Re: Reachout Wireless, Nexus Communication, Inc.  
TRA Docket No. 10-00083

Dear Mr. Walker:

In light of the Tennessee Regulatory Authority's recent denial of Nexus's *Petition for Declaratory Ruling and Nunc Pro Tunc Designation of Nexus Communications as an Eligible Telecommunications Carrier to Offer Wireless Service in Tennessee*, the Consumer Advocate and Protection Division requests Nexus explain its intentions with regard to continuing service for the Company's more than 35,000 low-income Tennessee consumers. Please provide a written response as soon as possible after receipt of this letter, or in any event, before terminating any consumer's service. Include in your response copies of any and all notices, including but not limited to text messages, letters and any other notices you have sent, or are considering sending, to these consumers regarding the status of their wireless service. We are aware of the data response filed in the Tennessee Regulatory Authority on May 7, 2010. Please contact our office if you intend to distribute the notice included in this filing.

Thank you for your attention to these matters.

Sincerely,

A handwritten signature in cursive script that reads "Vance Broemel".
