Subject: filing a complaining again Berry's Chapel Utility

Berry's Chapel Utility, Inc. f/k/a Lynwood Utility Company is attempting to collect unauthorized fees, based on the TRA conclusion in Docket 11-00005 dated August 5, 2011 that states, "Berry's Chapel Utility, Inc. is suspended from assessing the \$20.00 per customer rate increase instituted on November 1, 2010 and shall immediately cease charging or collecting such fees." They are threatening to turn off service for many families in Cottonwood based on the fees not being paid. We need protection please.

Thank you
