T.R.A. DOCKET ROOM

IN RE: PETITION OF AQUA GREEN UTILITY INC. TO AMEND ITS CERTIFICATE OF  
CONVENIENCE AND NECESSTIY

DOCKET NO: 1000145

---

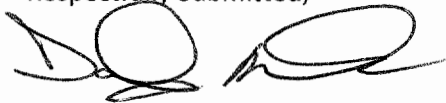

Petition of Aqua Green Utility Inc. to amend its Certificate of Convenience and Necessity

---

Aqua Green Utility Inc. would like add a received late reply to our letter sent to the Dandridge Water Management Facility. In the response the Dandridge Water Management Facility is not planning on servicing the Stonebridge subdivision in the next 12 months.

Additionally, Aqua Green Utility Inc has had its' engineer look at the soil report for the Stonebridge subdivision and based on that information Aqua Green Utility has amended its application for SOP to 300 gallons per day per unit and a total of 32,100 gallons per day. We request these changes be made to our petition.

Respectfully Submitted,

Dart Kendall  
Aqua Green Utility Inc.

Acworth, Georgia 30102

Dear Dart Kendall,

Although the Stonebridge Subdivision is in our service area we are not planning to extend wastewater service to the area within the next twelve months.

Sincerely,

Mike Norton  
Superintendent  
Dandridge Water Management Facility

I received 3 updated permit application packages and a check for \$250.00 today 8/6/2010
