To All Parties:

My name is Richard McPhee and I own lot #29 in the Stonebridge development.

I am writing to express my critical concern regarding the problems with the completion of the sewage system at Stonebridge. I purchased lot #29 in 2008 and was informed by the developers of Stonebridge that sewage, city water, and a completed club house were included, as well as, functional roads. To date, many of these items are not functional and we are prohibited from getting a building permit due to the unfinished sewers. I am asking your support with the approval of the CCN# so Aquagreen may resume work on the sewer system.

Thank you,

Richard & Linda McPhee
