|                                                     | BellSouth currently is developing the billing capability to mechanically bill the recurring and non-recurring Market Rates in this section except for nonrecurring charges for not currently combined in FL and NC. In the interim where BellSouth cannot bill Market Rates, BellSouth shall bill the rates in the Cost-Based section preceding in lieu of the Market Rates and reserves the right to true-up the billing difference. |         |      |       |       |            |              |       |                         |                                  |                                      |                                                          |                                                            |                                                               |                                                                 |

| NOTE: (1) Electronic Service Order: CLEC should contact its contract negotiator if it prefers the state specific electronic service ordering charges as ordered by the State Commissions. The electronic service ordering charge currently contained in this rate exhibit is the BellSouth regional electronic service ordering charge. CLEC may elect either the state specific Commission ordered rates for the electronic service ordering charges, or CLEC may elect the regional electronic service ordering charge.                                                                                                            |                                                                                                                 |             |      |                                                                                                                                                                                                                                                                                                                                                                                                                                 |        |            |              |       |                         |                                           |                                               |                                                                          |                                                                            |                                                                               |                                                                                 |
| NOTE: (2) Any element that can be ordered electronically will be billed according to the SOME C rate listed in this category. Please refer to BellSouth's Business Rules for Local Ordering (BBR-LO) to determine if a product can be ordered electronically. For those elements that cannot be ordered electronically at present per the BBR-LO, the listed SOME C rate in this category reflects the charge that would be billed to a CLEC once electronic ordering capabilities come on-line for that element. Otherwise, the manual ordering charge, SOMAN, will be applied to a CLECs bill when it submits an LSR to BellSouth. |                                                                                                                 |             |      |                                                                                                                                                                                                                                                                                                                                                                                                                                 |        |            |              |       |                         |                                           |                                               |                                                                          |                                                                            |                                                                               |                                                                                 |
