---

Mr. Thompson,

Thank you for sharing your opinion regarding the application before the TRA for sewer service for Stonebridge. This matter is set for hearing on August 22. I will place a copy of your email in the docket file so it can be given appropriate consideration.

You can contact my office on August 23 to find out the decision in this case.

Thank you for contacting the TRA.

Eddie Roberson, Ph.D.  
Director  
Tennessee Regulatory Authority

Re: TRA Hearing on August 22, 2011 for Stonebridge subdivision, Jefferson Co., Tennessee

Chairman Roberson:

I am writing to you (as a property owner) to request your support in favor of permitting a sewer treatment facility for the Stonebridge subdivision in Jefferson Co. Tennessee.

Briefly, the subdivision developer failed to complete this facility citing TDEC permitting problems. As I understand it, a completion bond filed with Jefferson County (by developer) was allowed to lapse before county officials realized that our subdivision treatment facility was not built. This treatment facility was supposed to be in place before lots were sold to public. We seem to be caught in crossfire among developer, Jefferson County and TDEC.

If the TRA issues a CCN# (following hearing on August 22), my understanding is the utility contractor and developer can proceed with construction of this sewer treatment system. I realize TRA has many regulatory proposals to deal with. Any assistance you can provide in resolving this impasse on August 22 is greatly appreciated.
