Re: Docket No. 11-00181, Application of Telmate LLC. For Certificate of Authority to Resell Telecommunications Services in Tennessee.

Dear Ms. Foust:

We recently filed on 6/21/2012 Telmate, LLC's ("Telmate") responses to interrogatories submitted June 15, 2012 to GSAssociates. We incorrectly requested confidential treatment of those responses when they were filed. The responses submitted can be filed as public and do not need confidential treatment.

Enclosed for filing with the Tennessee Regulatory Authority ("Commission") are an original and thirteen (13) copies of the responses previously filed.

Please acknowledge receipt of this filing by stamping and returning the additional copy of this transmittal letter in the self-addressed, postage prepaid envelope enclosed for this purpose.

Thank you for your attention to this matter. Questions may be directed to the undersigned.

Sincerely;

Jose L. Solana
Regulatory Consultant to Telmate, LLC.

Tennessee Regulatory Authority

RE: Telmate, LLC, application for Certificate of Authority to Resell Telecommunication Services in Tennessee – Docket No. 11-00181 – Confidential Treatment Requested.

Dear Mr. Foster;

The following numbered responses are in response to your email of June 15, 2012 in which you asked for clarification on several points. We have prepared the following, and hope that it answers all your questions adequately. We appreciate your assistance in this matter.

- 1) Question: Has Telmate, LLC placed bids or signed any agreements with any correctional facility in Tennessee to provide telecommunications services as of the date of this inquiry?**

Response: No

- 2) Question: Is Telmate, LLC providing the “back office” services to its affiliate partner, Airespring, in any correctional facility in Tennessee? If so, what facilities?**

Response: No

- 3) Question: How will local calls be routed when placed from a facility where Telmate is the telecommunications provider? Describe Telmate LLC’s partnership arrangement with Airespring specific to Tennessee correctional facilities? Which carrier will contract with the inmate facility for services?**

Response: Local calls will be routed via Voice Over Internet Protocol (VOIP) from Telmate hardware at the facility to one of our various Colocation facilities in Dallas or Oakland and then sent via Airespring, or one of our other termination providers, to the termination number of the dialed number by the inmate. Airespring is one of the call termination providers Telmate uses to complete calls from inmate facilities. Correctional facilities will contract with Telmate to provide Inmate Telephone Services to County Jails in Tennessee for recording and monitoring services along with a multitude of software functionalities provided by Telmate.
