Happy New Year Chairman Allison,

I wanted to ask if you could get me any insight as to when you plan to bring the above mentioned docket back before the Directors to vote on? This is a docket filed by a coalition of telephone companies including the one I work for...CenturyLink.

As you know oral arguments were provided at the November 8<sup>th</sup> Directors meeting by Joelle Phillips with AT&T who was representing our coalition, as well as by an attorney for the CAD. I wasn't totally surprised to not see the docket included on the December Conference agenda but quite frankly was surprised when Monday's agenda came out and it was once again left out.

I would appreciate any information you could provide as to when we can expect to have the docket before the Directors' again.

Thank you in advance for your response.
