IN RE:

PETITION OF TENNESSEE-
AMERICAN WATER COMPANY TO
CHANGE AND INCREASE CERTAIN
RATES AND CHARGES

*
*
*
*
*

DOCKET NO. 10-00189

SUMMARY OF SETTLEMENT BETWEEN CRMA AND TAWC

Petitioner, Tennessee American Water Company (the "Company"), and the Chattanooga Regional Manufacturers Association ("CRMA"), by and through counsel, jointly submit this summary of the announcement made in Chattanooga on February 28, 2011, at the Tennessee Regulatory Authority ("TRA") hearing in this matter, stating as follows:

1. The CRMA and the Company agree that each of the three classes of customers (residential; commercial; industrial) will receive an equal percentage of any rate increase that may be awarded in this matter. This is consistent with Mr. Buckner's description of the Attorney General Consumer Advocate & Protection Division's ("CAPD's") "default position" regarding rate design. (Pre-Filed Direct Testimony of Terry Buckner, January 5, 2011, at p. 62, line 22, to p. 63, line 5.) If, for example, the TRA approves a 30% increase, the rates will be designed so that rates for each of the three classes of customers (residential, commercial and industrial) will increase by 30%. If the TRA's approved rate increase is 5%, then the rates will be designed so that rates for each of the three customer classes (residential, commercial, and industrial) will increase by 5%.

2. CRMA and the Company further have agreed to make revenue neutral adjustments to the rates for industrial customers. Those changes will increase, by slightly more than the class average, both the monthly meter charges and the volumetric rates in the industrial

class lower rate blocks. There will be corresponding reductions in the volumetric rates in the higher rate blocks in the industrial class. To reiterate, those changes will be revenue neutral within the industrial class and will not affect the system-wide allocation of rates among the classes but will only affect the allocation of rates among industrial customers.

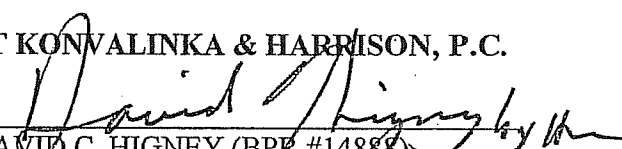

3. At this time, we have an estimate of those rates based on the Company's initial rate request.¹ A copy of that estimate is attached for illustrative purposes only. The precise numbers will be consistent with these summarized principles and will be calculated by CRMA expert Mike Gorman and TAWC (and shared with the parties prior to filing) once a final decision by the TRA is made on revenue requirements.

4. CRMA and the Company are authorized to indicate that after consultation with the other parties actively involved in the hearing of this matter (the CAPD; City; and UWUA) there is no objection to the proposed settlement subject to review of the final proposed rates being calculated as described herein.

Respectfully Submitted,

*Attorneys for the
Chattanooga Regional Manufacturers Association*
