Mr. Shuman,

Thank you for sharing your opinion regarding the application before the TRA for sewer service for Stonebridge. This matter is set for hearing on August 22. I will place a copy of your email in the docket file so it can be given appropriate consideration.

You can contact my office on August 23 to find out the decision in this case.

Thank you for contacting the TRA.

I spent hard earned money in your state to buy retirement property in Dandridge Tennessee in a development called Stonebridge. It was learned after the fact that the county let the developer move ahead with the land sale without a proper sewage plan or approval which they should NEVER have allowed. It is now three years later and through the incompetency of the county and TDEC we are still waiting.

Please approve the CCN number if possible for Aquagreen utilities to finally finish the sewer system so that my property and over 100 other unfortunate souls do not lose hundreds of thousands of hard earned money spent on this dream. I find it deplorable that the developer was allowed to operate in the state of Tennessee in the United States of American in the 21st century and this is the result. Please help in making this right. Thank you.
