Mr. LEvan,

Thank you for sharing your opinion regarding the application before the TRA for sewer service for Stonebridge. This matter is set for hearing on August 22. I will place a copy of your email in the docket file so it can be given appropriate consideration.

You can contact my office on August 23 to find out the decision in this case.

I am owner of Lot #1 in this community. I urge you to approve the contract to assign sewer installation to Aqua Green Utilities and issue a CCN# so that construction can proceed to provide service for the 104 lot owners. The developer has paid the installments to date and has contracted to complete the installation.

This development was sold 3 years ago in July 2008 and the lot owners now find themselves with worthless property, no sewer service, and the inability to obtain building permits.
