**Re: Petition of Knology, Inc. and Knology of Knoxville, Inc. to Establish
Terms and Conditions of Public, Educational, and Governmental
Channel Access with Comcast Cable, TRA Docket No. 10-00059**

Dear General Collier:

In accordance with our last communication concerning the referenced docket, I offer this letter as a status report of the parties' progress in reaching a settlement. After conferring with my client and opposing counsel, Mr. Mark Smith, on multiple occasions, it appears the parties have reached an agreement in principle and Comcast is in the process of gathering technical information necessary to complete and deliver a written agreement to Knology for review and execution. It is my understanding the document will be available within the next 3 days and, it is entirely possible this matter will be finally resolved before week's end. In the event an agreement is not in place within a reasonable time range of our current expectations, we will submit an updated report for your consideration no later than 2:00 p.m. on Monday, November 15, 2010.

According to previous advice, Mr. Smith is traveling today and has been unavailable to review or participate in the preparation of this report. By electronic copy, I invite him to comment.
