FY2024, but none of that amount was specifically designated as PEG support fees.**

The City of Knoxville's franchise agreement with Comcast officially has officially expired; however Comcast is the franchised cable service provider with the most subscribers in Knoxville as of January 1, 2008.

Sincerely,

Ronald E. Mills
Deputy Law Director
