---

Mr. Irving,

Thank you for sharing your opinion regarding the application before the TRA for sewer service for Stonebridge. This matter is set for hearing on August 22. I will place a copy of your email in the docket file so it can be given appropriate consideration.

You can contact my office on August 23 to find out the decision in this case.

Thank you for contacting the TRA.

Eddie Roberson, Ph.D.  
Director  
Tennessee Regulatory Authority

Dear Directors,

On August 22<sup>nd</sup> 2011, you will be presiding over a hearing to allow Aquagreen Utilities to provide sewer facilities for Stonebridge subdivision on Douglas lake in Jefferson County. I am a lot owner in the subdivision and have been through a nightmare over the last three years due to many issues involving the land developer and many governmental agencies. We were promised by the developer, that all infrastructure and utilities including sewer would be completed by the fall of 2008. This promise was instrumental in me investing \$110,000 into the lot I purchased. These promises were not kept, so I have spent many, many sleepless nights worrying about whether I have lost my investment.

Due to some very hard and outstanding work by another lot owner (Michael Sorrells), it sounds like we are close to getting something accomplished regarding the sewer issue. Michael has tirelessly worked with Aquagreen Utilities to remove obstacle after obstacle and it sounds like the next one is to have a CCN assigned to Aquagreen. As a landowner and hopefully future homeowner in Stonebridge, I am asking for your understanding and support and issue the CCN to Aquagreen later this month.

Thank you for your time.

Gary Irving
