Hon. Kenneth C. Hill, Chairman
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37238

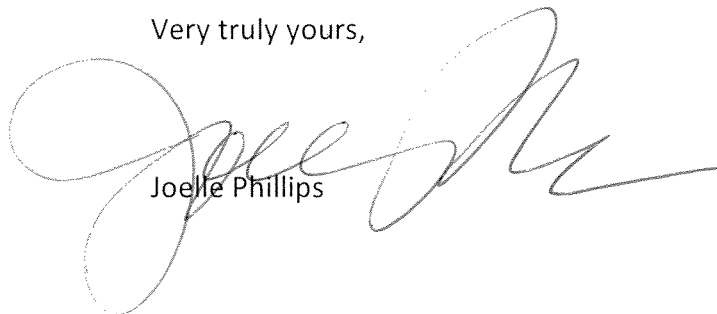

Re: *Approval of the Amendment to the Interconnection Agreement Negotiated by
AT&T Tennessee and Cellco Partnership dba Verizon Wireless*
Docket No. 12-00048

Dear Chairman Hill:

Enclosed for filing in the referenced docket are the original and one copy of the
*Petition for Approval of the Amendment to the Interconnection Agreement Negotiated by
AT&T Tennessee and Cellco Partnership dba Verizon Wireless.*

AT&T Tennessee respectfully requests that the Authority approve the Amendment.

Very truly yours,

Joelle Phillips

BEFORE THE TENNESSEE REGULATORY AUTHORITY
Nashville, Tennessee

In re: *Approval of the Amendment to the Interconnection Agreement Negotiated by AT&T Tennessee and Cellco Partnership dba Verizon Wireless*

Docket No. _____

**PETITION FOR APPROVAL OF THE AMENDMENT TO THE
INTERCONNECTION AGREEMENT NEGOTIATED BETWEEN AT&T TENNESSEE
AND CELLCO PARTNERSHIP dba VERIZON WIRELESS**

AT&T Tennessee ("AT&T") and Cellco Partnership dba Verizon Wireless ("Cellco") file this request for approval of the Amendment to the Interconnection Agreement (the "Agreement") negotiated between the two companies pursuant to Sections 251 and 252 of the Telecommunications Act of 1996, (the "Act"). In support of their request, Cellco and AT&T state the following:

1. The parties have recently negotiated an Amendment to the Agreement which establishes a multiple state composite Mobile Originated / Land Originated Ratio for usage billing purposes. A copy of the Amendment is attached hereto and incorporated herein by reference.
2. Pursuant to Section 252(e) of the Telecommunications Act of 1996, Cellco and AT&T are submitting their Agreement to the TRA for its consideration and approval.
3. In accordance with Section 252(e) of the Act, the TRA is charged with approving or rejecting the negotiated Agreement between AT&T and Cellco within 90 days of its submission. The Act provides that the TRA may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications

carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity.

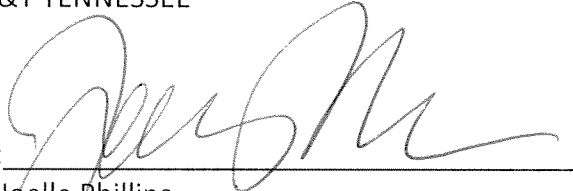

4. Cellco and AT&T aver that the Agreement is consistent with the standards for approval.

5. Pursuant to 47 USC Section 252(i) and 47 C.F.R. Section 51.809, AT&T shall make available the entire Interconnection Agreement approved pursuant to 47 USC Section 252.

Cellco and AT&T respectfully request that the TRA approve the Agreement negotiated between the parties.

Respectfully submitted,

AT&T TENNESSEE

**AMENDMENT TO THE AGREEMENT
BETWEEN
CELLCO PARTNESHIP D/B/A VERIZON WIRELESS
AND
BELLSOUTH TELECOMMUNICATIONS, LLC**

This Amendment ("Amendment") amends the July 15, 2002 Interconnection Agreement between BellSouth Telecommunications, LLC, a Georgia limited liability company (formerly named BellSouth Telecommunications, Inc.), d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee (collectively referred to herein as "AT&T ILECs"), and Cellco Partnership d/b/a Verizon Wireless, a Delaware Partnership, (herein referred to as "Cellco"), on behalf of itself and its wireless service provider affiliates, as listed on the signature page of this Amendment. The AT&T ILECs and Cellco may be referred to herein collectively as the "Parties" and individually as a "Party."

WHEREAS, the AT&T ILECs and Cellco are Parties to an Interconnection Agreement, under Sections 251 and 252 of the Telecommunications Act of 1996, for Commercial Mobile Radio Service ("CMRS"), effective July 15, 2002, and as subsequently amended (the "Agreement"); and

WHEREAS, the Parties desire to amend the Agreement to establish a multiple state composite Mobile Originated/Land Originated Ratio ("M/L Ratio") for usage billing purposes; and

WHEREAS, the Parties desire to amend the Agreement to establish a Shared Facility Factor, pursuant to which the AT&T ILECs will compensate Cellco for the AT&T ILEC's use of the interconnection trunks and facilities that Cellco leases from the AT&T ILECs; and

WHEREAS, pursuant to the Report and Order and Further Notice of Proposed Rulemaking issued by the Federal Communications Commission ("FCC") on November 18, 2011 (FCC 11-161), and as amended by the FCC on December 23, 2011 (FCC 11-189), the Parties desire to amend the Agreement to establish bill-and-keep for Local Traffic Minutes of Use exchanged between the Parties, effective July 1, 2012 and going forward;

NOW, THEREFORE, in consideration of the mutual promises contained herein, the AT&T ILECs and Cellco hereby agree to amend the Agreement as follows:

1. The foregoing recitals are hereby incorporated into this Amendment by this reference.
2. Section IV.A.1 of the Agreement shall be amended by adding the following language:

Effective July 1, 2012, the Parties shall implement bill-and-keep for Local Traffic Minutes of Use exchanged between the Parties over Type 2A, Type 2B or Type 1 interconnection trunks and facilities, pursuant to the Report and Order and Further Notice of Proposed Rulemaking, issued by the FCC, on November 18, 2011 (FCC 11-161), and as amended by the FCC on December 23, 2011 (FCC 11-189).

3. Effective July 1, 2012, the existing Attachment B-1 of the Agreement shall be replaced in its entirety by Amended Attachment B-1 attached to this amendment as Exhibit A.
4. Section IV.A.2. of the Agreement shall be amended to add the following language to the existing text:
 - a. By mutual agreement, the Parties may establish a multiple state composite, i.e., one multi-state M/L Ratio, as opposed to state-specific M/L Ratios, using the sum of the AT&T ILECs'-originated/Cellco-terminated and Cellco-originated/AT&T ILEC-terminated IntraMTA Local Traffic for the AT&T ILEC states in which Cellco is operating, and

that will be applied to each state individually. The M/L Ratio reflects the percentage of Cellco- originated Local Traffic to the total Local Traffic exchanged between the Parties (defined above and herein as "M-L"), and the percentage of the AT&T ILEC- originated Local Traffic to the total Local Traffic exchanged between the Parties (defined herein as "L-M").

- b. Intermediary Traffic, i.e., transit traffic, shall not be used in the determination of the M/L Ratio.
 - c. Either Party may request that a traffic study be conducted to review the M/L Ratio. Such traffic study requests may be made no more frequently than every six (6) months, beginning with the Effective Date of this Amendment, with any newly agreed upon M/L Ratio being applied prospectively only, starting from the date of the written request for the review.
 - d. The Parties hereby agree to implement a multiple state composite M/L Ratio for Cellco, and it shall be Sixty-Seven/Thirty-Three (67/33) (i.e., Sixty-Seven Percent (67%) M-L and Thirty-Three Percent (33%) L-M) to become effective on the Effective Date of this Amendment. The M/L Ratio developed pursuant to this Section is specific to Cellco. Any other CMRS carrier adopting this Agreement must work jointly with the AT&T ILECs to calculate a M/L Ratio that is specific to such adopting CMRS carrier. Such M/L Ratio for the adopting CMRS carrier shall be applied prospectively from the date the M/L Ratio specific to the adopting CMRS carrier is approved by the applicable state commission. The M/L Ratio for the adopting CMRS carrier will be Eighty/Twenty (80/20) from the Agreement adoption effective date until the M/L Ratio specific to the adopting CMRS carrier is approved by the applicable state commission.
5. Sections IV.A.4.a and IV.A.4.b of the Agreement shall be deleted and replaced in their entirety by the following:
- a. Where Cellco has leased trunks and facilities from the AT&T ILECs for interconnection between the Parties, Cellco shall make such trunks and facilities available to the AT&T ILECs for the AT&T ILECs' use. If the AT&T ILECs elect to use such trunks and facilities to deliver AT&T ILEC-originated Local Traffic to Cellco for termination, then the Parties agree that Cellco will charge the AT&T ILECs for the AT&T ILECs' use of such trunks and facilities on a monthly basis as follows: To determine the monthly trunk and facility compensation owed by the AT&T ILECs to Cellco, Cellco shall apply a mutually agreed upon Shared Facility Factor ("SFF") to the recurring DS1 and below trunk and facility charges billed by the AT&T ILECs to Cellco, that are associated with only the trunks and facilities used to transport AT&T ILEC-originated, Cellco-terminated Local Traffic, billed to Cellco by the AT&T ILECs.
 - b. The Shared Facility Factor can be developed on a state- by- state basis or a multiple state basis, as mutually agreed by the Parties, and shall be calculated by adding the Facility Use Factor plus the Facility Use Factor times the percent of DS3 charges to DS1 and below charges plus the Facility Use Factor times the percent of ring charges to DS1 and below charges, i.e., $SFF = \text{Facility Use Factor} + (\text{Facility Use Factor} \times (\text{DS3 charges/DS1 and below charges})) + (\text{Facility Use Factor} \times (\text{ring charges/DS1 and below charges}))$ rounded to a single decimal. The Facility Use Factor, used in the Shared Facility Factor calculation, shall be calculated by dividing the measured AT&T ILEC-originated, Cellco-terminated Local Traffic Minutes of Use ("MOUs") by the total measured MOUs that transverse the trunks and facilities in both directions, including all Intermediary (Transit) Traffic, rounded to a single decimal.
 - c. Except for the Shared Facility Factor, as described herein, Cellco shall not charge the AT&T ILECs for any other charges for the AT&T ILECs' use of the trunks and facilities leased by Cellco.
 - d. A review of the Shared Facility Factor may be requested in writing by either Party, no more frequently than every six (6) months, beginning with the Effective Date of this Amendment. If such a review results in a change in the Shared Facility Factor, the new factor will be applied prospectively only, starting from the date of the written request for the review.

- e. The Parties hereby agree to implement a multi-state Shared Facility Factor for Cellco, and it shall be Fifteen Percent (15.0%), to become effective on the Effective Date of this Amendment. This Shared Facility Factor, and any other Shared Facility Factor developed pursuant to this Section, is specific to Cellco. Any other CMRS carrier adopting the Agreement must work jointly with the AT&T ILECs to calculate a Shared Facility Factor that is specifically applicable to such adopting CMRS carrier. Such Shared Facility Factor for the adopting CMRS carrier shall be applied prospectively from the date the Shared Facility Factor specific to the adopting CMRS carrier is approved by the applicable state commission. The Shared Facility Factor for the adopting CMRS carrier will be Eight Percent (8%) from the Agreement adoption effective date until the Shared Facility Factor specific to the adopting CMRS carrier is approved by the applicable state commission.
6. Attachment A of the Agreement shall be deleted and replaced with Amended Attachment A of this Amendment, which is incorporated herein by reference.
7. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
8. In entering into this Amendment, neither Party waives, and each Party expressly reserves, any rights, remedies or arguments it may have at law, or under the intervening law, or regulatory change provisions, in the underlying Agreement (including intervening law rights asserted by either Party via written notice predating this Amendment) with respect to any orders, decisions, legislation or proceedings and any remands thereof, which the Parties have not yet fully incorporated into this Agreement or which may be the subject of further review.
9. This Amendment shall not modify or extend the Term of the underlying Agreement, but, rather, shall be coterminous with such Agreement.
10. This Amendment shall be filed with, and is subject to approval by, the appropriate State Commission(s) and shall become effective upon approval by such Commission(s) ("Amendment Effective Date").
11. Any CMRS carrier that adopts the Agreement after the Amendment Effective Date of this Amendment shall be entitled to bill-and-keep on Local Traffic Minutes of Use exchanged between the Parties from the effective date of the adopting carrier's agreement, going forward, i.e., there shall be no retroactive application of bill-and-keep on Local Traffic Minutes of Use.
12. Each Party represents, covenants and warrants to the other Party that such Party has the sole right and exclusive authority to execute this Amendment on behalf of all entities that it is signing on behalf of and to carry out the terms and conditions hereof.
