RE: Rural Incumbent Local Exchange Carrier and Competitive ETC Self-Certification of Eligibility to Receive Rural Universal Service Funds for Fiscal Year 2012, Docket No. 11-00101.

The Federal Communications Commission requires rural incumbent telecommunications providers/eligible telecommunications carriers to provide statements to the state regulatory agency regarding the use of Universal Service Funds annually. The Code of Federal Regulations, Title 47 §54.314 states in part:

States that desire rural incumbent local exchange carriers and/or eligible telecommunications carriers serving lines in the service area of rural incumbent local exchange carriers within their jurisdiction to receive support pursuant to §§ 54.301, 54.305 and/or 54.307 and/or part 36, subpart F of this chapter must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended.

Additionally, Part 54.314(d)(1) provides the scheduled support payment quarters for receipt of certifications on or before October 1st of the preceding year, stating in part:

Carriers for which certifications are filed on or before October 1 shall receive Support in the first, second, third and forth quarters of the succeeding year.

If your company intends to file for certification to receive Universal Service Support for the next fiscal year, please submit your request by July 29, 2011. In order to assist the Authority in ensuring that Universal Service Funds are paid to eligible carriers for all four quarters of Fiscal Year 2012, your request must state that all federal high-cost support,

including high cost loop support, local switching support, high-cost support received pursuant to the purchase of exchanges, high-cost model support, and hold harmless

support, will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with 47 U.S.C. § 254(e) of the Telecommunications Act of 1996. Competitive ETC designated for low income only are to use funds received as discounts or qualified consumers.

In order to enable the Authority to properly evaluate the use of Universal Service Funds in Tennessee, please provide the amount of support your company received for the past fiscal year and how those funds were allocated. Additionally, all requests must include the company SAC number issued by the Universal Service Administration Company.

All Competitive Local Exchange Carriers designated Eligible Telecommunication Carriers should provide in their response the rate center(s) (area) where the company is providing services, the number of lines being served by UNEs, the number of lines being served by resale, type of switching and the location of the switch as well as the amount of universal serve support received. Also, distinguish amount received between high cost and low cost reimbursements.

When filing your response, please reference Docket No. 11-00101. If you have any questions regarding this requirement, please contact Helen Trimble-Anthony at 615-741-2904, extension 174.

Sincerely,

A handwritten signature in dark ink, appearing to read "D. Foster".

RE: Rural Incumbent Local Exchange Carrier and Competitive ETC Self-Certification of Eligibility to Receive Rural Universal Service Funds for Fiscal Year 2012, Docket No. 11-00101.

The Federal Communications Commission requires rural incumbent telecommunications providers/eligible telecommunications carriers to provide statements to the state regulatory agency regarding the use of Universal Service Funds annually. The Code of Federal Regulations, Title 47 §54.314 states in part:

States that desire rural incumbent local exchange carriers and/or eligible telecommunications carriers serving lines in the service area of rural incumbent local exchange carriers within their jurisdiction to receive support pursuant to §§ 54.301, 54.305 and/or 54.307 and/or part 36, subpart F of this chapter must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended.

Additionally, Part 54.314(d)(1) provides the scheduled support payment quarters for receipt of certifications on or before October 1st of the preceding year, stating in part:

Carriers for which certifications are filed on or before October 1 shall receive Support in the first, second, third and forth quarters of the succeeding year.

If your company intends to file for certification to receive Universal Service Support for the next fiscal year, please submit your request by July 29, 2011. In order to assist the Authority in ensuring that Universal Service Funds are paid to eligible carriers for all four quarters of Fiscal Year 2012, your request must state that all federal high-cost support, including high cost loop support, local switching support, high-cost support received pursuant to the purchase of exchanges, high-cost model support, and hold harmless

support, will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with 47 U.S.C. § 254(e) of the Telecommunications Act of 1996. Competitive ETC designated for low income only are to use funds received as discounts or qualified consumers.

In order to enable the Authority to properly evaluate the use of Universal Service Funds in Tennessee, please provide the amount of support your company received for the past fiscal year and how those funds were allocated. Additionally, all requests must include the company SAC number issued by the Universal Service Administration Company.

All Competitive Local Exchange Carriers designated Eligible Telecommunication Carriers should provide in their response the rate center(s) (area) where the company is providing services, the number of lines being served by UNEs, the number of lines being served by resale, type of switching and the location of the switch as well as the amount of universal serve support received. Also, distinguish amount received between high cost and low cost reimbursements.

When filing your response, please reference Docket No. 11-00101. If you have any questions regarding this requirement, please contact Helen Trimble-Anthony at 615-741-2904, extension 174.

Sincerely,

D. A. Foster
