RE: Pursuant to Federal Rule 54.314(a), October 1st Certification Requirement for High-Cost Universal Service Support, CC Docket No. 96-45.

Dear Ms. Dortch:

This letter is sent to certify that all eligible carriers subject to the jurisdiction of the Tennessee Regulatory Authority ("Authority")¹ have provided self certification that federal high-cost support will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with 47 U.S.C. § 254(e) of the Telecommunications Act. Support for which the eligible carriers are being certified include high-cost loop support, local switching support, high-cost support received pursuant to the purchase of exchanges, high-cost model support, hold harmless support and low-income support. No non-rural carriers in Tennessee are eligible to receive this support. A list of all eligible rural carriers under the jurisdiction of the Authority and the Study Area Code ("SAC") for each follows:²

<u>State</u>	<u>SAC</u>	<u>Company Name</u>
TN	299013	Aeneas Communications, LLC
TN	290280	Ardmore Telephone Company, Inc.
TN	299001	Ben Lomand Communications, Inc.
TN	299007	Budget Phone, Inc.

¹ According to Tennessee statutes, telephone cooperatives are not subject to Authority jurisdiction; therefore, they are not being certified in this letter. It is our understanding that cooperatives must file appropriate certification directly with the FCC and USAC. Tennessee has ten (10) telephone cooperatives operating in the state.

² All the listed Tennessee rural incumbents have certified to the TRA that they are not disaggregating and are targeting high-cost support pursuant to 47 C.F.R. § 54.315(b) except Citizens Telecommunications Company of Tennessee, LLC. Citizens Telecommunications Company of Tennessee, LLC submitted its Disaggregation Plan to the TRA for approval pursuant to 47 C.F.R. § 54.315(c) in TRA Docket No. 04-00098. The TRA approved the plan on May 24, 2004.
