RE: Docket No. 10-00083, Nexus Communication, Inc.

Dear Chairman Kyle:

I write to express my support of allowing Reachout Wireless, Nexus Communications, Inc. to provide wireless telecommunications service to Tennessee residents who qualify for the Lifeline and Link-up programs.

For many of my constituents, this is the only form of communication they have to contact their doctors, family members, and job prospects. I am attaching a list of constituents that have contacted me regarding this issue. Please let me know the results of the hearing on May 24, 2010 so I can communicate the decision to my constituents.

Please feel free to contact me should you need further information.

Sincerely,

Joe Pitts
State Representative
67th House District
