Re: Docket No. 09-00180; United Telephone Southeast LLC d/b/a CenturyLink's  
Petition for Expedited Review of Central Office Code Denial

Dear Chairman Kyle:

United Telephone Southeast LLC d/b/a CenturyLink ("CenturyLink") provides the enclosed supplemental information concerning the above-referenced Petition. Specifically, enclosed is a letter request from the customer seeking the numbering resources that are the subject of the Petition. Because the original customer request for these numbering resources was not made in writing, CenturyLink requested a written request from the customer after this Petition was filed. CenturyLink will file the usage information for the Johnson City rate center shortly.

An original and five (5) copies of this letter are enclosed for filing. An extra copy of this letter is enclosed. Please date stamp it and return to me in the enclosed self-addressed stamped envelope. Finally, please do not hesitate to contact me at (919) 554-7621 if you have any questions concerning this submission.

Very truly yours,

Jeanne W. Stockman

Attn: Kathy Feagins, Account Executive II

Ms. Feagins;

MSHA is opening a new hospital, Franklin Woods Community Hospital (FWCH), facility at 300 Med Tech Parkway, Johnson City, TN. 37604. The facility is scheduled to open July, 2010. Services from Johnson City Specialty Hospital (JCSH) and North Side Hospital (NSH) will be relocated late June to this new facility. In order to accommodate our network dialing plan for the hospital and entire park, we are requesting a new NXX within the 423 area code with DID numbers ranging from 1000-6999.

We would like to request the new numbers be available by February 2010.

Respectfully;

A handwritten signature in dark ink, appearing to read "Richard C. Rairigh", is written over a light gray, stylized graphic that resembles a mountain range or a series of overlapping peaks.
