RE: Response to Data Request – TRA Docket 11-00065

Dear Mr. Broemel:

We have received your letter of August 28, 2013 filed in TRA Docket No. 11-00065, in which you asked Ms. Lisa Cooper, Chief of the Consumer Services Division, to place certain complaints and comments regarding Berry's Chapel in that docket file.

We are interpreting your letter as a request for information pursuant to Tenn. Code Ann. § 65-4-118(b)(2). In addition, it should be noted that our provision of the requested information should not be construed as an acknowledgment that such information is subject to the Tennessee Public Records Act.

A copy of this letter and the requested information is being sent to counsel for Berry's Chapel and TRA Party Staff. Since there is no Protective Order issued in this docket and the complaints contain personal identifying information, only redacted versions are being furnished. If you have any questions, please do not hesitate to contact me.

Sincerely,

Jean Stone
General Counsel

RE: Response to Data Request – TRA Docket 11-00065

Dear Mr. Broemel:

We have received your letter of August 28, 2013 filed in TRA Docket No. 11-00065, in which you asked for letters, emails or other communications since July 2010 concerning issues raised in that docket. We have interpreted your request, based on your comments at the pre-hearing conference in this matter, as a request for external communications between TRA personnel and members of the public, rather than as a request for privileged internal communications. All Directors and TRA Staff were asked to search their files for this information. The enclosed CD-ROM contains scanned copies of the requested information. It should be noted that our provision of the requested information should not be construed as an acknowledgment that such information is subject to the Tennessee Public Records Act.

Although you only requested communications to the TRA, we have included responses from the TRA as well for your convenience. Also, please note that we have included correspondence already filed in previous dockets, publicly available in a docket, furnished to your office previously, or taken administrative notice of in this docket, since your request was not limited.

A copy of this letter and the requested information is being sent to counsel for Berry's Chapel and TRA Party Staff. Since there is no Protective Order issued in this docket and the complaints contain personal identifying information, only redacted versions are being furnished. To the extent that any of this information has been previously furnished to you in another docket in un-redacted form, you are reminded that you are bound by any Protective Orders in those dockets. If you have any questions, please do not hesitate to contact me.

Sincerely,

Jean Stone
General Counsel
