TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Gary VerDouw

Question:

1. Provide the actual capital structure including dollar amounts and percentages of short term debt, long term debt, preferred stock, and common equity for each of for the twelve months ending December 31, 2009, 2010, 2011, and forecasted for December 31, 2012, for:
   a. Tennessee American Water Company, subsidiary only;
   b. American Water Works Company, Inc., parent only;
   c. American Water Works Company, Inc., consolidated.

   Also provide the accompanying cost rates for short term debt, long term debt, and preferred stock.

Response:

As in the previous case, TAW is unable to provide projected capital structure information for its parent only or consolidated given that American Water Work Company, Inc. is a publicly traded company subject to the fair disclosure requirements of the U.S. Securities and Exchange Commission regarding forecasted data not available to the general investing public. For the historical data, and the projected information for TAW, please refer to the attachment.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Gary VerDouw

Question:

2. Provide the forecasted capital structure including dollar amounts and percentages of short term debt, long term debt, preferred stock, and common equity for the attrition year ending November 30, 2013, for:
   a. Tennessee American Water Company, subsidiary only;
   b. American Water Works Company, Inc., parent only;
   c. American Water Works Company, Inc., consolidated.
   Also provide the accompanying cost rates for short term debt, long term debt, and preferred stock.

Response:

The information requested in section (a) was included in TAW's initial rate filing. Please see Petitioner's Exhibit CS-1-Capital Structure-GMV, Schedule CS-1.1.

As in the prior case, TAW is unable to provide forecasted data for the attrition year ending November 30, 2013 for parts b) and c) given that American Water Works Company, Inc. is a publicly traded company subject to the fair disclosure requirements of the U.S. Securities and Exchange Commission regarding forecasted data not available to the general investing public.

Question:

5. For each dividend on common stock paid by American Water Works Company from January 1, 2007, through June 30, 2012, please provide:
   a. the date on which each dividend was paid;
   b. the dollar amount per share of each dividend payment;
   c. the share price on the date of the dividend payment.

Response:

American Water Works Company was a private company from January 2007 through April 2008 and no common stock dividends were paid during that time period. After its IPO in April 2008, the first common dividends were paid on September 2, 2008.

Question:

6. For all new issues of common stock since January 1, 2001, by Tennessee American Water Company, or American Water Works Company, Inc., please provide the date of the issue, the price per share, the number of shares issued, the gross and net amounts realized from the issue, and whether the shares were sold to the public or distributed or sold to American Water Works Company, Inc., or any of its subsidiaries.

Response:

Please refer to the attachment for the information concerning AWWC common stock. TAWC is a wholly owned subsidiary of AWWC whose common stock is not publicly traded. The Company has not issued additional common shares since 2004 (the period which the Company could readily locate) and all additional equity of TAWC has been generated by retained earnings and paid-in-capital since 2004.

American Water Works Company, Inc.
Summary of Common Stock Issuance
For the period January 1, 2001 through December 31, 2011

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: J. Vander Weide

Question:

7. Provide the historical Total Returns and Income Returns of Common Stocks, Long Term Government Bonds, Intermediate-Term Government Bonds, and Treasury Bills as reported in Morningstar's Ibbotson SBBI 2012 Valuation Yearbook referenced by Dr. Vander Weide in his Direct Testimony on page 43.

Response:

Dr. Vander Weide does not reference the historical total returns and income returns of common stocks, intermediate-term government bonds, or Treasury bills in his testimony. At pp. 42 – 43 of his direct testimony, Dr. Vander Weide estimates the expected risk premium on the market portfolio by calculating the difference between the arithmetic mean return on the S&P 500 over the period 1926 through 2011 (11.77 percent) and the average income return on 20-year U.S. Treasury bonds over the same period (5.15 percent), resulting in an expected risk premium of 6.6 percent.

Nonetheless, the requested information as reported in *2012 Ibbotson® SBBI® Stocks, Bonds, Bills, and Inflation® Valuation Yearbook*, page 23, is provided in the attachment.

Table 2-1: Total Returns, Income Returns, and Capital Appreciation of the Basic Asset Classes: Summary Statistics of Annual Returns

Series	Geometric Mean (%)	Arithmetic Mean (%)	Standard Deviation (%)	Serial Correlation
Large Company Stocks				
Total Returns	9.8	11.8	20.3	0.02
Income	4.1	4.1	1.6	0.90
Capital Appreciation	5.5	7.4	19.6	0.01
Ibbotson Small Company Stocks				
Total Returns	11.9	16.5	32.5	0.06
Mid-Cap Stocks*				
Total Returns	10.9	13.7	24.8	-0.04
Income	3.9	3.9	1.8	0.90

Low-Cap Stocks*				
Total Returns	11.3	15.2	29.2	0.02
Income	3.5	3.6	2.0	0.90
Capital Appreciation	7.6	11.4	28.5	0.01
Micro-Cap Stocks*				
Total Returns	12.0	18.0	38.9	0.07
Income	2.5	2.5	1.7	0.91
Capital Appreciation	9.5	15.4	38.3	0.06
Long-Term Corporate Bonds				
Total Returns	6.1	6.4	8.4	0.08
Long-Term Government Bonds				
Total Returns	5.7	6.1	9.8	-0.11
Income	5.1	5.2	2.6	0.96
Capital Appreciation	0.4	0.8	8.7	-0.23
Intermediate-Term Government Bonds				
Total Returns	5.4	5.5	5.7	0.13
Income	4.6	4.6	2.9	0.96
Capital Appreciation	0.6	0.7	4.6	-0.17
Treasury Bills				
Total Returns	3.6	3.6	3.1	0.91
Inflation	3.0	3.1	4.2	0.64

Data from 1926–2011. Total return is equal to the sum of three component returns: income return, capital appreciation return, and reinvestment return.

*Source: Morningstar and CRSP. Calculated (or Derived) based on data from CRSP US Stock Database and CRSP US Indices Database ©2012 Center for Research in Security Prices (CRSP®), The University of Chicago Booth School of Business. Used with permission.

Annual Total Returns

Annual and monthly total returns for large company stocks, small company stocks, long-term corporate bonds, long-term government bonds, intermediate-term government bonds, Treasury bills, and inflation rates are for the full 86-year time period presented in Appendix B. Those tables can be used to compare the performance of each asset class on both a monthly and an annual basis.

Real Rates versus Nominal Rates

The cost of capital embodies a number of different concepts or elements of risk. Two of the most basic concepts in finance are real and nominal returns. The nominal return includes both the real return and the impact of inflation.

The real rate of interest represents the exchange rate between current and future purchasing power. An increase in the real rate indicates that the cost of current consumption has risen in terms of future goods. It is the real rate of interest that measures the opportunity cost of foregoing consumption.

The relationship between real rates and nominal rates can be expressed in the following equation:

$$\text{Real} = \left[\frac{1+\text{Nominal}}{1+\text{Inflation}}\right] - 1$$

$$\text{Nominal} = \left[(1+\text{Real}) \times (1+\text{Inflation})\right] - 1$$

It is important to note that the conversion of nominal and real rates is not an additive process; rather, it is a geometric calculation. The arithmetic sum or difference is calculated by adding or subtracting one number from the other. As illustrated in the above equation, the real rate of return involves taking the geometric difference of the nominal rate of return and the rate of inflation. Conversely, the nominal rate of return can be determined by taking the geometric sum of the real rate of return and the rate of inflation. For example, if the real rate is 2.5 percent and the inflation rate is 5.0 percent, the nominal rate of interest is not 7.5 percent (2.5+5.0) but 7.625 percent, or $[(1.025) \times (1.05) - 1]$. Similarly, if the nominal rate is 7.625 percent and the inflation rate is 2.5 percent, the real rate is not 5.125 percent (7.625−2.5) but 5.0 percent, $[(1.07625/1.025) - 1]$.

Discount rates are most often expressed in nominal terms. That is, they usually have an inflation estimate included in them. Unless stated otherwise, the cost of capital data presented in this book are expressed in nominal terms.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Donald J. Petry

Question:

9. Refer to the Company's response to the Minimum Filing Requirement, Item 20 regarding historical billing determinants for 2009, 2010 and 2011. Provide this same bill and sales analysis by month for 2006, 2007 and 2008 in Microsoft Excel format with all formulas intact.

Response:

The monthly Bill Analysis data for 2006, 2007, and 2008 is on the enclosed CD. Due to the voluminous nature of this response, the attachments are only provided in electronic format.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Kevin Rogers/Donald Petry

Question:

10. Refer to the Company's response to the Minimum Filing Requirement, Item 19 regarding the 25 largest customers. For each customer identified in this response, provide the following information:
    a. The contact name and phone number of the individual at each company that is most familiar with their water consumption.
    b. All correspondence with these customers from January 2009 through the most recent date regarding their historical, projected or anticipated changes to their water consumption.
    c. The monthly sales volumes at each meter point for each customer from January 2008 through December 2011.
    d. A copy of each customer's monthly bill from January 2008 through December 2011.

Response:

a. Please refer to the attachment.
b. No correspondence is available.
c. Please refer to the attachment
d. Please refer to the attached download of the monthly bill information. Due to the volume of the individual items requested, the attachment is a consolidation of all of the information on the monthly bills by customer, as some of these customers have multiple accounts.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Kevin Rogers

Question:

11. Provide the contracts and or rates currently in effect by utility for purchasing water for resale from the Company: including but not limited to Ft. Oglethorpe, Catoosa Utility District, Walden's Ridge Utility District, Signal Mountain, and any other party.

Response:

Currently there are no purchased water for resale contracts in effect for Catoosa Utility District or Signal Mountain. Please find attached the contracts for purchasing water for resale from the Company for Ft. Oglethorpe & Walden's Ridge Utility District.

WATER PURCHASE AGREEMENT

AMENDMENT A

This is an amendment to the Water Purchase Agreement between Tennessee-American Water Company and Walden's Ridge Utility District signed the 14th day of July 2003. This Amendment (the "Amendment") to the Agreement is, made this 14th day of January, 2004, between and among WALDEN'S RIDGE UTILITY DISTRICT (hereinafter "WRUD"), and TENNESSEE-AMERICAN WATER COMPANY (hereinafter "TAWC").

Upon reviewing our records, it appears that WRUD and TAWC did not formally recognize the renegotiated purchase rate for which WRUD will charge TAWC for water purchased by TAWC from WRUD during the interim period (approximately 18 months) until TAWC has the new water transmission main installed to deliver water to WRUD.

At this time, the only detail found omitted is that WRUD will charge $2.05 per 1000 gallons for all water sold to TAWC to supply the Lone Oak and Suck Creek Utility District areas and other areas as TAWC may expand its system in the future.

If for any reason TAWC exercises their option to withdraw from the planned water transmission main installation, then, WRUD reserves the right to bill at the original $2.98 per 1000 gallons retroactive to the activation of water supply to the Lone Oak and Suck Creek Utility District areas and other areas as TAWC may have expanded its system up to the time of withdrawal.

IN WITNESS WHEREOF, WRUD and TAWC, have agreed to this Amendment A to be signed by the proper officers thereunto duly authorized, all as of the day and year first above written.

Re: Tennessee-American Water Company--Approval of Special Contract with Walden's Ridge Utility District

Dear Chairman Tate:

On behalf of our client, Tennessee-American Water Company, enclosed please find fourteen copies of a Water Purchase Agreement, dated July 14, 2003, between Tennessee-American Water Company and Walden's Ridge Utility District (the "Special Contract"). We are submitting the Special Contract for approval by the Directors of the Tennessee Regulatory Authority pursuant to TRA Rule 1220-4-1-.07. We hope that this matter can be placed on the TRA's next regular docket.

Also enclosed are ten copies of a resolution adopted by the commissioners of Walden's Ridge Utility District unanimously approving the Special Contract. As you will notice, Section IX of the Special Contract conditions its effectiveness upon TRA approval.

If you, the other Commissioners or any members of your staff have any questions concerning the Special Contract, please call my partner, Ted Pappas (742-6242) or me (742-6263).

Thank you.

Yours truly,

George H. Masterson

WATER PURCHASE AGREEMENT

THIS AGREEMENT, made this 14th day of July 2003 by and between

Tennessee-American Water Company ("Tennessee-American"), located at 1101 Broad Street, Chattanooga, Tennessee

and

Walden's Ridge Utility District ("Walden's Ridge"), located at 3900 Taft Highway, Signal Mountain, Tennessee

WHEREAS, Tennessee-American, a Tennessee corporation, is a public utility which owns and operates a water utility system in and around the City of Chattanooga, Tennessee including the contiguous cities of Red Bank, East Ridge, Ridgeside, and Lookout Mountain, plus the cities of Rossville and Lookout Mountain, Georgia and areas in the Georgia counties of Dade, Walker and Catoosa; and

WHEREAS, Walden's Ridge wishes to purchase all of its water supply from Tennessee-American; and

WHEREAS, Tennessee-American has the capability to provide all of the water supply currently required by Walden's Ridge and is willing to construct a water supply pipeline and booster station, which will provide a sufficient volume of water in order to serve as WRUD's sole source of supply; and

WHEREAS, Walden's Ridge and Tennessee-American are desirous of establishing an Agreement for the purchase and sale of water for a fixed period of time; and

WHEREAS, the parties have reached an Agreement for the sale and purchase of water which they now desire to record in writing;

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

SECTION I
EXCLUSIVE SUPPLIER

Tennessee-American agrees to sell and Walden's Ridge agrees to buy, during the term of this Agreement and any extension hereof, all of the potable and raw water requirements of Walden's Ridge, as it now exists or may hereafter by expanded, in conformity with the provisions hereof.

SECTION II
CONSTRUCTION OF FACILITIES

(A) Tennessee-American shall construct, at an estimated cost of $2.4 million, a water supply pipeline and booster station from its existing distribution system to the Walden's Ridge water tank near Taft Highway, which will provide a sufficient volume of water in order to serve as Walden's Ridge sole source of supply. This water supply pipeline will be capable of delivering up to 2.9 million gallons of water per day at the top of the mountain. The estimated construction time, from the time of a final non-appealable order from the Tennessee Regulatory Authority ("TRA") granting approval of the project, until the connection to the system and delivery of water, is eighteen (18) months. In the event that the construction bid price exceeds $2.4 million by 5% or more, Tennessee-American shall have the right to negotiate an adjustment in the price for the sale of water as provided in Section III hereof or terminate this Agreement.

(B) If any conditions or requirements are imposed by any regulatory authority, or court, which make this project economically unfeasible, Tennessee-American has the right to withdraw and terminate the Agreement.

(C) As part of this consideration, Walden's Ridge agrees that Tennessee-American will be the sole and exclusive supplier of potable and raw water to Walden's Ridge, as it now exists or

hereafter be changed, except as noted below in this Section, and that Walden's Ridge will not, without prior written consent of Tennessee-American, receive potable or raw water service from any person or entity (including Walden's Ridge and its own customers), for the period of time under the Agreement including any extensions or renewals. The parties agree that the approximately eighty (80) current Walden's Ridge customers in the Falling Water Community located on Levi Road, Ferry Road, Pickett Gulf Road, Levi Cemetery Road, Courtney Road and Godsey Road, will be an exception, which allows Walden's Ridge to seek an alternative source for these customers.

(D) In the event Walden's Ridge terminates the Agreement prior to the expiration of forty (40) years from the Date of Service, as defined below, or fails to renew the agreement for a period of time adequate to allow Tennessee-American an opportunity to recover its investment, or if Tennessee-American is no longer the sole and exclusive provider of potable and raw water to Walden's Ridge, or fails to pay Tennessee-American as provided herein, then Walden's Ridge, and its successors and assigns, agree to pay Tennessee-American, within thirty (30) days following such termination or event, the balance of the undepreciated costs, on a straight-line basis, of Tennessee-American's pipeline and all other facilities that are constructed to serve Walden's Ridge.

(E) Walden's Ridge will decommission and terminate its existing source of supply and treatment facilities upon completion of the Tennessee-American water supply pipeline extension and connection to the Walden's Ridge system and no later than ninety (90) days following the Date of Service, as defined below. As part of this consideration, and upon completion of the Tennessee-American water supply pipeline and booster station, Walden's Ridge agrees to exclusively lease to Tennessee-American, for a period of forty (40) years from the Date of Service as defined below, the 6" and 8" welded steel water supply lines, along with perpetual easements, from its Mountain Station at the end of Levi Cemetery Road to top of the mountain.

SECTION III
SALE OF WATER

(A) The water from the Tennessee-American pipeline shall be provided to Walden's Ridge at a rate of $1.25/1000 gallons, except for the pass-through cost as identified in Section III (B) herein, for the first three (3) years, beginning with the date that water service is first taken from these facilities ("Date of Service"). Any proposed change in the rate after this initial period will be accompanied by supporting data and computations, which will be based on industry accepted cost of service methodology. Walden's Ridge has the right to agree to this rate or to propose an alternative rate with the understanding that the TRA will be the ultimate authority in determining the rate.

(B) From the date this Agreement is executed and during the first three (3) years from the Date of Service under this Agreement, in the event that electric costs, which can be directly identified with this project, increase, Walden's Ridge agrees to meet with Tennessee-American to discuss an equitable pass-through of those cost increases if so requested by Tennessee-American.

(C) Walden's Ridge will permit Tennessee-American to use the Walden's Ridge distribution system as a conduit through which Tennessee-American may wheel water to other water utility districts and other customers as agreed to by the parties, which agreement by Walden's Ridge shall not be unreasonably withheld. The parties agree to meet within ninety (90) days after execution of this Agreement to define the territory that will be served by Walden's Ridge. The wheeling charge from Walden's Ridge to Tennessee-American shall be at a rate of $.39/1000 gallons. This rate is guaranteed for three (3) years from the Date of Service. Any proposed change in the rate after this initial period will be accompanied by supporting data and computations, which will be based on industry accepted

cost of service methodology. Tennessee-American has the right, within ninety (90) days, to agree to this rate or to propose an alternative rate. If the Parties do not agree on the rate change, then the Parties will refer the matter to a neutral mediator. If mediation does not resolve the matter, either of the Parties may take the matter to the TRA, if applicable, or Utility Management Review Board or seek Judicial Review as necessary for resolution. As part of the consideration under this agreement, Tennessee-American shall have the right, at the cost specified above or at a rate that may change from time to time as agreed by the parties, even after termination of the agreement, to transfer water through Walden's Ridge facilities.

(D) Walden's Ridge will not be charged by Tennessee-American for any water supplied through its system that is transferred to other water utility districts and/or customers outside the Walden's Ridge service area. Tennessee-American shall install a meter or meters on the Walden's Ridge distribution system where appropriate in order to measure the volume of water that is transferred. Walden's Ridge will have reasonable access to such meters at all times.

SECTION IV
FLUORIDATION OF WATER SUPPLY

Tennessee-American will fluoridate the water supply to Walden's Ridge, in accordance with the Tennessee Department of Environment and Conservation Rule 1200-5-1-17 (20), which requires the maintenance of a monthly average concentration of fluoride between 0.9 mg/l and 1.3 mg/l, unless required to do otherwise by applicable law or regulations.

SECTION V
OPERATIONAL REQUIREMENTS

(A) In order to minimize utilization of the peaking capacity of Tennessee-American, Walden's Ridge will provide, by the Date of Service, adequate storage to provide for its own

maximum hour needs. Walden's Ridge shall maintain a minimum of one-day of water supply storage on its distribution system.

(B) Walden's Ridge agrees to cooperate with Tennessee-American in making improvements as needed to its distribution system in order to efficiently facilitate the wheeling of water through its system to other water utility district customers of Tennessee-American or other customers of Tennessee-American outside the Walden's Ridge service area. Any such improvements, which are deemed necessary by Tennessee-American to adequately wheel water through the Walden's Ridge system for the benefit of Tennessee-American, shall be done at Tennessee American's expense.

(C) Tennessee-American will conduct a one-time comprehensive leak survey along Walden's Ridge transmission mains that are located in Taft Highway between Walden's Ridge twin storage tanks (located at the old Walden's Ridge office) and the end of the line near Grandview subdivision. This leak survey will be at no cost to Walden's Ridge. However, Walden's Ridge will be responsible for uncovering and repairing any identified leaks. The purpose of the survey will be to identify and locate leaks to help Walden's Ridge reduce its unaccounted for water.

SECTION VI
CUSTOMERS AT BOTTOM OF MOUNTAIN

In the event that Walden's Ridge, at any time in the future, decides to divest itself of the approximately eighty (80) customers, and as that number of customers may change from time to time, at the base of the mountain near the Soddy-Daisy system, Tennessee-American will be granted the right of first refusal to purchase from Walden's Ridge the facilities necessary to serve these customers at a price not to exceed the actual, bona fide offer made to Walden's Ridge for the facilities.

SECTION VII
METERING

Metering of the water sold under this Agreement shall be at the point where Tennessee-American's water supply pipeline is connected to the Walden's Ridge water tank near Taft Highway.

SECTION VIII
BILLING

During its normal billing cycle each month, Tennessee-American will issue an invoice to Walden's Ridge for Walden's Ridge metered usage during the prior month. Payment of such invoice will be made by Walden's Ridge on or before eighteen (18) days after receipt of the invoice. Interest and penalties shall accrue on the unpaid balance at the rate and amounts provided in Tennessee-American's filed tariff for its customers.

SECTION IX
APPROVALS BY TENNESSEE REGULATORY AUTHORITY

It is understood and agreed that this Agreement is conditioned on approval by the TRA. Promptly upon execution of this Agreement, Tennessee-American shall file an application for approval with the TRA and take such action in good faith as may be necessary to obtain the appropriate approval. Service provided hereunder will be pursuant to the rules and regulations of the TRA as may be changed from time to time during the term of this Agreement. Walden's Ridge agrees to provide all reasonable support for such regulatory approval.

SECTION X
TERM OF AGREEMENT

The term of this Agreement shall be for a period of forty (40) years, beginning on the Date of Service. In consideration of the requirement for Walden's Ridge to have a

reliable source of supply at all times, if the Company should desire to terminate this Agreement after the Date of Service and prior to the end of the term, except for breach of this Agreement by Walden's Ridge, the Company will provide Walden's Ridge with three (3) years advance written notice of such desire to terminate.

SECTION XI
FORCE MAJEURE

Neither Walden's Ridge or Tennessee-American shall be liable for damages to the other for any act, omission, or circumstance occasioned by or in consequence of strikes, lockouts, acts of the public enemy, wars, blockades, insurrections, riots, acts of terrorism, epidemics, landslides, lightning, earthquakes, fires, storms, floods, washouts, civil disturbances, explosions, breakage, or accident to machinery or lines of pipe, and any other cause, whether of the kind herein enumerated or otherwise, not reasonably within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. Failure to prevent or settle any strike or strikes shall not be considered to be a matter within the control of the party claiming suspension. Such causes or contingencies affecting such performance shall not relieve Walden's Ridge from its obligation to make payment of amounts due hereunder.

SECTION XII
RENEWAL OF AGREEMENT

This agreement may be renegotiated for additional periods of time beyond the term of this Agreement. Negotiations to extend the term of this Agreement shall commence no later than six (6) months prior to the expiration date of this Agreement.

However, the rates to be charged during any renewal period shall also be subject to prior approval by the Tennessee Regulatory Authority.

SECTION XIII
MISCELLANEOUS PROVISIONS

(A) Assignment

This Agreement shall be binding on the successors and assigns of Tennessee-American. Upon obtaining written approval from Tennessee-American, which will not be unreasonably withheld, this Agreement may be assigned by Walden's Ridge to any successor in the operation of the distribution facilities currently owned by Walden's Ridge.

(B) Notices

Any notice required or permitted to be given by one of the parties to this Agreement shall be given by U.S. mail, personal delivery or by overnight carrier to the other party at the address set forth below:

Tennessee-American Water Company
1101 Broad Street
P. O. Box 6338,
Chattanooga, Tennessee 37377
Attn: President

Walden's Ridge Utility District
3900 Taft Highway
Signal Mountain, Tennessee 37377
Attn: General Manager

Any notice so given shall be deemed given upon its deposit in the U.S. mail, upon personal delivery or upon its delivery to the overnight carrier.

(C) Governing Law

This Agreement shall be governed by the laws of the State of Tennessee.

(D) Severability

In the event that any provision hereof is found to be invalid or unenforceable, such invalidity or unenforceability shall not impair or limit the validity or enforceability of any other provision hereof, each of which shall continue in full force and effect, and this Agreement shall be construed as if such invalid or unenforceable provisions were omitted from the Agreement.

(E) Entire Agreement

This Agreement constitutes the entire Agreement between Walden's Ridge and Tennessee-American with respect to the subject matter contained in the Agreement, except that Walden's Ridge is subject to the rules, regulations and other applicable conditions and provisions set forth in Tennessee-American's tariff on file with the Tennessee Regulatory and as from time to time amended. This Agreement shall not be amended without the prior written consent of both parties. No modification of this Agreement or waiver of any of its terms and conditions will be effective unless set forth in a written document signed by both parties.

RESOLUTION
of the
COMMISSIONERS
for the
WALDEN'S RIDGE UTILITY DISTRICT

A resolution ratifying Tennessee – American Water Company and
Walden's Ridge Utility District Contract for the Water Source Agreement

WHEREAS, Walden's Ridge Utility District deemed it necessary to seek a new source for water;

WHEREAS, WRUD considered all options available including drilling additional wells and plant expansion and purchase proposal from Soddy Daisy-Falling Water Utility, Hixson Utility District and Tennessee-American Water Company;

WHEREAS, after many years of researching all options available and an engineering cost analysis study, it has been decided to enter a purchase agreement with Tennessee-American Water Company;

WHEREAS, with increased demand, our Board was faced with a large expenditure to modernize and expand our production facilities to meet new and more stringent governmental regulations. After much study, we found it more economical to purchase water from Tennessee-American Water Company.

NOW THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS OF THE WALDEN'S RIDGE UTILITY DISTRICT:

That contingent upon Tennessee-American Water Company signing the Water Purchase Agreement, this resolution shall take effect upon its passage, the public welfare requiring it and passage occurred this 22nd day of July 2003.

Frank Groves, Jr.
President

Robert McKenzie
Treasurer

David J. Fulton
Secretary

WATER PURCHASE AGREEMENT

THIS WATER PURCHASE AGREEMENT ("Agreement"), made this 23RD day of OCT., 2000 by and between

Tennessee-American Water Company ("Tennessee-American"), located at 1101 Broad Street, P.O. Box 6338, Chattanooga, Tennessee

and

City of Fort Oglethorpe, Georgia ("Ft. Oglethorpe"), located at 500 City Hall Drive, Fort Oglethorpe, Georgia

WHEREAS, Tennessee-American, a Tennessee corporation is a public utility which owns and operates a water utility system in and around the City of Chattanooga, Tennessee including the contiguous Tennessee cities of Red Bank, East Ridge, Ridgeside, and Lookout Mountain, plus the cities of Rossville and Lookout Mountain, Georgia and areas in the Georgia counties of Dade, Walker and Catoosa; and

WHEREAS, Ft. Oglethorpe wishes to continue to purchase all or substantially all of its water supply from Tennessee-American; and

WHEREAS, Tennessee-American currently supplies substantially all of the water to Ft. Oglethorpe and has the capability and facilities in place to provide all or substantially all of the water supply currently required by Ft. Oglethorpe; and

WHEREAS, Ft. Oglethorpe and Tennessee-American are desirous of extending its existing agreement for the purchase of water for a fixed period of time and amending said agreement for the purchase of certain services from Tennessee-American; and,

WHEREAS, the parties have reached an Agreement for the sale and purchase of water and services which they now desire to record in writing;

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

SECTION I

SALE OF WATER

Ft. Oglethorpe agrees to purchase from Tennessee-American, a minimum of 273,750,000 gallons per year. Ft. Oglethorpe agrees to pay $.95 per one-thousand gallons (the "$.95 Rate") for the first 35,000,000 gallons each month. Water purchased in excess of 35,000,000 gallons per month shall be paid at the rate of $0.74 per one-thousand gallons. Such rates shall not be increased during the initial term of the Agreement.

On or before the tenth day after the end of each twelve months of this Agreement, Tennessee-American will review the usage of Ft. Oglethorpe during the prior twelve-month period year. Should Ft. Oglethorpe's usage be less than 273,750,000 gallons, that month's invoice will include a charge for the difference between the actual usage and 273,750,000 gallons priced at the $.95 Rate.

SECTION II

FLUORIDATION AND TREATMENT OF WATER SUPPLY

The Company will fluoridate the water supplied to the City of Fort Oglethorpe, in accordance with the Tennessee Department of Environment and Conservation Rule 1200-5-1-17(20), which requires the maintenance of a monthly average concentration of fluoride at the Point of Delivery between 0.9 mg/1 and 1.3 mg/1, unless required to do otherwise by applicable Tennessee state law or regulations. Any treatment of the water after the Point of Delivery shall

be the responsibility of Ft. Oglethorpe, unless otherwise agreed to in writing between the parties. Upon request, the Company will provide documentation as to water quality.

SECTION III

METERING

Metering of the water sold under this Agreement shall be at the Point of Delivery. Meters shall be installed by Tennessee-American that will allow for the flow of water into Ft. Oglethorpe's water distribution system for ease of controlling/operating the pumping facilities providing water to Ft. Oglethorpe.

SECTION IV

BILLING

On or before the tenth day of each month, Tennessee-American will issue an invoice to Ft. Oglethorpe for Ft. Oglethorpe's metered usage during the prior month. Payment of such invoice must be made by Ft. Oglethorpe within eighteen days after receipt of the invoice. Late fees shall be imposed pursuant to the tariff filed with the Tennessee Regulatory Authority, as amended from time to time.

SECTION V

APPROVALS

It is understood and agreed that this Agreement is conditioned on approval by the Tennessee Regulatory Authority ("TRA") and the Tennessee-American Board of Directors. Promptly upon execution of this Agreement, Tennessee-American shall file an application for approval with the TRA and take such action in good faith as may be necessary to obtain the appropriate approval.

SECTION VI

INITIAL TERM OF AGREEMENT AND RENEWAL PERIODS

The initial term of this Agreement shall be for a period of three (3) years or thirty-six (36) monthly billing periods with three (3) optional three (3) year renewal periods. This Agreement will automatically renew on the same terms and conditions unless Ft. Oglethorpe notifies Tennessee American in writing that it affirmatively elects to not renew the Agreement no later than six (6) months prior to the termination date of the initial terms or any renewal term thereafter.

The water rates set forth in Section I are subject to increase during any renewal period as may be approved by the TRA. Tennessee-American will give Ft. Oglethorpe twelve (12) months prior written notice of any such rate increase and said rates are only subject to increase once per each renewal period.

The initial term shall commence with the effective date of the purchase of water under this Agreement. The effective date of the commencement of sales under the terms of this Agreement shall be the beginning of the next regular monthly billing period following approval of this Agreement by the TRA. Tennessee American shall notify Ft. Oglethorpe in writing of the date constituting the effective date of the purchase of water under this Agreement, once said date is established. No later than nine (9) months prior to the termination date of the initial terms or any renewal term thereafter, Tennessee-American shall notify Fort Oglethorpe in writing of the upcoming termination date.

SECTION VII

FORCE MAJEURE

Neither Ft. Oglethorpe or Tennessee-American shall be liable for damages to the other for any act, omission, or circumstance occasioned by or in consequence of any strikes, lockouts, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, droughts, washouts, civil disturbances, explosions, defects, leakage, breakage, or accident to machinery or lines of pipe, and any other cause, whether of the kind herein enumerated or otherwise, not reasonably within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. Failure to prevent or settle any strike or strikes shall not be considered to be a matter within the control of the party claiming suspension. Such causes or contingencies affecting such performance shall not relieve Ft. Oglethorpe from its obligations to make payment of amounts due hereunder. During the period of force majeure, the minimum annual charge shall be reduced by a ratio equal to the number of days of complete interruption divided by 365 days. If, during the period of force majeure some water can be delivered, then the ratio shall be multiplied by the percentage reduction in usage.

In the event of any type of water curtailment or interruption event, or any procedure, regulation or law for curtailment or interruption is utilized by, or imposed upon, Tennessee-American, then Ft. Oglethorpe shall abide by such curtailment or interruption procedures so as to restrict its customers in a fashion similar to affected customers of Tennessee-American.

SECTION VIII

EXTENSION OF AGREEMENT

This Agreement may be renegotiated for additional periods of time beyond the initial term of this Agreement and the renewal periods set forth in Section VI. Negotiations to extend the term of this Agreement beyond the last renewal period shall commence no later than six (6) months prior to the expiration date. However, the rates to be charged during any extension period and any renegotiated conditions shall be subject to prior approval by TRA.

SECTION IX

REPRESENTATIONS, COVENANTS AND INDEMNITY

(1) **Authority**

Ft. Oglethorpe represents and covenants that, at all times, it has the authority to enter into this Agreement, that no other requirements exist for this Agreement to be enforceable and that nothing in this Agreement is in violation, or will cause a violation, of any other contract, obligation or law to which Ft. Oglethorpe is subject.

(2) **Resale**

Ft. Oglethorpe may resell to another water re-seller any water purchased from Tennessee-American, provided Ft. Oglethorpe gives Tennessee-American ninety (90) days prior written notice. If Fort Oglethorpe enters an agreement to resell water purchased from Tennessee-American to another water re-seller, Fort Oglethorpe remains responsible for compliance with Section IX(3).

(3) **Inter-basin Transfer**

Ft. Oglethorpe acknowledges that none of the water it receives from Tennessee-American may be transferred, either directly or indirectly, outside the Lower Tennessee-Hiwassee River Basin, as that basin is defined by the Tennessee Department of Environment and Conservation ("TDEC"), unless Tennessee-American first obtains a permit for such transfer from TDEC.

Ft. Oglethorpe certifies and agrees that none of the water it receives from Tennessee-American will be transferred, either directly or indirectly, outside the Lower Tennessee-Hiwassee River Basin, as that basin is defined by TDEC, unless: (1) Ft. Oglethorpe provides Tennessee-American with 90-days prior notice of its intent to transfer such water outside the above-named basin, and (2) Ft. Oglethorpe receives notification from Tennessee-American that the proposed transfer has been approved by TDEC through the requisite permitting process.

Ft. Oglethorpe agrees to cooperate fully with Tennessee-American and TDEC and provide any documentation, records, or other assistance requested by Tennessee-American or TDEC throughout any required permitting process.

Ft. Oglethorpe agrees to indemnify Tennessee-American for the amount of any permit application fee Tennessee-American is assessed as a result of Ft. Oglethorpe's intent to transfer any water it received from Tennessee-American outside the Lower Tennessee-Hiwassee River Basin, as that basin is defined by TDEC.

Ft. Oglethorpe agrees to indemnify Tennessee-American for any fines, fees, or penalties Tennessee-American is assessed, or any costs Tennessee-American incurs due to any action on the part of Ft. Oglethorpe that results in a violation of any permitting requirement.

On September 1 of each year, Ft. Oglethorpe agrees to provide Tennessee-American with a statement, signed under oath, certifying that during the previous calendar year, Ft. Oglethorpe

has not directly or indirectly transferred any of the water it receives from Tennessee-American outside the Lower Tennessee-Hiwassee River basin, as that basin is defined by TDEC.

(4) **Indemnification**

Ft. Oglethorpe hereby indemnifies and holds Tennessee-American harmless from and against any claim, demands, penalties, actions, judgments, and losses or liabilities whatsoever, arising from or in connection with its breach or violation of this Agreement.

SECTION X

AFFIDAVITS

Prior to the effective date of this Agreement, and at any time during this Agreement upon reasonable notice, Ft. Oglethorpe agrees to provide an affidavit (or certificate, at the discretion of Tennessee-American) which represents and covenants that it is not in breach or any violation of this Agreement, nor has it any knowledge of any fact which, by the passage of time, will cause it to be in breach or violation of this Agreement.

SECTION XI

SERVICES

During the term of this Agreement, Tennessee-American may provide to Ft. Oglethorpe, certain non-regulated services ("Services") which are set forth in Schedule A, which is attached hereto and incorporated herein by reference. In the event such Services are provided, Ft. Oglethorpe agrees to pay Tennessee-American for such Services at the rates and charges set forth in Schedule A, as such may be amended from time to time by Tennessee-American upon giving Ft. Oglethorpe sixty (60) days advance notice.

Tennessee-American may add or discontinue Services to be offered under this Agreement upon written notice to Ft. Oglethorpe.

Tennessee-American reserves the right to enter into such separate agreements, contracts, work orders or other arrangement with Ft. Oglethorpe in order to adequately address the scope and performance of the specific Services to be provided to Ft. Oglethorpe.

Charges and rates for the Services shall be billed and paid, at the determination of Tennessee-American, either monthly along with Ft. Oglethorpe's metered usage according to Section V above, or on such other terms and conditions as directed by Tennessee-American.

SECTION XII

MISCELLANEOUS PROVISIONS

(1) **Assignment**

Upon obtaining written approval from Tennessee-American which will not be unreasonably withheld, this Agreement may be assigned by Ft. Oglethorpe to any successor in the operation of the facilities currently owned by Ft. Oglethorpe.

(2) Notices

Any notice required or permitted to be given by one of the parties to this Agreement shall be given by U.S. mail, personal delivery or by overnight carrier to the other party at the address set forth below:

City of Ft. Oglethorpe, Georgia
500 City Hall Drive
Ft. Oglethorpe, Georgia 30742
Attn: City Manager

Tennessee-American Water Company
1101 Broad Street
P.O. Box 6338
Chattanooga, Tennessee 37401
Attn: President

Any notice so given shall be deemed given upon its deposit in the U.S. mail, upon personal delivery or upon its delivery to the overnight carrier.

(3) **Governing Law And Venue**

This Agreement shall be governed by the laws of the State of Tennessee, which state shall also be the venue for any actions arising under this Agreement.

(4) **Enforceability**

In the event that any provision hereof is found to be invalid or unenforceable, such invalidity or unenforceability shall not impair or limit the validity or enforceability of any other provision hereof, each of which shall continue in full force and effect, and this Agreement shall be construed as if such invalid or unenforceable provisions were omitted from this Agreement. Titles to any section or subsection in this Agreement are for assistance in identification only and shall not be used to determine the enforceability of any provision of this Agreement.

(5) **Entire Agreement**

This Agreement constitutes the entire Agreement between Ft. Oglethorpe and Tennessee-American with respect to the subject matter contained in the Agreement, except that Ft. Oglethorpe is subject to the rules, regulations and other applicable conditions and provisions set forth in Tennessee-American's tariff on file with the TRA and as from time to time amended. This Agreement shall not be amended without the prior written consent of both parties. No

modification of this Agreement or waiver of any of its terms and conditions will be effective unless set forth in a written document signed by both parties.

SCHEDULE A

The following Schedule of Services is a general description of non-regulated Services which may be purchased on the terms and conditions, including hourly rate, which may be stated below. The actual scope of any Services to be performed and charges thereon may vary with the facts of each engagement. Therefore, each Service to be provided may be delineated in a specific contract, work order or other agreement.

General Type of Service	Fee
1. System Flushing	$400 per hour
2. Leak Detection	$121 per hour
3. Valve Maintenance	$121 per hour
4. Identification of Operation and Maintenance Problems	$ 62 per hour
5. Fire hydrant flow-testing and maintenance	$ 87 per hour
6. Water Quality Sampling for bacteria & chlorine analysis	$ 41 per hour
7. Repair of Main Breaks	$175 per hour, plus materials
8. Back Flow Valve Testing	$ 41 per hour
9. Construction Inspection Services	$ 51 per hour
10. Field Estimations for Main Extensions	$ 61 per hour
11. Loss Control Services	$ 64 per hour
12. Meter Testing (larger than 2-inch)	$117 per hour, plus materials
13. Meter Change-out	$ 68 per hour, plus materials
14. Meter Reading	$ 35 per hour
15. Monthly Billing Services	$0.405 per bill
16. Customer Services for Telephone Inquiries for Name Changes, Turn-Ons, Turn-Offs, Balance Inquiries, etc.	$ 30 per hour

Some minimum charges per Service may exist and will set forth with each specific contract or work order.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Don Petry

Question:

14. Refer to Schedule REV 2.1, WP 1 that provides the source and support for the Company's Sewer Billing Revenues for 2011. Provide the source and support for the projected number of third-party shut-offs (18,516) on this schedule. In addition, provide the historic number and amount of third-party shut-offs for 2006 through 2011.

Response:

See attachment for support for projected number of third-party shut-offs. The number of third-party shut-offs is not tracked and therefore not available.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Donald J. Petry

Question:

16. Refer to Schedule REV 2.1, WP 1 that provides the source and support for the Company's Disconnection/Reconnection Fees for 2011. Provide the historic number and amount of the Company's monthly Disconnection/Reconnection Fees from January 2006 through December 2011.

Response:

Please see attached.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Donald J. Petry

Question:

17. Refer to Schedule REV 1.1 that provides the projected amount of Miscellaneous Revenue (Line 32) projected by the Company for 2011. Provide the source and support for the remaining amount of Miscellaneous Revenue on the Company's books for 2011 ($39,300) after the Company's adjustment for AWR billing is removed. If the remaining amount ($39,300) is related to NSF Check Charges, please provide the monthly number and amount of NSF charges from January 2006 through December 2011. In addition, provide the monthly number and amount of AWR billing charges from January 2006 through December 2011.

Response:

Please see attached.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Donald J. Petry

Question:

18. Refer to Schedule REV 1.1 that provides the projected amount of Rents from Water Property (Line 28) projected by the Company for 2011. Provide a narrative of the source for this rental revenue as well as a copy of the lease agreements supporting the Company's projection of $190,984. In addition, provide the monthly rental revenue from January 2006 through December 2011.

Response:

The source of the rental income is contracts with cellular phone service providers. The providers rent out space to install their antennas on top of water towers. Please see the attached contracts that are currently in effect.

Please find also attached a report providing the monthly rental revenue from January 2006 through December 2011 broken out by customer.

Re: First Amendment to Antenna Lease Agreement Dated March 17, 1998

Dear Sirs:

Attached is a fully executed First Amendment to the Antenna Lease Agreement dated March 17, 1998. We corrected your date of October 21, 1998 and have included a copy of the original agreement. The effective date of this First Amendment is October 3, 2003.

Should you have questions, please call me.

Sincerely,

Herbert A. Miller, Jr.

FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT

THIS FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT ("Amendment") is made effective as of the 3rd day of October, 2003 ("Effective Date"), by and between **TENNESSEE-AMERICAN WATER COMPANY,** a Tennessee corporation ("Lessor"), and **SPRINTCOM, INC.,** a Kansas Corporation ("Lessee").

BACKGROUND

Pursuant to an Antenna Lease Agreement dated ~~October 21~~ March 17, 1998 ("Agreement"), Lessor leased to Lessee a portion of certain real property located at 102A Averill Street, Lookout Mountain, Tennessee, and further described in Exhibit A to the Agreement (the "Site"). Lessee failed to give written notice of its intention to exercise the first term extension option by the required six month advance notice date of May 1, 2003 (said notice being dated June 6, 2003), and therefore Landlord gave notice to Lessee of non-compliance with said extension notice provision of Section 4 of the Agreement and a denial of the renewal term extension on September 9, 2003.

Lessor and Lessee desire to amend the Agreement as set forth herein.

AGREEMENT

The parties agree as follows:

1. **Term:** The first extension term as specified in Section 5 of the Agreement shall commence effective as of October 1, 2003 ("Extension Commencement Date").

2. **Rent:** At the beginning of the Extension Commencement Date, the annual rent for the Site shall be Thirty Six Thousand Dollars and Zero Cents ($36,000.00). Rent shall be payable in equal monthly installments, in advance, beginning on the Extension Commencement Date. Rent for any additional extension terms shall increase thereafter as described in the Agreement.

3. **Access**: Section 6 of the Agreement is amended in line one (1) to delete the entire first sentence and insert in lieu thereof the following sentence: "Lessor agrees that Lessee shall have reasonable access to the water tower at all reasonable times, subject to the rules and regulations of the Lessor, for the purposes of installing and maintaining said Equipment."

4. **Notices**: Section 17 of the Agreement is amended by deleting the entire provision and substituting the following in its place:

All notices, requests, demands or other communications with respect to the Agreement, whether or not herein expressly provided for, shall be in writing and shall be deemed to have been duly delivered either three (3) business days after being mailed by United States first-class certified or registered mail, postage prepaid, return receipt requested; or the next business day after being deposited with an overnight courier service for next-day

Sprint Site ID: CG03XC152D

delivery to the parties at the following addresses (such addresses may be changed by either party by giving written notice thereof to the other):

Overland Park, Kansas 66251-2020

5. **Reaffirmation; Intention to be Bound**. Except as provided in this Amendment, each and every term, condition and agreement contained in the Agreement will remain in full force and effect. The parties reaffirm that the representations and warranties made by each of the parties in the Agreement are true and accurate as of the Effective Date. The parties executing this Amendment, on behalf of themselves, their assigns and successors, hereby acknowledge and reaffirm their intention to be bound by the terms and conditions of the Agreement.

The parties have caused this Amendment to be executed as of the Effective Date.

Re: Sprint Site ID#CG03XC152
102A Averill St., Lookout Mountain, TN

Dear Mr. Beaudoin:

Your letter of June 6, 2003 (copy enclosed) has been referred to me for a response. I am the in-house corporate counsel representing Tennessee-American Water Company.

Following receipt of your letter attempting to renew the lease on the above-described site, we examined the lease dated March 17, 1998 (which you reference as October 21, 1998), and draw your attention to Section 5 thereof. Sprint is required to provide notice of its intention to extend the lease for an additional 5 years at least six months prior to the end of the current term.

Since the notice by Sprint was not received at least six months prior to the end of the first 5-year term, Tennessee-American considers the notice as not timely provided and, therefore, not effective to renew the lease.

We recognize that Sprint may still want to continue the lease for this site. Should this be the case, Tennessee-American is available to discuss new rental terms regarding both compensation and other terms. If Sprint would like to proceed on these terms, please call me at 859-268-6339, or correspond with me at 2300 Richmond Road, Lexington, Kentucky 40502.

Thank you.

Sincerely,

Herbert A. Miller, Jr.

ACKNOWLEDGED BY LESSOR:

By: _____
Name: _____
Title: _____
Date: _____

ANTENNA LEASE AGREEMENT

THIS AGREEMENT, made this 17TH day of March, 1998, by and between

Tennessee-American Water Company, a Tennessee corporation with its principal place of business located at 1101 Broad Street, Chattanooga, Tennessee 37402, ("Lessor");

and

SprintCom, Inc., a Kansas corporation with its principal place of business located at 1200 Main Street, Kansas City, Missouri 64105
("Lessee")

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

1. **Premises**

Lessor hereby leases to Lessee that certain space on Lessor's water tank located at Bragg Avenue, Chattanooga, Tennessee, as shown on the drawing attached hereto as Exhibit A, and being further described in Deed Book _____ at Page _____, together with a parcel of land sufficient for the installation of Lessee's equipment building as shown on Exhibit A, together with the non-exclusive right of ingress and egress seven (7) days per week, twenty-four (24) hours per day, in accordance with the guidelines set forth on Exhibit C, hereto, on foot or motor vehicle, including trucks and for the installation and maintenance of utility wires, poles, cables, conduits, and pipes over, under, or along a twenty (20') foot wide right-of-way to the demised premises solely for the purposes set forth in Paragraph 2, hereof. Said Tank, parcel of land and right-of-way for access ("Property") being substantially as described in Exhibit A, hereto.

2. **Use**

Lessee shall use the Property for the purpose of constructing, maintaining, and operating a communications facility and uses incidental thereto together with one (1) antenna structure and all necessary connecting appurtenances at Lessee's sole cost and expense. All structures and equipment intended to be used on the Property and the frequencies of operation of such equipment is set forth in detail on Exhibit B. A security fence, or other means of security (see Exhibit C), consisting of chainlink construction may be placed around the perimeter of the Property at the discretion and approval of Lessor (not including the access easement). All improvements, including but not limited to, installation of the fence or other means of security, and local approvals, if necessary, shall be paid for by Lessee. Lessee shall submit plans and specifications to Lessor for Lessor's written approval, which approval shall not be unreasonably withheld or delayed. In the event that the Lessor does not furnish the Lessee with written approval within thirty (30) days of the date of submission of the plans, Lessor will be deemed to have approved them. If Lessor places a fence around the Property, the cost of such fence shall be borne by Lessor.

3. **Conditions To Use**

It is understood and agreed that Lessee's ability to use the Property is contingent upon its obtaining, after the execution date of this Agreement, all of the certificates, permits and other approvals that may be required by any Federal, State, or Local authorities, which will permit use of the Property for Lessee's intended purpose.

4. **Rent**

Beginning on the Commencement Date, rental payments will be due at an annual rental of Twenty Four Thousand Dollars ($24,000.00), to be paid in equal monthly installments on the first day of the month, in advance to the Lessor at the address designated in Paragraph 17, hereof, or to

any other person, firm, or place as the Lessor may from time to time designate in writing at least thirty (30) days in advance of any rental payment date.

The annual rental for subsequent five (5) year extension terms shall be increased to reflect any increase in the cost of living for the period immediately preceding each extension term. The increase in the cost of living, if any, shall be measured by the Regional Consumer Price Index for all Consumers (1982 - 1984 = 100), All Items, All Consumers (CPI) or any similar index published by an agency of the United States Government if such index should be terminated or revised, or in the event there shall be no similar index so published, any index or measure reasonably calculated so as to measure the change in the cost of living in a manner consistent with the CPI shall be calculated between the first and last calendar month of each five (5) year period by multiplying the change in such CPI by the monthly rent being paid immediately prior to such adjustment. The rent as adjusted shall thereafter be payable in equal monthly installments until the rent shall be once again adjusted for the subsequent five (5) year period.

5. **Term and Term Extension**

The term of this Agreement shall be five (5) years and shall be effective on the Commencement date, which is defined as the first (1st) day of the month in which this Agreement is executed by all Parties. Lessee shall have the option to extend this Agreement for three (3) additional five (5) year terms by giving the Lessor written notice of its intention to do so at least six (6) months prior to the end of the then current term. If at the end of the third (3rd) five (5) year extension term, this Agreement has not been terminated by either Party by giving to the other written notice of an intention to terminate it at least six (6) months prior to the end of such term, this Agreement shall continue in force upon the same covenants, terms and conditions for a further term of one (1) year and for annual terms thereafter until terminated by either Party by giving to the other

written notice of its intention to so terminate at least six (6) months prior to the end of such term. Monthly rental for this period shall be equal to the rent paid for the last month of the third (3rd) five (5) year extension.

6. **Access**

Lessor agrees that Lessee shall have free access to the water tower at all times as per Exhibit C, hereto, for the purpose of installing and maintaining said Equipment. Lessor shall furnish Lessee with necessary provisions for access as per Exhibit D for the purpose of ingress and egress to the water tower site. It is agreed, however, that only authorized employees, or properly authorized contractors of Lessee or persons under its supervision, will be permitted to enter said premises.

7. **Termination**

Except as otherwise provided herein, this Lease may be terminated, without any penalty or further liability, on thirty (30) days' written notice as follows: (a) by either party upon a default of any covenant or term hereby by the other which is not cured within sixty (60) days of receipt of written notice of default (without, however, limiting any other rights available to the parties pursuant to any other provisions hereof); (b) by Lessee if it is unable to obtain or maintain any license, permit or other approval necessary to the operation of the Antenna Facilities or Lessee's business; (c) by Lessee if the Premises are or become unacceptable under Lessee's design or engineering specifications for its use of the Antenna Facilities; (d) by Lessor upon twelve (12) months' notice, if it determines to dismantle the Tank which Lessee is leasing; and (e) by Lessor if Lessee has not received all permits and approvals on or before twelve (12) months from the date of execution of this Agreement. In addition to any other right or event of termination hereunder, Lessee may, at any time during the term of this Lease, terminate this Lease on three (3) months' prior written notice to Lessor, provided Lessee continues to pay rent to Lessor for the six (6) months next following the date

of such notice of termination.

8. **Conditions Precedent**

This Lease is expressly conditioned on approval by Lessor's Board of Directors.

9. **Condemnation**

If a portion of the tank or tank site is taken or condemned for a public or quasi-public use (a sale in lieu of or in settlement of condemnation shall be deemed a taking or condemnation for purposes of this Lease), to the extent that Lessee's use is deemed to be destroyed, this Lease shall, at either Party's option, terminate as of the date title to the site or tank vests in the condemnor and the Rent shall be apportioned and paid in full by Lessee to Lessor to that date and neither Party shall thereafter have any liability hereunder.

Lessee shall have the right and it shall be its duty to remove its equipment from the Property on or before the date that title vests in the condemnor.

Lessor and Lessee shall have the right to pursue in a condemnation or sale in lieu thereof, damages or other compensation relative to their respective interests in the Property.

10. **Title to the Property**

Lessor covenants that Lessor is seized of good and sufficient title and interest to the Property and has full authority to enter into and execute this Agreement. Lessor further covenants that there are no other liens, judgments, or impediments of title on the Property or affecting Lessor's title to same other than that Indenture of Mortgage between Tennessee-American Water Company and First Union National Bank (successor to The Fidelity Bank), dated as of May 1, 1968, as supplemented and amended.

11. **Indemnification**

To the fullest extent permitted by laws and regulations, Lessee shall indemnify and hold

harmless Lessor and its agents, officers, directors and employees of each and any of them from and against all claims, damages, losses and expenses, direct, indirect or consequential (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration or other dispute resolution costs) arising out of or resulting from the use or occupancy of the Property by Lessee, its servants, employees or agents, provided that any such claim, damage, loss or expense (a) is attributable to bodily injury, personal injury, sickness, disease or death, or to injury to or destruction of tangible, intangible, or intellectual property, including the loss of use resulting therefrom and (b) is caused in whole or in part by any negligence, act or omission of Lessee, its servants, employees or agents, or anyone for whose acts Lessee may be liable, regardless of whether or not caused in part by any negligence, act or omission of a person or entity indemnified hereunder or whether liability is imposed upon such indemnified party by laws and regulations regardless of the negligence of any such person or entity.

In any and all claims against Lessor, its agents, officers, directors, or employees of each or any of them by any employee (or the survivor or personal representative of such employee) of Lessee, its servants, employees or agents, any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Lessee, its servants, employees, or agents, or other person or organization under workers' compensation acts, disability benefit
acts or other employee benefits acts.

If any provisions of this paragraph in respect of indemnification is prohibited or unenforceable by applicable law, then this paragraph, as applicable, shall be reformed and amended so that the parties indemnified hereunder are provided with the fullest extent of indemnification as is permitted

under applicable law.

In addition to any other indemnification contained herein, Lessee agrees to defend, indemnify and hold Lessor harmless from any claims relating to or arising from interference as related to Lessee's use and occupancy of the Property. By giving this indemnification, Lessee does not acknowledge or recognize the validity of radio frequency claims as they apply to communications facilities.

Lessor agrees to indemnify Lessee against all claims, damages, losses and expenses arising out of or resulting from Lessor's ownership or use of the Property attributable to bodily harm, or death or property damage which is caused in whole or part by Lessor's negligence. Lessor will also indemnify Lessee against interference claims related to Lessor's use of the Property.

12. Insurance

Lessee shall, at Lessee's expense, obtain and keep in force during the term of this Lease comprehensive general liability and property liability insurance with liability limits of not less than Five Million Dollars ($5,000,000.00) for injury to or death of one or more persons in any one occurrence, and for damage to or destruction of property in any one occurrence. Lessor shall be named as an additional named insured, and the policies shall contain cross liability endorsements. Lessee may carry said insurance under a blanket policy, provided, however, said insurance by Lessee shall have a Lessor's protection liability endorsement attached thereto. If Lessee shall fail to procure and maintain said insurance, Lessor, upon written notice, may, but shall not be required to, procure and maintain same, but at the expense of Lessee. Insurance required hereunder shall be in companies rated A or better in "Best's Insurance Guide." Lessee shall deliver to Lessor, prior to occupancy of the Property, copies of policies of liability insurance required herein or certificates evidencing the existence and amounts of such insurance with loss payable clauses reasonably satisfactory to Lessor.

No policy shall be cancellable or subject to reduction of coverage except after ten (10) days' prior written notice to Lessor.

13. Installation, Maintenance and Operation

It is understood and agreed that the Lessor must approve the installation, contractor and personnel chosen by Lessee to install, maintain and operate the equipment and that said installation, maintenance and operation will in no way damage or interfere with Lessor's use of the water tank, antennae or appurtenances. Lessor's approval of the installation, contractor and personnel shall not be unreasonably withheld or delayed. If Lessor does not approve said installation, contractor and personnel within 30 days from receipt of the information related thereto, they shall be deemed approved.

No materials may be used in the installation of the antennae or transmission lines that will cause corrosion or deterioration of the water tank structure or its appurtenances. Prior to the installation of an antenna on the water tank, Lessee shall have a structural analysis performed, signed and sealed by a professional engineer licensed in the state in which the tank is located and approved by the Lessor. The analysis shall determine if the tank can accommodate the installation of the proposed facilities. If structural improvements are required prior to installation of the facilities, all costs associated therewith shall be borne by the Lessee.

All welding, cutting, and coating work required for the installation of antennae anchors, brackets, supports, etc, shall conform to the applicable requirements of AWWA Standard D100. The coatings and surface preparations used for the repair of existing coatings shall be approved by Lessor. The existing coatings shall be tested for the presence of lead and other hazardous substances, as defined in The Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §9601 et. seq. and regulations interpreting said Act. The cost of all lead

abatement and containment procedures shall be borne by the Lessee as part of the installation cost.

All installation, maintenance or operations work on the facilities that requires placing the water tank out of service shall be coordinated with the Lessor and the times and durations of placing the tank out of service shall be at the convenience of the Lessor. Any costs to take the tank out of service including, but not limited to, the cost of labor, the cost to drain, disinfect and refill the tank, shall be borne by the Lessee.

All electrical work to be performed on the Property shall be in accordance with the National Electric Code and all applicable local codes. All wiring outside of the tank shall be installed in rigid steel conduit.

Each antenna must be identified by a metal tag fastened securely to its bracket on the water tower and each transmission line is to be tagged at the conduit opening where it enters the Lessee's equipment building.

If the Lessee, its agents, employees, or equipment causes damage to the water tank, Lessee agrees to repair such damage with reasonable promptness at Lessee's own cost and expense. If Lessee fails to do so, Lessor shall have the right to repair said damage and invoice Lessee for said costs. Lessee agrees to maintain the antennae, transmission lines and other appurtenances in proper operating condition and maintain same in satisfactory condition as to appearance and safety. The duty to repair shall be in addition to and not in lieu of the Lessee's indemnification obligations contained herein.

All installations and operation in connection with this Agreement by Lessee shall meet with all applicable Rules and Regulations of the Federal Communications Commission, Federal Aviation Administration and all applicable codes and regulations of the relevant federal, municipal, county and state entities. Under this Agreement, Lessor assumes no responsibility for the licensing,

operation and/or maintenance of Lessee's telecommunications equipment.

It is understood that Lessor, from time to time, will need to repair the water tank and/or remove and re-coat the tank with a new paint system. Following notification of the need and schedule for tank maintenance, which shall occur thirty (30) days prior to maintenance unless emergency conditions dictate a shorter notice period, the Lessee shall remove, secure, relocate, and/or protect its facilities during the entire duration of the maintenance activities, which shall not exceed ninety (90) days unless dictated by weather conditions or an emergency. The cost of removing, securing, relocating, and/or protecting shall be borne by the Lessee. Any other additional costs to perform coating maintenance due to the installation or presence of the facilities shall be borne by the Lessee.

14. Interference

In the event that the operations of Lessee under this Agreement interfere with the water storage and distribution by Lessor or other earlier authorized operations on the site, Lessee shall at its own expense and within 24 hours after notice thereof, correct such interference. This provision shall not apply to test periods where the source of the interference is being determined for purposes of suppression. In the event that transmitting or receiving devices installed on the site in the future by any authorized user shall interfere with Lessee's transmission or reception, Lessor shall cause such interference to be eliminated as soon as reasonably possible at its sole cost. In the event that any such interference does not cease within such reasonable period, the parties acknowledge that continuing interference will cause irreparable injury to Lessee and Lessee shall have the right, in addition to any other rights that it may have at law or equity, to bring action to enjoin such interference or to terminate this Lease.

15. Taxes

Lessee is solely responsible for any and all taxes assessed by reason of the erection by Lessee

of its communication facility and equipment, which taxes shall be paid promptly when due by Lessee.

16. Assignment

This Agreement may not be sold, assigned or transferred by the Lessee without the prior approval or consent of the Lessor except to the Lessee's principal, affiliate, or subsidiaries of its principal. Lessee may, upon notice to Lessor grant a security interest in the Equipment located on the Property to any SprintCom lender without Lessor's consent. Any consent required of the Lessor under this Agreement shall not be unreasonably withheld or delayed.

This Agreement shall extend to and bind the successors and assigns of the Parties hereto.

17. Notice

All notices hereunder must be in writing and shall be deemed validly given if sent by certified mail, return receipt requested, or by overnight mail, addressed as follows (or any other address that the Party to be notified may have designated to the sender by like notice):

18. Governing Law

This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the state in which the Property is located.

19. Entire Agreement

It is understood and agreed that this Agreement contains all agreements, promises and understandings between the Lessor and Lessee and that no verbal or oral agreements, promises, or understandings shall be binding upon either the Lessor or Lessee in any dispute, controversy or proceeding at law, and any addition, variation or modification to this Agreement shall be void and unenforceable unless made in writing and signed by the authorized representatives of the Parties hereto.

IN WITNESS WHEREOF, the Parties hereto have set their hands and affixed their respective seals the day and year first written above.

LEASE TRACT DESCRIPTION

A lease tract in Hamilton County, Tennessee, lying with that particular parcel of lands designated as Parcel 7, on Map 266D, Group C, in the Tax Assessor's Office for said Hamilton County, and being a portion of the lands of The Town of Lookout Mountain, no deed reference (exempt), and being more particularly described as follows:

Commencing at a railroad spike found; said spike having these Tennessee Grid coordinates: N=244492.2983, E=2164613.5075.

Thence North 19 Degrees 40 Minutes 38 Seconds West, a distance of 53.20 feet to a point and the true Point Of Beginning;

Thence South 38 Degrees 51 Minutes 46 Seconds West, a distance of 18.00 feet to a point; Thence North 51 Degrees 31 Minutes 48 Seconds West, a distance of 11.00 feet to a point; Thence North 38 Degrees 51 Minutes 46 Seconds East, a distance of 18.00 feet to a point; Thence South 51 Degrees 31 Minutes 48 Seconds East, a distance of 11.00 feet to the Point Of Beginning.

The Lease Tract thus described contains 198 square feet or 0.005 acres, more or less.

ACCESS AND UTILITY EASEMENT

An easement for the purpose of affording ingress to and egress from the Lease Tract lying in that particular parcel of lands designated as Parcel 7, on Map 266D, Group C, in the Tax Assessor's Office for Hamilton County, Tennessee, and for facilitating the construction and maintenance of electric and telephone utility service to said Lease Tract, said easement being a strip of land running on, over and across the lands of The Town Of Lookout Mountain, no deed reference (exempt), and being more particularly described as follows:

Commencing at a railroad spike found; said spike having these Tennessee Grid coordinates: N=244492.2983, E=2164613.5075.

Thence North 08 Degrees 35 Minutes 47 Seconds East, a distance of 120.12 feet to a point and the true Point Of Beginning;

Thence South 61 Degrees 19 Minutes 17 Seconds West, a distance of 50.85 feet to a point; Thence around a curve to the right through a central angle of 92 Degrees 11 Minutes 49 Seconds, an arc distance of 24.41 feet, a radius of 15.17 feet and a chord bearing of South 31 Degrees 48 Minutes 12 Seconds West with a distance of 21.86 feet to a point; Thence South 13 Degrees 32 Minutes 12 Seconds East, a distance of 21.40 feet to a point; Thence South 51 Degrees 32 Minutes 11 Seconds East, a distance of 3.95 feet to a point; Thence North 38 Degrees 51 Minutes 46 Seconds East, a distance of 5.66 feet to a point; Thence South 51 Degrees 31 Minutes 48 Seconds East, a distance of 5.00 feet to a point; Thence North 13 Degrees 32 Minutes 16 Seconds West, a distance of 16.91 feet to a point; Thence North 53 Degrees 33 Minutes 37 Seconds East, a distance of 3.69 feet to a point; Thence around a curve to the right through a central angle of 59 Degrees 59 Minutes 45 Seconds, an arc distance of 26.43 feet, a radius of 25.24 feet and a chord bearing of North 36 Degrees 14 Minutes 53 Seconds East with a distance of 25.24 feet to a point; Thence North 61 Degrees 20 Minutes 13 Seconds East, a distance of 36.12 feet to a point; Thence North 30 Degrees 21 Minutes 27 Seconds West, a distance of 10.00 feet to the Point Of Beginning.

The Easement thus described contains 866 square feet or 0.02 acres, more or less.

FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT

THIS FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT (**"Amendment"**) is made as of this 1st day of February, 2011 ("**Effective Date**"), by and between Tennessee American Water Company, a Tennessee corporation, with its principal office located at 1101 Broad Street, Chattanooga, TN 37401 (**"Lessor"**).

and

Verizon Wireless Tennessee Partnership d/b/a Verizon Wireless, a Delaware general partnership, with a principal office located at One Verizon Way, Mail Stop 4AW100 Basking Ridge, NJ 07920 ("**Lessee**").

WITNESSETH:

WHEREAS, Lessor and Lessee have entered into an Antenna Lease Agreement dated August 31, 2000 ("Lease"), whereby the Lessee leased space on Lessor's water tank for the placement of its tower equipment and a portion of real property for placement of its ground equipment located at Fort Circle and North Bragg Avenue and West Averill Street, Lookout Mountain, Hamilton County, TN ("Site");

WHEREAS, Lessee wishes to modify certain provisions of the Lease; and

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Lessee shall have the right to install one (1) additional CSS X7C-FRO-440-0 antenna at a centerline height of 90 feet, for a total of three (3) antennas with associated diplexers, brackets and cables. In addition, all existing and proposed antennas, cables, associated brackets shall be painted to match said water tank.

2. Collective Exhibit A attached to the Lease is hereby deleted in its entirety and replaced with Collective Exhibit A-1, attached hereto and incorporated herein. As of the

TN-AW Site: Lookout Mtn. **Lessee Site Name: LookoutMountain**
Lessee Site #: 106333

Effective Date of the Amendment, any and all references in the Lease to Collective Exhibit A shall be references to Collective Exhibit A-1.

3. Lessee's rental payments shall increase by an additional Seventy-Five and 00/100 Dollars ($75.00) per month for a new total monthly payment of Two Thousand Three Hundred Twenty and 80/100 Dollars ($2,320.80) to take effect February 1, 2011.

4. As of the Effective Date, the Second Paragraph of Section 4 of the Lease is hereby deleted in its entirety and replaced with the following:

> "The annual rental for each subsequent five (5) year extension term shall be increased by 10% of the annual rental payable with respect to the immediately preceding five (5) year term."

5. Lessee shall be responsible for all permitting to governmental agencies and all costs associated with said improvements shall be at Lessee's sole expense.

6. All capitalized terms used herein, unless otherwise defined herein, shall be defined in conformity with the terms and conditions of the Lease.

7. In case of any inconsistencies between the terms and conditions contained in the Lease and the terms and conditions contained herein, the terms and conditions herein shall control. Except as set forth herein, all provisions of the Lease remain unchanged and in full force and effect.

In re: Antenna Lease Agreement With Cellco Partnership Related to the Lookout Mountain Water Tank

Dear Mr. L'Ecuyer:

Enclosed for your file you will find your original of the following documents:

1. Antenna Lease Agreement between Tennessee-American Water Company and Chattanooga Cellular Telephone Company;
2. Antenna Lease Agreement (Short Form) between Tennessee-American Water Company and Chattanooga Cellular Telephone Company; and
3. First Amendment to Antenna Lease Agreement and Antenna Lease Agreement (Short Form) between Tennessee-American Water Company and Cellco Partnership d/b/a Verizon Wireless.

We are hand delivering to Dan Rimann with his package a check covering the January and February rent in the amount of $4,000. March and future rental payments will be received by Tennessee-American by mail.

We have enjoyed working with you and the other fine Tennessee-American Water Company professionals in connection with this matter.

Thank you very much.

Sincerely yours,

Tracy C. Wooden

ANTENNA LEASE AGREEMENT

THIS AGREEMENT, made this 31st day of August, 2000, by and between Tennessee-American Water Company ("Lessor") and Chattanooga Cellular Telephone Company with its principal place of business located at 3100 West End Avenue, Suite 1100, Nashville Tennessee 37203 ("Lessee").

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

1. Premises

Lessor hereby leases to Lessee that certain space on Lessor's water tank located at Fort Circle at North Bragg Avenue and West Averill Street in the Town of Lookout Mountain, Tennessee, as shown on the drawing attached hereto as **Collective Exhibit A**, and being further described in the Deed of Easement and Right-of-Way recorded in Deed Book 5200 at Page 493, in the Register's Office of Hamilton County, Tennessee together with a parcel of land sufficient for the installation of Lessee's equipment building as shown on **Collective Exhibit A** attached hereto, together with the non-exclusive right of ingress and egress seven (7) days per week, twenty-four (24) hours per day, on foot or motor vehicle, including trucks and for the installation and maintenance of utility wires, poles, cables, conduits, and pipes over, under or along the demised premises solely for the purposes set forth in Paragraph 2, hereof. Said Tank, parcel of land and right-of-way for access ("Property") being substantially as described in **Collective Exhibit A**, hereto.

Point Park TN0987

2. USE

Lessee shall use the Property for the purpose of constructing, maintaining, and operating a communications facility and uses incidental thereto and all necessary connecting appurtenances at Lessee's sole cost and expense. All structures and equipment intended to be used on the Property and the frequencies of operation of such equipment shall be substantially as set forth in **Collective Exhibit A** attached hereto . A security fence, or other means of security, consisting of chainlink construction may be placed around the perimeter of the Property at the discretion and approval of Lessor (not including the access easement). All improvements, including but not limited to, installation of the fence or other means of security, and local approvals, if necessary, shall be paid for by Lessee. Lessee shall submit plans and specifications to Lessor for Lessor's written approval, which approval shall not be unreasonable withheld or delayed. In the event that the Lessor does not furnish the Lessee with written approval within thirty (30) days of the date of submission of the plans, Lessor will be deemed to have approved them.

3. Conditions to Use

It is understood and agreed that Lessee's ability to use the Property is contingent upon its obtaining, after the execution date of this Agreement, all of the certificates, permits and other approvals that may be required by any Federal, State, or Local authorities, which will permit use of the Property for Lessee's intended purpose.

4. Rent

Beginning on the Commencement Date, rental payments will be due at an annual rental of Twenty Four Thousand and No/100 Dollars ($24,000.00), to be paid in equal

monthly installments on the first day of the month, in advance to the Lessor at the address designated in Paragraph 15, hereof, or to any other person, firm, or place as the Lessor may from time to time designate in writing at least thirty (30) days in advance of any rental payment date.

The annual rental for subsequent five (5) year extension terms shall be increased to reflect any increase in the cost of living for the period immediately preceding each extension term. The increase in the cost of living, if any, shall be measured by the Regional Consumer Price Index for all Consumers (1982 - 1984 = 100), all Items, all Consumers (CPI) or any similar index published by an agency of the United States Government if such index should be terminated or revised, or in the event there shall be no similar index so published, any index or measure reasonably calculated so as to measure the change in the cost of living in a manner consistent with the CPI shall be calculated between the first and last calendar month of each five (5) year period by multiplying the change in such CPI by the monthly rent being paid immediately prior to such adjustment. The rent as adjusted shall thereafter be payable in equal monthly installments until the rent shall be once again adjusted for the subsequent five (5) year period. Any rent, charges, fees or other costs whatsoever, charged to Lessee by any other party other than Lessor, or due to Lessee's occupancy of the Property shall be at the sole cost and expense of Lessee.

5. Term and Term Extension

The term of this Agreement shall be five (5) years and shall be effective on the Commencement Date, which is defined as the first (1st) day of the month, following the month in which Lessee obtains all zoning and all other permits and approvals needed in

order to operate its communications facility at the Property, but not later than January 1, 2001. Lessee may commence the Initial Term of the Lease even if Lessee has not obtained all permits and approvals by January 1, 2001 if Lessee desires to continue pursuing those permits and approvals. However, in the event Lessee has not obtained all permits and approvals by January 1, 2001, and desires to continue to pursue those permits, Lessee will begin paying the monthly rental payments to Lessor. If Lessee still has not obtained all permits and approvals by April 1, 2001, Lessee, in Lessee's discretion may terminate this Antenna Lease Agreement in which case Lessor shall refund all rentals previously paid by Lessee. In the alternative, if Lessee has not obtained all permits and approvals by April 1, 2001, Lessee may continue efforts to obtain such permits and approvals provided Lessee continues to pay the rental payments during the permit approval process, in which case, Lessee shall not be entitled to any refund of rental amounts paid. Provided that this Lease has not been terminated before the expiration date of the Initial Term or any Renewal Term this Lease shall automatically renew for four (4) terms of five (5) years each unless the Lessee gives written notice, at least ninety (90) days prior to the expiration of the then current term, of its intentions not to let the Lease automatically renew. If at the end of the fourth (4th) five (5) year extension term, this Agreement has not been terminated by either Party by giving to the other written notice of an intention to terminate it at least six (6) months prior to the end of such term, this Agreement shall continue in force upon the same covenants, terms and conditions for a further term of one (1) year and for annual terms thereafter until terminated by either Party by giving to the other written notice of its intention to so terminate at least six (6) months

prior to the end of such term. Monthly rental for this period shall be equal to the rent paid for the last month of the fourth (4th) five (5) year extension.

6. Access

Lessor agrees that Lessee shall have free access to the water tower at all times for the purpose of installing and maintaining said Equipment. Lessor shall furnish Lessee with necessary provisions for access for the purpose of ingress and egress to the water tower site. It is agreed, however, that only authorized employees, or properly authorized contractors of Lessee or persons under its supervision, will be permitted to enter said premises.

7. Termination

Except as otherwise provided herein, this Lease may be terminated, without any penalty or further liability, on thirty (30) days' written notice as follows: (a) by either party upon a default of any covenant or term hereby by the other which is not cured within sixty (60) days of receipt of written notice of default (without, however, limiting any other rights available to the parties pursuant to any other provisions hereof); (b) by Lessee if it is unable to obtain or maintain any license, permit or other approval necessary to the operation of the Antenna Facilities or Lessee's business; (c) by Lessee if the Premises are or become unacceptable under Lessee's design or engineering specifications for its use of the Antenna Facilities; (d) by Lessor upon twelve (12) months' notice, if it determines to dismantle the Tank which Lessee is leasing; and (e) by Lessee if Lessee has not received all permits and approvals on or before the Commencement Date. In the event of termination under sections 7(b) or 7(c) above, Lessee may, terminate this Lease on three

(3) months' prior written notice to Lessor, provided Lessee continues to pay rent to Lessor for the six (6) months next following the date of such notice of termination.

8. Condemnation

If a portion of the tank or tank site is taken or condemned for a public or quasi-public use (a sale in lieu of or on settlement of condemnation shall be deemed a taking or condemnation for purposes of this Lease), to the extent that Lessee's use is deemed to be destroyed, this Lease shall, at either Party's option, terminate as of the date title to the site or tank vests in the condemnor and the Rent shall be apportioned and paid in full by Lessee to Lessor to that date and neither Party shall thereafter have any liability hereunder.

Lessee shall have the right and it shall be its duty to remove its equipment from the Property and without harming Lessor's Property on or before the date that title vests in the condemnor. In the event that any government or other public body shall take all or such part of the Property or adjoining or adjacent property subject to an easement appurtenant thereby making it physically or financially unfeasible as determined by Lessee in its sole discretion for the Property to be used in the manner it was intended to be used by this Lease, Lessee shall have the right to assert a claim against the condemnor for the portion attributable to Lessee's interest in the Property and to terminate this Lease effective as of the date of the taking by the condemning party and the rental shall be equitable prorated. If only a portion of the Property is taken, and Lessee does not elect to terminate this Lease under this provision, then rental payments provided under this Lease shall be reduced proportionally as to the portion taken which is not then usable by Lessee and this Lease shall continue.

9. Title to the Property

Lessor covenants that Lessor is seized of good and sufficient title and interest to the Property and has full authority to enter into and execute this Agreement. Lessor further covenants that there are no other liens, judgments, or impediments of title on the Property or affecting Lessor's title to same. This Lease is subject to a Deed of Easement and Right-of-Way from the Town of Lookout Mountain, Tennessee, dated October 13, 1998.

10. Indemnification

Both Lessee and Lessor agree to use and occupy the Property at its own risk and hereby release the other from claims from any damage or injury suffered by the other; provided however, Lessee shall take all reasonable actions to protect the Property of the Lessor during the installation, operation and maintenance of Lessee's equipment, and each of Lessor and Lessee shall indemnify and save the other harmless from all claims (including costs and expenses of defending against such claims) arising from the others breach of any of their obligations hereunder or from the negligence or willful misconduct of Lessor or Lessee as the case may be, or any of their agents, employees, contractors or other tenants of Lessor occurring during the term of this Lease.

11. Insurance

Lessee shall, at Lessee's expense, obtain and keep in force during the term of this Lease comprehensive general liability and property liability insurance with liability limits of not less than Five Million Dollars ($5,000,000.00) for injury to or death of one or more persons in any one occurrence, and for damage to or destruction of property in any one occurrence. Lessor shall be named as an additional named insured, and the policies shall

contain cross liability endorsements. Lessee may carry said insurance under a blanket policy, provided, however, said insurance by Lessee shall have a Lessor's protection liability endorsement attached thereto. If Lessee shall fail to procure and maintain insurance, Lessor, upon written notice, may, but shall not be required to, procure and maintain same, but at the expense of Lessee. Insurance required hereunder shall be in companies rated A or better in "Best's Insurance Guide." Lessee shall deliver to Lessor, prior to occupancy of the Property, copies of policies of liability insurance required herein or certificates evidencing the existence and amounts of such insurance with loss payable clauses reasonable satisfactory to Lessor. No policy shall be cancellable or subject to reduction of coverage except after ten (10) days' prior written notice to Lessor.

12. Installation, Maintenance and Operation

It is understood and agreed that the Lessor must approve the installation, contractor and personnel chosen by Lessee to install, maintain and operate the equipment and that said installation, maintenance and operation will in no way damage or interfere with Lessor's use of the water tank, antennae or appurtenances. Lessor's approval of the installation, contractor and personnel shall not be unreasonable withheld or delayed.

No materials may be used in the installation of the antennae or transmission lines that will cause corrosion or deterioration of the water tank structure or its appurtenances. Prior to the installation of the antenna on the water tank, Lessee shall have a structural analysis performed, signed and sealed by a professional engineer licensed in the state in which the tank is located and approved by the Lessor. The analysis shall determine if the tank can accommodate the installation of the proposed facilities. If structural

improvements are required prior to installation of the facilities, all costs associated therewith shall be borne by the Lessee.

All welding, cutting, and coating work required for the installation of antennae anchors, brackets, supports, etc, shall conform to the applicable requirements of AWWA Standard D100. The coatings and surface preparations used for the repair of existing coatings shall be approved by Lessor. The existing coatings shall be tested for the presence of lead and other hazardous substances, as defined in The Comprehensive Environmental Response, Compensation and Liability Act 42 U.S.C. §9601 *et seq.* and regulations interpreting said Act. The cost of all lead abatement and containment procedures shall be borne by the Lessee as part of the installation cost.

All installation, maintenance or operations work on the facilities that requires placing the water tank out of service shall be coordinated with the Lessor and the times and durations of placing the tank out of service shall be at the discretion and convenience of the Lessor. Any costs to take the tank out of service including, but not limited to, the cost of labor, the cost to drain, disinfect and refill the tank, shall be borne by the Lessee but only after advance written notice from Lessor to Lessee that such costs would be incurred.

All electrical work to be performed on the Property shall be in accordance with the National Electric Code and all applicable local codes. All wiring outside of the tank shall be installed in rigid steel conduit.

Each antenna must be identified by a metal tag fastened securely to its bracket on the water tower and each transmission line is to be tagged at the conduit opening where it enters the Lessee's equipment building.

If the Lessee, its agents, employees, or equipment causes damage to the water tank, Lessee agrees to repair such damage immediately at Lessee's own cost and expense. If Lessee fails to do so, Lessor shall have the right to repair said damage and invoice Lessee for said costs. Lessee agrees to maintain the antennae, transmission lines and other appurtenances in proper operating condition and maintain same in satisfactory condition as to appearance and safety. The duty to repair shall be in addition to and not in lieu of the Lessee's indemnification obligations contained herein.

All installations and operation in connection with this Agreement by Lessee shall meet with all applicable Rules and Regulations of the Federal Communications Commission, Federal Aviation Administration and all applicable codes and regulations of the relevant federal, municipal, county and state entities. Under this Agreement, Lessor assumes no responsibility for the licensing, operation and/or maintenance of Lessee's telecommunications equipment.

It is understood that Lessor, from time to time, will need to repair the water tank and/or remove and re-coat the tank with a new paint system. Following notification of the need and schedule for tank maintenance, the Lessee, if reasonably required by Lessor, shall remove, secure, relocate, and/or protect its facilities during the entire duration of the maintenance activities. The cost of removing, securing, relocating, and/or protecting shall be borne by the Lessee. Any other additional costs to perform coating maintenance due to the installation or presence of the facilities shall be borne by the Lessee.

13. Interference.

In the event that the operations of Lessee under this Agreement interfere with the water storage and distribution by Lessor or other earlier authorized operations on the site,

Lessee shall at its own expense, as soon as reasonably possible after notice thereof, correct such interference. This provision shall not apply to test periods where the source of the interference is being determined for the purposes of suppression. In the event that transmitting or receiving devices installed on the site in the future by any authorized user shall interfere with Lessee's transmission or reception, Lessor shall after notice from Lessee, demand such interference to be eliminated as soon as reasonably possible at such authorized user's sole cost. In the event that any such interference does not cease within such reasonable period, the parties acknowledge that continuing interference will cause irreparable injury to Lessee and Lessee shall have the right, in addition to any other rights that it may have at law or equity, to bring action against such authorized user to enjoin such interference or to terminate this Lease. In the event of Lessee's action to enjoin, Lessor agrees to cooperate with Lessee and assign its rights, as may be required, to Lessee.

14. Taxes

Lessee is solely responsible for any and all taxes assessed by reason of the erection by Lessee of its communication facility and equipment, which taxes shall be paid promptly when due by Lessee.

15. Notice

All notices hereunder must be in writing and shall be deemed validly given if sent by certified mail, return receipt requested, or by overnight mail, addressed as follows (or any other address that the Party to be notified may have designated to the sender by like notice):

LESSOR: Tennessee-American Water Company

Nashville, Tennessee 37203
Attn: Property Management TN0987

16. Governing Law

This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the state in which the Property is located.

17. Entire Agreement

It is understood and agreed that this Agreement contains all agreements, promises and understandings between the Lessor and Lessee and that no verbal or oral agreements, promises, or understandings shall be binding upon either the Lessor or Lessee in any dispute, controversy or proceeding at law, and any addition, variation or modification to this Agreement shall be void and unenforceable unless made in writing and signed by the authorized representatives of the Parties hereto.

18. Assignment

This Lease may not be sold, subleased, assigned or transferred at any time except to Tenant's principal, affiliates or subsidiaries of Tenant or its principal or to any company upon which Tenant is merged or consolidated. As to other parties, this Lease may not be sold, subleased, assigned or transferred without the written consent of the Landlord, such consent not to be unreasonably withheld.

19. Miscellaneous

Lessee may file of record in the property records in the county in which the Property and the land that is the subject of the easements are located a Memorandum of Antenna Lease Agreement setting forth the names and addresses of Lessor and Lessee, the legal description of the Property and the land that is the subject of the Easements, the duration of the Term and such other provisions of this Agreement as Lessee deems appropriate, and Lessor hereby appoints Lessee as Lessor's agent to prepare and record such Memorandum.

IN WITNESS WHEREOF, the Parties hereto have set their hands and affixed their respective seals the day and year first written above.

Chattanooga, Tennessee 37402

ANTENNA LEASE AGREEMENT (SHORT FORM)

This Antenna Lease Agreement (Short Form) ("Agreement") is made and entered into as of the 31st day of August, 2000, by and between TENNESSEE-AMERICAN WATER COMPANY, hereinafter referred to as "Lessor" and CHATTANOOGA CELLULAR TELEPHONE COMPANY, hereinafter referred to as "Lessee."

W I T N E S S E T H:

That the Lessor and Lessee do this day enter into this Antenna Lease Agreement (Short Form) ("Agreement"). Lessor and Lessee have also entered into a long form Antenna Lease Agreement ("Antenna Lease Agreement") on even date herewith, which is hereby incorporated herein by reference as if set forth verbatim herein, pursuant to which Lessor leases to Lessee and Lessee leases from Lessor certain space on Lessor's water tank located at Fort Circle at North Bragg Avenue and West Averill Street in the Town of Lookout Mountain, Tennessee, as shown on the drawings attached hereto as **Collective Exhibit A**, and being further described in the Deed of Easement and Right-of-Way recorded in Deed Book 5200 at Page 493, in the Register's Office of Hamilton County, Tennessee together with a parcel of land sufficient for the installation of Lessee's equipment building as shown on **Collective Exhibit A** attached hereto, together with the non-exclusive right of ingress and egress seven (7) days per week, twenty-four (24) hours per day, on foot or motor vehicle, including trucks and for the installation and maintenance

of utility wires, poles, cables, conduits, and pipes over, under or along the demised premises solely for the purposes set forth in the Antenna Lease Agreement. Said Tank, parcel of land and right-of-way for access ("Property") being substantially as described in **Collective Exhibit A**, hereto.

Under this Agreement, and the Antenna Lease Agreement, the Lessor and Lessee have entered into a lease of the Property for an Initial Term of five (5) years beginning on the Commencement Date defined in the Antenna Lease Agreement. Additionally, Lessee has the option to allow the lease term to automatically renew for four (4) additional terms of five (5) years each.

Should any provisions of the Antenna Lease Agreement and this Agreement be in conflict, or require interpretation, the parties agree that the provisions of the Antenna Lease Agreement shall control in all cases, it being the intent of the parties to execute this Agreement to give notice of the existence of the Antenna Lease Agreement.

IN WITNESS WHEREOF, the Parties hereto have set their hands and affixed their respective seals the day and year first written above.

FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT AND ANTENNA LEASE AGREEMENT (SHORT FORM)

THIS FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT AND ANTENNA LEASE AGREEMENT (SHORT FORM) (this "Agreement") is made and entered into as of the 8th day of December, 2000, by and between Tennessee-American Water Company ("Lessor") and CELLCO PARTNERSHIP d/b/a VERIZON WIRELESS f/k/a Chattanooga Cellular Telephone Company ("Lessee").

WHEREAS, Lessor and Lessee entered into an Antenna Lease Agreement dated the 31st day of August, 2000; and

WHEREAS, Lessor and Lessee entered into a Antenna Lease Agreement (Short Form) dated the 31st day of August, 2000; and

WHEREAS, the Town of Lookout Mountain has subsequently requested of Lessee that the antenna installation and the supporting equipment be relocated to a new location, and that utilities, wiring, coax, and related appurtenances be extended from such equipment in accordance with the revised plans as shown on the exhibits attached hereto.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree that all of the exhibits attached to the Antenna Lease Agreement and to the Antenna Lease Agreement (Short Form) shall be deleted and shall be replaced and superceded. The new exhibits to the Antenna Lease Agreement and the Antenna Lease Agreement (Short Form), which shall replace all of such previous exhibits, are attached hereto as Collective Exhibit A.

This Agreement may be executed in two or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties, it being understood that all parties need not sign the same counterpart.

IN WITNESS WHEREOF, Lessor and Lessee have executed this First Amendment to Antenna Lease Agreement and Antenna Lease Agreement (Short Form) as of the date and year first above written.

MEMORANDUM OF LEASE

THIS MEMORANDUM OF LEASE ("Memorandum") is executed this 3rd day of March, 1998, by and between **Tennessee-American Water Company("Lessor")** and **Powertel/Atlanta, Inc.("Lessee")** and evidences that on the _____ day of _____, 199___ a Tower Attachment Agreement ("Lease") was entered into by and between Lessor and Lessee.

1. **Lease Term**. The terms of the Lease shall be five (5) years commencing on the Commencement Date, as that term is defined in the Lease, and terminating at midnight on the fifth (5th) anniversary of the Commencement Date ("Initial Term"). Lessee has the right under the terms of the Lease to extend the Lease for three (3) additional five (5) year terms ("Renewal Terms").

2. **Property**. Subject to the terms of the Lease Lessor has leased to Lessee the real property described in Exhibit "A" attached hereto ("Property") and Lessor has granted unto Lessee for the Initial Term and any Renewal Term easements for ingress, egress and utilities over that real property described in Exhibit "B" attached hereto ("Easement").

3. **Notices**. All notices, requests, demands, and other communications to the Lessor or Lessee shall be made at the following addresses:

Lessor:	**Lessee**:
Tennessee-American Water Company	Powertel/Atlanta, Inc.
1101 Broad Street	1233 O.G. Skinner Drive
Chattanooga, TN 37402	Atlanta, GA 31833

IN WITNESS WHEREOF, the parties have executed this Memorandum as of the date first set forth above.

ANTENNA LEASE AGREEMENT

THIS AGREEMENT, made this 3rd day of March, 1998, by and between

Tennessee-American Water Company, a Tennessee corporation with its principal place of business located at 1101 Broad Street, Chattanooga, Tennessee 37402, ("Lessor");

and

Powertel/Atlanta, Inc., a Delaware corporation with its principal place of business located at 1233 O. G. Skinner Drive, West Point, Georgia 31833, ("Lessee").

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

1. Premises

Lessor hereby leases to Lessee that certain space on Lessor's water tank located at 284 South Crest Road, Chattanooga, Tennessee 37404, as shown on the drawing attached hereto as Exhibit A, and being further described in Deed Book G, Vol. 5, Page 150, together with a parcel of land sufficient for the installation of Lessee's equipment building as shown on Exhibit A, together with the non-exclusive right of ingress and egress seven (7) days per week, twenty-four (24) hours per day, in accordance with the guidelines set forth on Exhibit C, hereto, on foot or

motor vehicle, including trucks and for the installation and maintenance of utility wires, poles, cables, conduits, and pipes over, under, or along a twenty (20') foot wide right-of-way to the demised premises solely for the purposes set forth in Paragraph 2, hereof. Said Tank, parcel of land and right-of-way for access ("Property") being substantially as described in Exhibit A, hereto.

2. Use

Lessee shall use the Property for the purpose of constructing, maintaining, and operating a communications facility and uses incidental thereto together with one (1) antenna structure and all necessary connecting appurtenances at Lessee's sole cost and expense. All structures and equipment intended to be used on the Property ("Equipment") and the frequencies of operation of such equipment is set forth in detail on Exhibit B. A security fence, or other means of security (see Exhibit C), consisting of chainlink construction may be placed around the perimeter of the Property at the discretion and approval of Lessor (not including the access easement). All improvements, including but not limited to, installation of the fence or other means of security, and local approvals, if necessary, shall be paid for by Lessee. Lessee shall submit plans and specifications to Lessor for Lessor's written approval, which approval shall not be unreasonably withheld or delayed. In the event that the Lessor does not furnish the Lessee with written approval within thirty (30) days of the date of submission of the plans, Lessor will be deemed to have approved them.

3. Conditions To Use

It is understood and agreed that Lessee's ability to use the Property is contingent upon its obtaining, after the execution date of this Agreement, all of the certificates, permits and other

approvals that may be required by any Federal, State, or Local authorities, which will permit use of the Property for Lessee's intended purpose.

4. Rent

Beginning on the Commencement Date, rental payments will be due at an annual rental of Twenty Four Thousand Dollars ($24,000.00), to be paid in equal monthly installments on the first day of the month, in advance to the Lessor at the address designated in Paragraph 17, hereof, or to any other person, firm, or place as the Lessor may from time to time designate in writing at least thirty (30) days in advance of any rental payment date.

The annual rental for subsequent five (5) year extension terms shall be increased to reflect any increase in the cost of living for the period immediately preceding each extension term. The increase in the cost of living, if any, shall be measured by the Regional Consumer Price Index for all Consumers (1982 - 1984 = 100), All Items, All Consumers (CPI) or any similar index published by an agency of the United States Government if such index should be terminated or revised, or in the event there shall be no similar index so published, any index or measure reasonably calculated so as to measure the change in the cost of living in a manner consistent with the CPI shall be calculated between the first and last calendar month of each five (5) year period by multiplying the change in such CPI by the monthly rent being paid immediately prior to such adjustment. The rent as adjusted shall thereafter be payable in equal monthly installments until the rent shall be once again adjusted for the subsequent five (5) year period.

5. Term and Term Extension

The term of this Agreement shall be five (5) years and shall be effective on the Commencement Date, which is defined as the first (1st) day of the month in which this Agreement is executed by all Parties. Lessee shall have the option to extend this Agreement for three (3) additional five (5) year terms by giving the Lessor written notice of its intention to do so at least six (6) months prior to the end of the then current term. If at the end of the third (3rd) five (5) year extension term, this Agreement has not been terminated by either Party by giving to the other written notice of an intention to terminate it at least six (6) months prior to the end of such term, this Agreement shall continue in force upon the same covenants, terms and conditions for a further term of one (1) year and for annual terms thereafter until terminated by either Party by giving to the other written notice of its intention to so terminate at least six (6) months prior to the end of such term. Monthly rental for this period shall be equal to the rent paid for the last month of the third (3rd) five (5) year extension.

6. Access

Lessor agrees that Lessee shall have free access to the water tower at all times as per Exhibit C, hereto, for the purpose of installing and maintaining said Equipment. Lessor shall furnish Lessee with necessary provisions for access as per Exhibit D for the purpose of ingress and egress to the water tower site. It is agreed, however, that only authorized employees, or properly authorized contractors of Lessee or persons under its supervision, will be permitted to enter said premises.

7. Termination

Except as otherwise provided herein, this Agreement may be terminated, without any penalty or further liability, on thirty (30) days' written notice as follows: (a) by either party upon a default of any covenant or term hereby by the other which is not cured within sixty (60) days of receipt of written notice of default (without, however, limiting any other rights available to the parties pursuant to any other provisions hereof); (b) by Lessee if it is unable to obtain or maintain any license, permit or other approval necessary to the operation of the Antenna Facilities or Lessee's business; (c) by Lessee if the Premises are or become unacceptable under Lessee's design or engineering specifications for its use of the Antenna Facilities; (d) by Lessor upon twelve (12) months' notice, if it determines to dismantle the Tank which Lessee is leasing; and (e) by Lessor if Lessee has not received all permits and approvals on or before twelve (12) months from the date of execution of this Agreement. In addition to any other right or event of termination hereunder, Lessee may, at any time during the term of this Agreement, terminate this Agreement on three (3) months' prior written notice to Lessor, provided Lessee continues to pay rent to Lessor for the six (6) months next following the date of such notice of termination.

8. Conditions Precedent

This Agreement is expressly conditioned on approval by Lessor's Board of Directors.

9. Condemnation

If a portion of the tank or tank site is taken or condemned for a public or quasi-public use (a sale in lieu of or in settlement of condemnation shall be deemed a taking or condemnation for purposes of this Agreement), to the extent that Lessee's use is deemed to be destroyed, this

Agreement shall, at either Party's option, terminate as of the date title to the site or tank vests in the condemnor and the Rent shall be apportioned and paid in full by Lessee to Lessor to that date and neither Party shall thereafter have any liability hereunder.

Lessee shall have the right and it shall be its duty to remove its equipment from the Property on or before the date that title vests in the condemnor.

All compensation awarded upon such condemnation or taking shall go to the Lessor and Lessee shall have no claims thereto; and Lessee expressly waives, relinquishes, and releases to Lessor any claim for damages or other compensation to which Lessee might otherwise be entitled because of any such taking or limitation of the leasehold estate hereby created and irrevocably assigns and transfers to Lessor any right to compensation of all or a part of the Property on the leasehold estate.

10. Title to the Property

Lessor covenants that Lessor is seized of good and sufficient title and interest to the Property and has full authority to enter into and execute this Agreement. Lessor further covenants that there are no other liens, judgments, or impediments of title on the Property or affecting Lessor's title to same other than that Indenture of Mortgage between Tennessee-American Water Company and First Union National Bank (successor to The Fidelity Bank), dated as of May 1, 1968, as supplemented and amended.

11. Indemnification

To the fullest extent permitted by laws and regulations, Lessee shall indemnify and hold harmless Lessor and its agents, officers, directors and employees of each and any of them from and against all claims, damages, losses and expenses, direct, indirect or consequential (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration or other dispute resolution costs) arising out of or resulting from the use or occupancy of the Property by Lessee, its servants, employees or agents, provided that any such claim, damage, loss or expense (a) is attributable to bodily injury, personal injury, sickness, disease or death, or to injury to or destruction of tangible, intangible, or intellectual property, including the loss of use resulting therefrom and (b) is caused in whole or in part by any negligence, act or omission of Lessee, its servants, employees or agents, or anyone for whose acts Lessee may be liable.

In any and all claims against Lessor, its agents, officers, directors, or employees of each or any of them by any employee (or the survivor or personal representative of such employee) of Lessee, its servants, employees or agents, any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Lessee, its servants, employees, or agents, or other person or organization under workers' compensation acts, disability benefit acts or other employee benefits acts.

If any provisions of this paragraph in respect of indemnification is prohibited or unenforceable by applicable law, then this paragraph, as applicable, shall be reformed and amended so that the parties indemnified hereunder are provided with the fullest extent of

indemnification as is permitted under applicable law.

In addition to any other indemnification contained herein and subject to Paragraph 14 of this Agreement, Lessee agrees to defend, indemnify and hold Lessor harmless from any claims relating to or arising from interference as related to Lessee's use and occupancy of the Property.

12. Insurance

Lessee shall, at Lessee's expense, obtain and keep in force during the term of this Agreement comprehensive general liability and property liability insurance with liability limits of not less than Five Million Dollars ($5,000,000.00) for injury to or death of one or more persons in any one occurrence, and for damage to or destruction of property in any one occurrence. Lessor shall be named as an additional named insured, and the policies shall contain cross liability endorsements. Lessee may carry said insurance under a blanket policy, provided, however, said insurance by Lessee shall have a Lessor's protection liability endorsement attached thereto. If Lessee shall fail to procure and maintain said insurance, Lessor, upon ten (10) days written notice to Lessee, may, but shall not be required to, procure and maintain same, but at the expense of Lessee. Insurance required hereunder shall be in companies rated A or better in "Best's Insurance Guide." Lessee shall deliver to Lessor, prior to occupancy of the Property, copies of policies of liability insurance required herein or certificates evidencing the existence and amounts of such insurance with loss payable clauses reasonably satisfactory to Lessor. No policy shall be cancellable or subject to reduction of coverage except after ten (10) days' prior written notice to Lessor.

13. Installation, Maintenance and Operation

It is understood and agreed that the Lessor must approve the installation, contractor and personnel chosen by Lessee to install, maintain and operate the equipment and that said installation, maintenance and operation will in no way damage or interfere with Lessor's use of the water tank, antennae or appurtenances. Lessor's approval of the installation, contractor and personnel shall not be unreasonably withheld or delayed.

No materials may be used in the installation of the antennae or transmission lines that will cause corrosion or deterioration of the water tank structure or its appurtenances. Prior to the installation of an antenna on the water tank, Lessee shall have a structural analysis performed, signed and sealed by a professional engineer licensed in the state in which the tank is located and approved by the Lessor. The analysis shall determine if the tank can accommodate the installation of the proposed antennae. If structural improvements are required prior to installation of the facilities, all costs associated therewith shall be borne by the Lessee.

All welding, cutting, and coating work required for the installation of antennae anchors, brackets, supports, etc, shall conform to the applicable requirements of AWWA Standard D100. The coatings and surface preparations used for the repair of existing coatings shall be approved by Lessor. The existing coatings shall be tested for the presence of lead and other hazardous substances, as defined in The Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §9601 et. seq. and regulations interpreting said Act. The cost of all lead abatement and containment procedures discussed in this paragraph shall be borne by the Lessee as part of the installation cost.

All installation, maintenance or operations work on the facilities that requires placing the water tank out of service shall be coordinated with the Lessor and the times and durations of

placing the tank out of service shall be at the convenience of the Lessor. Any costs to take the tank out of service including, but not limited to, the cost of labor, the cost to drain, disinfect and refill the tank, shall be borne by the Lessee.

All electrical work to be performed on the Property shall be in accordance with the National Electric Code and all applicable local codes. All wiring outside of the tank shall be installed in rigid steel conduit.

Each antenna must be identified by a metal tag fastened securely to its bracket on the water tower and each transmission line is to be tagged at the conduit opening where it enters the Lessee's equipment building.

If the Lessee, its agents, employees, or equipment causes damage to the water tank, Lessee agrees to repair such damage with reasonable promptness at Lessee's own cost and expense. If Lessee fails to do so, Lessor shall have the right to repair said damage and invoice Lessee for said costs. Lessee agrees to maintain the antennae, transmission lines and other appurtenances in proper operating condition and maintain same in satisfactory condition as to appearance and safety. The duty to repair shall be in addition to and not in lieu of the Lessee's indemnification obligations contained herein.

All installations and operation in connection with this Agreement by Lessee shall meet with all applicable Rules and Regulations of the Federal Communications Commission, Federal Aviation Administration and all applicable codes and regulations of the relevant federal, municipal, county and state entities. Under this Agreement, Lessor assumes no responsibility for the licensing, operation and/or maintenance of Lessee's Equipment.

It is understood that Lessor, from time to time, will need to repair the water tank and/or remove and re-coat the tank with a new paint system. Following notification of the need and

schedule for tank maintenance, which shall occur thirty (30) days prior to maintenance unless emergency conditions dictate a shorter notice period, the Lessee shall remove, secure, relocate, and/or protect its facilities during the entire duration of the maintenance activities, which shall not exceed ninety (90) days unless dictated by weather conditions or an emergency. The cost of removing, securing, relocating, and/or protecting shall be borne by the Lessee. Any other additional costs to perform coating maintenance due to the installation or presence of the Equipment shall be borne by the Lessee.

14. Interference

In the event that the operations of Lessee under this Agreement interfere with the water storage and distribution by Lessor or other earlier authorized operations on the site, Lessee shall at its own expense and within 24 hours after notice thereof, correct such interference. This provision shall not apply to test periods where the source of the interference is being determined for purposes of suppression. In the event that transmitting or receiving devices installed on the site in the future by any authorized user shall interfere with Lessee's transmission or reception, Lessor shall cause such interference to be eliminated as soon as reasonably possible at its sole cost. In the event that any such interference does not cease within such reasonable period, the parties acknowledge that continuing interference will cause irreparable injury to Lessee and Lessee shall have the right, in addition to any other rights that it may have at law or equity, to bring action to enjoin such interference or to terminate this Agreement.

15. Taxes

Lessee is solely responsible for any and all taxes assessed by reason of the erection by

Lessee of its Equipment, which taxes shall be paid promptly when due by Lessee upon receipt from Lessor of written evidence.

16. Assignment

Any Sublease or Assignment of this Agreement that is entered into by Lessor or Lessee shall be subject to the provisions of this Agreement. Additionally, Lessee may, upon notice to Lessor, mortgage or grant a security interest in this Agreement and the Equipment, and may assign this Agreement and the Equipment to any such Secured Parties or holders of security interests including their successors and assigns (hereinafter collectively referred to as "Secured Parties"). In such event, Lessor shall execute such consent to leasehold financing as may reasonably be required by Secured Parties. Lessor agrees to notify Lessee and Lessee's Secured Parties simultaneously of any default by Lessee and to give Secured Parties the same right to cure any default as Lessee except that the cure period for any Secured Party shall not be less than 10 days after the receipt of the default notice. Lessee may assign this Agreement without the consent of Lessor to an affiliate of Lessee or to an entity which acquires Lessee's communications license from the Federal Communications Commission. If a termination, disaffirmance or rejection of the Agreement pursuant to any laws (including any bankruptcy or insolvency laws) by Lessee shall occur, or if Lessor shall terminate this Agreement for any reason, Lessor will give to the Secured Parties prompt notice thereof and Lessor will give the Secured Parties the right to enter upon the Property during a 30-day period commencing upon the Secured Parties receipt of such notice for the purpose of removing any Equipment. Lessor acknowledges that the Secured Parties shall be third-party beneficiaries of this Agreement.

17. Notice

All notices hereunder must be in writing and shall be deemed validly given if sent by certified mail, return receipt requested, or by overnight mail, addressed as follows (or any other address that the Party to be notified may have designated to the sender by like notice):

LESSOR: Tennessee-American Water Company

Attn: Legal Department

18. Governing Law

This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the state in which the Property is located.

19. Entire Agreement

It is understood and agreed that this Agreement contains all agreements, promises and understandings between the Lessor and Lessee and that no verbal or oral agreements, promises, or understandings shall be binding upon either the Lessor or Lessee in any dispute, controversy

or proceeding at law, and any addition, variation or modification to this Agreement shall be void and unenforceable unless made in writing and signed by the authorized representatives of the Parties hereto.

20. Subject to the provisions of this Agreement, Lessor further warrants that Lessee shall have the quiet enjoyment of the Property during the term of this Lease and that Lessor shall indemnify Lessee from and against any loss, cost or damage including attorneys fees, associated with a breach of the foregoing covenant of quiet enjoyment.

IN WITNESS WHEREOF, the Parties hereto have set their hands and affixed their respective seals the day and year first written above.

MISSION RIDGE STANDPIPE

All that certain tract or parcel of land situate in The City of Chattanooga, Hamilton County, Tennessee, bounded and described as follows:

A tract of land called MISSION RIDGE STANDPIPE SITE, and being a part of Lots 26 and 34 of the Dunlap Place on Mission Ridge, as shown by plat of said Dunlap Place of record in Book G, Vol. 5, page 150 in the Register's Office of Hamilton County, Tennessee; Beginning at a point in the West line of Lot 34, of the Dunlap Place on Mission Ridge, said line being also the Western line of Section 36, Township 2, Range 4 West of the Basis Line, Ocoee District, 25 ft. Southwardly from the Northwest corner of said Lot 34; running thence Eastwardly and parallel with the North line of said Lot 34, 125 ft. to a point; thence Northwardly and parallel with the West line of said Lot 34, crossing the North line of said Lot 34 at 25 ft., a distance of 35 ft. in all to a point in Lot 26 of said Dunlap Place; thence Westwardly, parallel with the North line of said Lot 34, Dunlap Place, a distance of 50 ft.; thence Southwestwardly, forming an angle of 135 deg. to a point in the North line of said Lot 34 Dunlap Place; thence Westwardly with the North line of said Lot 34 Dunlap Place, 65 ft. to the Northwest corner of said Lot 34; thence Southwardly, at right angles along the Western line of said Lot 34, 25 ft. to the point of beginning, all as shown by plat registered with the deed from Robert Hooke and Wife to W. S. Kuhn, Trustee, registered in Book Y, Vol. 9, page 611 in the Register's Office of said County. Said lot is located in the North Half of the Southwest Quarter of Section 36, Township 2, Range 4 West of the Basis Line, Ocoee District;

Being the same tract of land conveyed to City Water Company by William S. Kuhn and wife by deed dated March 7, 1910 and recorded in Book E, Vol. 10, page 665 in the Office of the Register of Hamilton County, Tennessee.

284 S. Crest Rd
37404

- #12 -

Name: Mission Ridge Stand Pipe

Address: Crest Road

Tax Map #: 156K-J-005.01

Legal Description:
District 1

Lot Size: 35 x 125

Location:
The property is located on Missionary Ridge, which is an excellent residential neighborhood with older expensive homes. Missionary Ridge was a Civil War battleground and is a historic area, with homes in strong demand. Most homes have views.

Analysis and Final Value Estimate:
The subject site is landlocked, but there is a water storage tank on the site. When vacant, the site would only have value as additional yard for one of the residences on either side of the property. The estimate value of the site is $1,000.

EXHIBIT "B"

Description of Lessee's facilities to be provided after complete survey.

Exhibit A and B

Legal Description.

Commencing at an iron pin being the Southeast corner of the City Water Comany Tract as described in Deed Book 818 Page 192 in the Register's Office of Hamilton County, Tennessee said iron pin being also the Point of Beginning; thence North 66ø52'57" West, a distance of 125.37 feet to a concrete monument; thence North 23ø30'57" East, a distance of 25.40 feet to a concrete monument; thence South 66ø52'57" East, a distance of 65.00 feet to a point; thence North 69ø08'10" East, a distance of 13.83 feet to a point; thence South 66ø52'57" East, a distance of 50.00 feet to a point; thence South 22ø43'26" West, a distance of 35.00 feet to the Point of Beginning. Containing 0.09 ACRES, more or less.

Also conveyed is a 25 foot Access and Utility Easement extending from the Northwest side of the subject property to South Crest Road a Publicly maintained Road with a right-of-way of 20 feet in width, and being more particularly described as follows:
Beginning at point in said Northwest line of the above described property, said point being North 23ø30'57" East a distance of 12.70' from the Southwest corner of the above described property; thence with and along the centerline of said easement North 66ø52'57" West a distance of 17.13 feet to the Southeast margin of South Crest Road and the end of traverse.

EXHIBIT C

Access Guidelines

Access to the site will be via the steps from South Crest Road to the Tank. The Lessee shall contact Tennessee-American Water Company ("TAWC") through the production superintendent, Dave Snyder, at 423-755-7645 and advise of site visits and construction times. Due to the residential location, work shall be conducted between the hours of 8:00 a.m. and 6:00 p.m. except in an emergency.

EXHIBIT D

Access Easement

Access to the site is provided via South Crest Road.

Re: Antenna Lease Agreement between Tennessee-American Water Company and Powertel/Atlanta, Inc.

Dear Mr. Morgan:

Pursuant to the Antenna Lease Agreement dated March 3, 1998, Powertel/Atlanta, Inc. has made a determination to proceed with the Lease Term, commencing on March 1, 1998.

The initial Term of this lease shall be for a five (5) year term beginning on the 1st day of March, 1998. A check in the amount of $2,000.00, the initial lease payment is enclosed. Additional payments will be sent to you directly from Powertel. I have also attached an original fully executed Antenna Lease Agreement and Memorandum of Lease for your records.

Should you have any questions with regards to this matter, please feel free to contact me at (501) 666-1300. Thank you.

Sincerely,

DELANIA WATSON

regard to the alternate site the same as if this Lease had originally applied thereto. If Lessee does not wish to install the Facilities at the alternate site, this Lease shall terminate.

(2) Upon failure to cure default in the payment of rent or other fees or charges payable hereunder, within twenty (20) days following issuance of a written notice of default.

(3) Upon twelve (12) months' prior written notice if Lessor seeks to redevelop the Land in a manner inconsistent with the continued existence of the Facilities. In the event Lessor issues a notice of termination under this Sub Section 17(A)(3), Lessor shall use its best efforts to make available to Lessee an alternate site, owned by Lessor and suitable to Lessee, for the installation of the Facilities. If a suitable alternate site is identified, Lessee shall promptly undertake to install similar Facilities on the alternate site as will permit it to remove all Facilities from the Leased Premises. Upon completion of the installation of similar Facilities at the alternate location, the Facilities at the Leased Premises shall be promptly removed therefrom. Concurrently therewith, this Lease shall be revised as necessary to accurately describe the alternate site and the similar Facilities located thereon and this Lease shall not terminate, but shall continue in full force and effect with regard to the alternate site the same as if the Lease had originally applied thereto. If Lessee does not wish to install similar Facilities at the alternate site, it shall have the option of continuing to make all authorized uses of the Leased Premises under the terms of this Lease; provided, however, that in that event, Lessee shall compensate Lessor for either the loss in potential development value of the Property or any costs associated with the continued existence of the Facilities on the Leased Premises, at Lessor's election.

Lessor's right hereunder to terminate the Lease for redevelopment purposes may not be exercised during the Initial Term of this Lease, nor more than once during the entire term of this Lease (including any Extended Term).

(B) By Lessee: (1) Upon ten (10) days' prior written notice if the Leased Premises are damaged or destroyed to an extent which

prohibits or materially interferes with Lessee's use thereof.

(2) Upon ninety (90) days prior written notice to Lessor, if Lessee is unable to obtain, or maintain, any required approval(s) or the issuance of a license or permit by any agency, board, court or other governmental authority necessary for the construction or operation of the Facility as now and hereafter intended by Lessee despite Lessee's good faith efforts to obtain or maintain the same; or if Lessee determines in its sole discretion that the cost of obtaining or retaining the same is commercially unreasonable.

(3) Upon ninety (90) days prior written notice to Lessor during any Extended Term (but not during the Initial Term) and the payment concurrently with the issuance of such notice of a termination fee in an amount equal to 6 months rent at the then current monthly rental; provided that Lessee shall not be in default under the terms of the Lease either at the time of issuance of the notice or at any time during the subsequent 90 days of the remaining lease term and; provided further, that all Facilities are removed within thirty (30) days of the termination of the Lease as provided in Section 20 hereof.

(C) By Either Party: (1) Upon failure to cure any default of any covenant or term of the Lease (other than the payment of rent) within thirty (30) days following the defaulting party's receipt of a written notice of default by the non-defaulting party.

18. **Subordination, Attornment and Estoppel.**

(A) This Lease shall be subject and subordinate at all times to (i) all ground leases or underlying leases that may now exist or hereafter be executed affecting the Property, and (ii) the lien of any mortgage or deed of trust or other security instrument or encumbrance which may now exist or which may at any time hereafter be made upon the Property or upon Lessor's interest therein. This provision shall be self operative, and no further instrument of subordination shall be required to effect the subordination of this Lease. Nonetheless, in confirmation of such subordination, Lessee shall execute and deliver such further instruments subordinating this Lease to any such ground lease or underlying lease or to the lien of any such mortgage or deed of trust or any other security device or encumbrance as shall be desired by any ground lessor, mortgagee or secured party.

(B) If Lessor's interest in the Leased Premises shall be acquired by any ground lessor, mortgagee or other secured party, or if Lessor's interest in the Leased Premises shall be transferred by reason of foreclosure or other proceedings for enforcement of any mortgage, deed of trust or other security device covering the Leased Premises or in the event that a conveyance in lieu of foreclosure is made for any reason, Lessee shall be bound to Lessor's successor in interest at successor's option, under the terms, covenants and conditions of this Lease for the remaining Term, including any extensions or renewals, as the Lessor under this Lease, and, if requested by such successor in interest, Lessee agrees to attorn to the successor in interest as its Lessor.

(C) The holder of any mortgage, deed of trust or security instrument encumbering the Property shall have the right, unilaterally, at any time to subordinate fully or partially its mortgage or deed of trust or other security instrument to this Lease on such terms and subject to such conditions as such holder may consider appropriate in its discretion. Upon request Lessee shall execute and deliver an instrument confirming any such full or partial subordination.

(D) Lessee shall, within fifteen (15) days following written request by Lessor, execute and deliver to Lessor an estoppel certificate, in a form submitted to Lessee by Lessor, certifying that this Lease is unmodified and in full force and effect or, if this Lease has been modified, attaching a copy of the modification and certifying that this Lease, as so modified, is in full force and effect and the date to which the rent and other charges are paid in advance, if any; acknowledging that there are not, to Lessee's knowledge, any uncured defaults on the part of the Lessor or stating the nature of any uncured defaults; certifying the current annual rent amount; and certifying to such other information as Lessor may reasonably request. If Lessee fails to execute and return the estoppel certificate within such fifteen (15)-day period, the facts and figures set forth in the estoppel certificate submitted by Lessor to Lessee shall be deemed to be true and Lessor or its mortgagees, lenders, or prospective investors or purchasers shall have the right to rely on that information.

19. **Condemnation.**

(A) If all or a portion of the Leased Premises is taken or condemned for a public or quasi-public use (a sale in lieu of or in settlement of condemnation shall be deemed a taking or condemnation for purposes of this Lease), to the extent that Lessee's use is deemed to be destroyed, this Lease shall terminate as of the date title to the Leased Premises vests in the

condemnor and the rent shall be apportioned and paid in full by Lessee to Lessor to that date and neither party shall thereafter have any liability hereunder.

(B) The parties will each have such rights as allowed or recognized by law to pursue an award of damages for their respective property and property rights taken, or threatened to be taken, by condemnation.

(C) Lessee shall have the right and duty to remove the Facilities prior to the date title to the Leased Premises vests in the condemner.

20. **Surrender/Holding Over/Removal.**

(A) Within thirty (30) days following the expiration or termination of the Lease, the Lessee shall voluntarily surrender possession of the Leased Premises and shall remove all of the Facilities from the Leased Premises and the Property unless and to the extent otherwise agreed in writing by Lessor. Upon removal of the Facilities, Lessee shall restore the Leased Premises to the condition that existed on the Commencement Date, reasonable wear and tear, loss of trees or shrubs necessary to permit installation or removal of the Facilities and loss by casualty or other cause beyond Lessee's control, excepted. If Lessee fails or refuses to remove the Facilities within the aforesaid thirty-day period, Lessor may remove and dispose of the Facilities at Lessee's expense. Except for trees and shrubs as provided above, Lessee shall, at its sole cost and expense, repair any damage to the Property, including the Leased Premises, caused by removal of the Facilities.

(B) If Lessee, or any party claiming by, through or under Lessee, remains in possession of the Leased Premises after expiration or earlier termination of this Lease, Lessee shall be deemed to be occupying the Leased Premises as a tenant at the sufferance of Lessor, subject to all of the provisions of this Lease, except that for each month or partial month in which Lessee holds over, the Rent for such month or portion thereof shall be one hundred fifty percent (150%) of the amount of the Rent in effect during the last month of the Term of this Lease without apportionment for any partial month. Additionally, Lessee agrees to indemnify and hold harmless Lessor for any and all loss, damage, cost, expense and liability (including, without limitation, attorneys' fees, court costs and consequential damages) incurred by Lessor in connection with Lessee's holding over at the Leased Premises. No provision in this Section 20 shall: (a) be deemed to be a consent by Lessor to any holding over by Lessee;

(b) preclude or exclude Lessor from exercising its right of re-entry; or (c) be deemed to be a waiver of any other rights or remedies which may be available to Lessor hereunder, under any ground lease or underlying leases then in effect.

21. **Notice.** "**Notice**" means any notice, demand, request, or other communication or document to be provided under this Lease (including the Option) to either party. All notices shall be in writing and shall be given to the party at its address set forth in Exhibit 3 or such other address as a party may later specify for that purpose by written notice to the other party. Each notice shall, for all purposes, be deemed received and effective:

(a) If hand delivered to a party against receipted copy, when the copy of the notice is acknowledged by the receiving party or its authorized agent by signing or initialing the same;

(b) If given by a nationally recognized and reputable overnight delivery service, one (1) business day after it is deposited with the delivery service; or

(c) If given by certified mail, return receipt requested, postage prepaid, two (2) business days after it is deposited in the United States mail.

22. **Governing Law.** This Lease and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the state in which the Property is located.

23. **Binding on Successors.** All of the terms and conditions contained herein, and any amendments thereto, shall apply to and bind the Lessor and Lessee and their respective successors and assigns, but this provision shall not permit an assignment by Lessee of this Lease, except as expressly provided in Section 15 hereof.

24. **Safety and Protection.** Lessee shall comply, and shall require its contractors, subcontractors and agents to comply, with all applicable local, state or federal laws and regulations concerning the safety of persons or property. In addition, Lessee shall take or cause to be taken all necessary precautions, whether or not required by law or regulation, as may be necessary or prudent to prevent damage, injury or loss to:

(a) all persons working on or visiting the Property (including the Leased Premises), irrespective of the employer of such persons;

(b) all of the Improvements and Facilities on the Property (including the Leased Premises); and

(c) all other property of any kind or nature, regardless of the ownership thereof, on or adjacent to the Property (including the Leased Premises).

25. Environmental Laws.

(A) Lessee represents, warrants and agrees that it will conduct its activities on the Leased Premises in compliance with all applicable Environmental Laws (hereinafter defined). Lessee agrees that it will not use, generate, store or dispose of any Hazardous Substance (hereinafter defined) on, under, about or within the Premises (including the Leased Premises), in violation of any law or regulation.

(B) To the fullest extent permitted by law, Lessee hereby agrees to indemnify, hold harmless, protect, and defend Lessor and Lessor's agents, affiliates, employees, contractors and representatives from and against any and all claims, causes of action, liabilities, losses, damages whether foreseeable or unforeseeable, arising directly or indirectly out of the presence, use, generation, storage, treatment, on or off-site disposal, or transportation of Hazardous Substances on, into, from, under, or about the Leased Premises or the Property by Lessee or Lessee's agents, employees, contractors or representatives, specifically including, but not limited to, the costs of any required or necessary repair, restoration, cleanup (including, but not limited to, the costs of investigation and removal of Hazardous Substances), or detoxification of the Leased Premises and/or the Property and the preparation of any closure or other required plans, whether or not such action is required or necessary during the term or after the expiration or termination of this Lease. The provisions of this Section 25 shall survive the termination, cancellation, or expiration of this Lease.

(C) As used in this Lease, "**Environmental Laws**" means all federal, state and local environmental laws, rules, regulations, ordinances, judicial or administrative decrees, orders, decisions, authorizations or permits pertaining to the protection of human health and/or the environment, including, but not limited to, the Federal Water Pollution Control Act, 33 U.S.C. §§ 6901, et seq., the Clean Air Act, 42 U.S.C. §§ 7401, et seq., the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251, et seq., the Emergency Planning and Community Right to Know Act, 42 U.S.C. §§ 1101, et seq., the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S. C. §§ 9601, et seq., the Toxic Substances Control Act, 15 U.S.C. §§ 2601, et seq., the Oil Pollution Control Act, 33 U.S.C. §§ 2701, et seq., and (state laws), or any other comparable local, state or federal statute or ordinance pertaining to the environmental or natural resources and all regulations pertaining thereto. This definition

includes all federal, state or local land use laws dealing with environmental sensitivity including, but not limited to, laws regarding wetlands, steep slopes, aquifers, critical or sensitive areas, shorelines, fish and wildlife habitat, or historical or archeological significance.

(D) As used in this Lease, "**Hazardous Substance**" means any hazardous or toxic substances as defined by the Comprehensive Environmental Response, Compensation and Liability Act, as amended from time to time; any hazardous waste as defined by the Resource Conservation and Recovery Act of 1976, as amended from time to time; any and all material waste or substance defined as hazardous pursuant to any federal, state or local laws or regulations or order; and any substance which is or becomes regulated by any federal, state or local governmental authority; any oil, petroleum products and their byproducts.

26. **Default and Right to Cure.**

(A) The following will be deemed a default by Lessee and a breach of this Agreement (i) non-payment of Rent if such Rent remains unpaid for more than twenty (20) days after receipt of written notice from Lessor of such failure to pay; or (ii) Lessee's failure to perform any other term or condition under this Agreement within thirty (30) days after receipt of written notice from Lessor specifying the failure. No such failure, however, will be deemed to exist if Lessee has commenced to cure such default within such period and provided that such efforts are prosecuted to completion with reasonable diligence. Delay in curing a default will be excused if due to causes beyond the reasonable control of Lessee.

(B) The following will be deemed a default by Lessor and a breach of this Agreement. Lessor's failure to perform any term, condition or breach of any warranty or covenant under this Agreement within thirty (30) days after receipt of written notice from Lessee specifying the failure. No such failure, however, will be deemed to exist if Lessor has commenced to cure the default within such period and provided such efforts are prosecuted to completion with reasonable diligence. Delay in curing a default will be excused if due to causes beyond the reasonable control of Lessor.

27. **Headings.** The headings of the numbered sections of this Lease are for convenience of reference only and shall not be deemed to limit, construe, affect, modify or alter the meaning of such sections.

28. **Severability.** If any section, term or provision of this Lease or the application thereof to any party or circumstance shall, to any extent, be held or determined to be invalid or

unenforceable, the remainder of said section, term or provision of the Lease or the application of same to parties or circumstances other than those to which it was held invalid or unenforceable, shall not be affected thereby and each remaining section, term or provision of this Lease shall be valid or enforceable to the fullest extent permitted by law.

29. **Cumulative Rights.** All rights, options and remedies of Lessor under the Lease shall be construed and held to be cumulative, and no one of them shall be exclusive of the other, and Lessor shall have the right to pursue any one or all of such remedies. Nothing in this Section 29 shall be deemed to limit or otherwise affect Lessee's indemnification of Lessor pursuant to the terms of the Lease.

30. **Further Assurances.** Each of the parties agree to do such further acts and things and to execute and deliver such additional agreements and instruments as the other may reasonably require to consummate, evidence or confirm this Lease or any other agreement contained herein in the manner contemplated hereby.

31. **Waivers.** No waiver by Lessor or Lessee of any breach or provision contained herein shall be construed to be a wavier of any other breach or provision and shall not be construed to be a waiver of any requirements that Lessee seek future written approval by Lessor.

32. **Lease Not Recorded.** The parties hereto covenant and agree that this Lease shall not be voluntarily placed of record in the public land records of the city, county or other political subdivision in which the Property is located, or in any other public record. The parties further agree that in the event this Lease is placed of record in the aforesaid land records or in any other such public record, this Lease shall automatically terminate upon notice of such recording being given by either party to the other. Notwithstanding the foregoing, Lessee may record a Memorandum of Lease in a form acceptable to Lessor.

33. **Counterparts.** This Lease may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

34. **Entire Agreement.** It is understood and agreed that this Lease contains all agreements, promises and understandings between Lessor and Lessee and that no verbal or oral agreements, promises or understandings shall be binding upon either Lessor or Lessee in any dispute, controversy or proceeding at law, and any addition, variation or modification to this

Lease shall be void and unenforceable unless made in writing and signed by the authorized representatives of the parties hereto.

35. **Conditions Precedent.** This Lease is expressly conditioned on approval by Lessor's Board of Directors and by any governmental body or agency that regulates Lessor and from whom Lessor may be required to obtain approval (collectively "Lessor Required Approvals"). If not previously obtained, Lessor agrees to use its best efforts to obtain such approvals as rapidly as reasonably possible following execution of the Lease. In the event that any Lessor Required Approvals have not been obtained on or before the Commencement Date, the Lease shall nevertheless remain in effect for a period of up to ninety (90) days, during which Lessor shall diligently seek to obtain the Lessor Required Approvals; provided, however, that the first monthly installment of the annual rent otherwise due hereunder shall not be due until all Lessor Required Approvals have been obtained. The first monthly rent installment shall be prorated to cover only that portion of the Initial Term of the Lease that remains after all Lessor Required Approvals have been obtained. If all Lessor Required Approvals have not been obtained by the end of the first three (3) full calendar months of the Initial Term of the Lease, the Lessee shall have the option of either continuing the Lease for up to an additional ninety (90) days to permit the approvals to be obtained, in which case, the rent shall continue to be abated, or terminating the Lease with no further liability by either party to the other.

36. **Dispute Resolution**.

(A) In the event of any dispute, claim, question or disagreement arising from or relating to this Lease or the breach thereof, the parties hereto shall use their best efforts to settle the dispute, claim, question, or disagreement. To this effect, they shall consult and negotiate with each other in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both parties. If they do not reach such solution within a period of sixty (60) days, then, upon notice by either party to the other, all disputes, claims, questions, or differences shall be finally settled by arbitration administered by the American Arbitration Association in accordance with the provisions of its Commercial Arbitration Rules, and judgment upon the award may be entered in any court having jurisdiction. Neither party shall interrupt the process of its performance under the Lease pending a final determination in the arbitration proceeding.

(B) The arbitrators shall have no power to change any of the provisions of this Lease in any respect, nor shall they have any power to make an award of reformation, or of

consequential or punitive or other damages not measured by the prevailing party's actual damages (except as may be required by statute), and the jurisdiction of the arbitrators is hereby expressly limited accordingly. The arbitration shall be heard at a mutually agreeable time and location within the state in which the Leased Premises are located by a panel of three arbitrators, one of whom must be an attorney-at-law, duly licensed in the jurisdiction and actively engaged in the practice of his profession for at least 10 years.

37. **Non-Agency.** It is not the intention of Lessor or Lessee to create by this Lease a relationship of master-servant or principal-agent, and under no circumstance shall Lessee be considered the agent of Lessor, or vice versa, it being the sole purpose and intent of the parties to this Lease to create a relationship of Lessor and Lessee.

38. **Authority.** Each individual executing this Lease on behalf of Lessee represents and warrants that: (i) he or she is duly authorized to execute and deliver this Lease on behalf of such entity in accordance with its corporate bylaws, statement of partnership, certificate of limited partnership, or appropriate limited liability company documentation, as the case may be; (ii) this Lease is binding upon said entity in accordance with its terms; and (iii) Lessee is duly organized, legally existing, and in good standing in the State of Tennessee.

39. **Exhibits, References.** All exhibits, attachments, amendments, riders, and addenda attached to this Lease are hereby incorporated into and made a part of this Lease. All references in this Lease to sections, exhibits, and provisions are made, respectively, to the sections, exhibits, and provisions of this Lease, unless otherwise specified.

40. **Joint and Several.** If Lessee is constituted of more than one person or entity, the obligations imposed on each such person or entity under the Lease shall be joint and several.

IN WITNESS WHEREOF, the parties hereto have set their hands and affixed their respective seals the day and year first written above.

Exhibit 1

Description of "Property"

The "Land" and "Improvements", if any, which together comprise the "Property", as such terms are used in the foregoing Telecommunications Site Lease, are as follows:

Land: Said T-Mobile South, LLC leased area, said Lease tract, being a strip of land running on, over and across the land of the Town of Lookout Mountain, County of Hamilton, State of Tennessee, (no deed reference exempt), and being more particularly described as follows:

Beginning at an iron pin at the west corner of T-Mobile's equipment site leasehold area located at Tennessee State Plane (NAD 83) grid coordinate north 244,619.92, east 2,164,543.84;

Thence, along a curve to the right with a central angle of 51 degrees 29 minutes 48 seconds, having a radius of 23.21 feet, a distance of 20.86 to an iron pin set;

Thence, south 44 degrees 48 minutes 15 seconds east, 20.00 feet to an iron pin set;

Thence, south 63 degrees 06 minutes 50 seconds west, 20.00 feet to an iron pin set;

Thence, north 49 degrees 00 minutes 55 seconds west, 15.04 feet to the point of beginning, containing 372 square feet.

Being a portion of the property conveyed to the Town of Lookout Mountain, Tennessee, not of record in the Register's Office of Hamilton County, Tennessee.

Improvements: That certain two (2) water storage tank situate on the above-described Land owned and operated by Tennessee American Water Company.

TN-AW Site: Lookout Mountain

T-Mobile Site: Military Park 9AT2865

Exhibit 2

Description of "Leased Premises"

The "Leased Premises" to which the foregoing Telecommunications Site Lease applies, is described as follows:

(1) So much of the available exterior surface area of the Improvements (described in Exhibit 1), and air space above and adjacent thereto, as is reasonably necessary for the attachment of six (6) CSA Wireless PCSA065-19-2 & PCSX033-13-0 antennas (2 sectors 3 antennas per/sector) and all necessary cables and equipment appurtenant thereto, being more fully described on Exhibit 5; and

(2) a portion of the available surface area of the Land (described in Exhibit 1) reasonably necessary for the installation of an Equipment Shed (defined in Section 6 of the Lease) and appurtenant facilities, being more fully described on Exhibit 5; the approximate location and boundaries of said Leased Premises being shown, in whole or in part, on a plat or sketch thereof attached hereto as Exhibit 2A.

Exhibit 4

Access Conditions

Access to the Premises and Leased Premises by Lessee and all persons on its behalf, including, but not limited to, its employees, agents and contractors, is subject to the following conditions and limitations:

1. Lessee shall provide Lessor with a list of all persons who may require access to the Leased Premises from time to time and will update the list as necessary to keep it current. Lessee shall require all persons accessing the Leased Premises or the Property on its behalf to display or produce upon request an identification card or badge incorporating a recent photograph of the bearer.

2. Unless and until Lessee's Equipment Shed and other ground-level Facilities are completely enclosed by fencing that (i) may be accessed without entering into any other fenced-in portions of the Property and (ii) does not permit access to any other fenced-in portions of the Property, Lessee shall give Lessor a minimum of five (5) days advance notice of the date and approximate time that Lessee will enter onto the Property. If and when Lessee's Equipment Shed and other ground-level Facilities are enclosed by fencing with a separate point-of-access that does not require or permit access to any other fenced-in portions of the Property, Lessee may then access the Equipment Shed and other Facilities located within the same enclosure without giving Lessor prior notice; provided, however, that if necessary or appropriate to respond to any security threats or warnings, Lessor may bar all access to the Leased Premises until the security threat or warning has been eliminated.

3. Lessee shall at no time have access to the Improvements or other areas on the Improvements or on other portions of the Property located outside of any Equipment Shed enclosure unless Lessee is accompanied on site by Lessor's representative. In the event Lessee needs access to any of the Leased Premises located outside of the Equipment Shed enclosure, Lessee shall give Lessor written notice pursuant to Section 21 of the Lease at least five (5) days in advance, said notice to be addressed as specified in Exhibit 3.

TN-AW Site: Lookout Mountain T-Mobile Site: Military Park 9AT2865

Exhibit 5

Description of Facilities

The "Facilities", as such term is defined and used in the foregoing Telecommunications Site Lease, consists of the following:

Ground Space: 372 square feet; fenced compound

Equipment: 3 equipment cabinets on a 15'-6" x 9"-4" steel raised platform on concrete piers

Antennas: 6 (2 sectors 3 antennas/sector) CSA Wireless PCSA065-19-2 &PCSx033-13-0 at a centerline of 77', with associated cables and attachments

TN-AW Site: Lookout Mountain

T-Mobile Site: Military Park 9AT2865

Exhibit 6

SPECIFIC PROCEDURES FOR OBTAINING SECUIRTY CLEARANCE

Once the site is constructed and access is required to the water tank to perform routine maintenance on the antennas, Lessee shall give Lessor written notice pursuant to Section 21 of the Lease at least five (5) business days in advance, said notice to be addressed as specified in Exhibit 3. In addition, a copy of said notice shall be faxed to the following person(s) designated by Lessor to coordinate access to the Leased Premises.

Title: Production Supervisor
Fax #: 423-266-2663

TN-AW Site: Lookout Mountain T-Mobile Site: Military Park 9AT2865

Exhibit 7

Memorandum of Lease

This Memorandum evidences that a lease was made and entered into by written Telecommunications Site Lease Agreement dated _____, 2008 ("Agreement"), between Tennessee American Water Company, a Tennessee corporation (the "Owner"), Lessor (Grantor for purposes of indexing), with an address at 1101 Broad Street, Chattanooga, TN 37401, and T-Mobile South, LLC, a Delaware limited liability company ("T-Mobile"), Lessee, (Grantee for purposes of indexing), with its corporate office at 12920 SE 38th Street, Bellevue, Washington 98006, involving property owned by the Lessor.

Such Agreement provides, in part, that Lessor leases to Lessee space on a water tank ("Site") located at 102A Averill Street, Lookout Mountain, Tennessee, within the property of Lessor, which Site is described in Exhibit A, attached hereto, for a term of five (5) years, commencing on _____, 200_, which term is subject to up to four (4) additional extended terms of five (5) years each.

IN WITNESS WHEREOF, the parties have executed this Memorandum as of the day and year first above written.

RE: Lease Agreement between TN-American Water & T-Mobile
TN-AW Site ID: Lookout Mountain
T-Mobile Site ID: Military Park 9AT2865

Dear Mr. Watson:

Enclosed herewith please find four (4) lease agreements and two (2) memorandums of lease agreements in connection with the above site, executed by T-Mobile on March 13, 2008. I kindly ask that you sign have attested to and notarized where indicated and return to me at your earliest convenience.

Upon receipt of same I will send the carrier two (2) original and both memorandums for recording and have them get the first option payment processed.

If you have any questions or comments in connection with these documents, please feel free to contact me regarding same.

Sincerely,

Jean Marie Frawley

Project Manager for American Water Telecommunications

Memorandum of Lease

This Memorandum evidences that a lease was made and entered into by written Telecommunications Site Lease Agreement dated _____, 2008 ("Agreement"), between Tennessee American Water Company, a Tennessee corporation (the "Owner"), Lessor (Grantor for purposes of indexing), with an address at 1101 Broad Street, Chattanooga, TN 37401, and T-Mobile South, LLC, a Delaware limited liability company ("T-Mobile"), Lessee, (Grantee for purposes of indexing), with its corporate office at 12920 SE 38th Street, Bellevue, Washington 98006, involving property owned by the Lessor.

Such Agreement provides, in part, that Lessor leases to Lessee space on a water tank ("Site") located at 102A Averill Street, Lookout Mountain, Tennessee, within the leased property of Lessor, which Site is described in Exhibit A, attached hereto, for a term of five (5) years, commencing on _____, 200_, which term is subject to up to four (4) additional extended terms of five (5) years each.

IN WITNESS WHEREOF, the parties have executed this Memorandum as of the day and year first above written.

TELECOMMUNICATIONS SITE LEASE

THIS TELECOMMUNICATIONS SITE LEASE (**"Lease"**) made as of this ___ day of _____ 2008, by and between Tennessee American Water Company, a Tennessee corporation, with its principal office located at 1101 Broad Street, Chattanooga, TN 37401 (**"Lessor"**),

and

T-Mobile South, LLC, a Delaware limited liability company , with its principal office located at 12920 SE 38th Street, Bellevue, Washington 98006 (**"Lessee"**);

WITNESSETH:

THAT, WHEREAS, Lessor owns, or has leasehold or other real property interest rights to the possession and use of, that certain lot or parcel of land ("**Land**"), together with all buildings and structures or other improvements thereon, if any ("**Improvements**"), as more fully described on the attached Exhibit 1, said Land and Improvements being hereinafter collectively referred to as the "**Property**"; and

WHEREAS, Lessor desires to lease to Lessee and Lessee desires to lease from Lessor certain portions of the Property, as more fully described herein, for telecommunications purposes (hereinafter defined);

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

1. **Option.**

(A) For the sum of $1,000 (the "**Option Fee**"), to be paid to Lessor by Lessee upon execution of this Lease, and other good and valuable consideration, Lessor hereby grants to Lessee the exclusive option, for a period of ninety (90) days from the date hereof

(the "**Initial Option Period**"), to lease the Leased Premises (hereinafter defined) on the terms and conditions set forth below in this Section 1 (the "**Option**"). The time during which the Option may be exercised may be extended for an additional 90 days upon written notification to Lessor by Lessee accompanied by the payment of an additional $2,000 (the "**Additional Option Fee**"), delivered to Lessor prior to the end of the Initial Option Period.

(B) If the Additional Option Fee is not paid and timely written notice of the exercise of the Option is not given in the manner specified or permitted under Section 21 of this Lease, then the Option shall terminate and Lessor shall be entitled to retain all previously paid sums as full payment for the Option granted. Upon Lessee's exercise of the Option, by giving timely written notice pursuant to Section 21, this Lease shall take effect pursuant to its terms.

(C) During the Initial Option Period and any extensions thereof, Lessee shall have the right to submit applicable local zoning applications [subject to the provisions of Section 6(F)] and to survey the Property and/or Leased Premises, conduct such investigations and perform such tests as it deems appropriate, including, but not limited to, environmental investigations and structural tests (and which Lessee, in its sole judgment, deems reasonable) to determine whether to exercise the Option and become bound by the terms of this Lease; provided, however, that to the extent that any such investigations and tests require the presence of persons or equipment on the Property or Leased Premises, or the disclosure to Lessee of confidential information, Lessee shall comply with all conditions and restrictions now or hereafter established by Lessor for access to the Property and Leased Premises and for maintaining confidentiality of information pertaining to the Property. Lessee shall, promptly following any investigations or tests, provide Lessor with copies of all test results and any reports or studies prepared in connection with any investigations or tests, including, but not limited to environmental investigations, radio frequency evaluations, property title reports, geotechnical and engineering reports, photo simulations and surface or subsurface surveys or investigations. All such copies shall become the property of Lessor.

(D) The Option hereby granted shall be assignable only to Lessee's principal or parent company, any subsidiary or affiliate of its parent company or to any successor-in-interest

or entity acquiring fifty-one percent (51%) or more of its stock or assets, as approved by American Water.

2. **Leased Premises.** Upon proper and timely exercise of the Option, Lessor will lease to Lessee and Lessee will lease from Lessor, on the following terms and conditions, that certain portion or portions of the Property as described in Exhibit 2, including portions of the surface of the Land and space on one or more Improvements (the "**Leased Premises**") and as depicted on a plat or sketch thereof attached hereto as Exhibit 2A. If the Property is held by Lessor pursuant to a ground lease, prime lease or other similar document which is not of record, Lessor shall provide a copy of such document to Lessee upon Lessee's request.

3. **Term and Term Extensions.**

(A) The term of this Lease shall be five (5) years ("Initial Term"), commencing on the date that notice of the exercise of the Option is given in the manner specified in Section 21 (the "**Commencement Date**").

(B) Lessee shall have the right to extend this Lease for up to four (4) additional terms of five (5) years each (each of the four additional terms being an "**Extended Term**") on the same terms and conditions except that the rent shall be increased as provided in Section 4 below; provided that at the end of the Initial Term or any prior Extended Term, Lessee is not then in default (beyond any applicable cure period) of any covenants, terms and conditions of this Lease. **In the absence of any default by Lessee, each Extended Term shall commence automatically at the end of the prior term unless Lessee gives Lessor written notice of Lessee's intention not to extend the term of this Lease at least ninety (90) days prior to the expiration of the then current term.**

4. **Fees.**

(A) Rent.

(1) The annual rental for the Initial Term is Thirty-Four Thousand Five Hundred Dollars ($34,500.00) yearly.

(2) The annual rental for each Extended Term shall be in an amount equal to one hundred fifteen percent (115%) of the annual rent for the immediately preceding term.

(3) The annual rental shall be paid in equal monthly installments, in advance and without any deduction, counterclaim or set off and shall be made payable to Lessor at the address set forth on Exhibit 3, or to any other person, firm or place as Lessor may from time to time designate in writing at least thirty (30) days in advance of any rental payment date.

(B) Consultant's Fees. Lessor has retained Tectonic Engineering & Surveying Consultants P.C. as a consultant to provide marketing and consulting engineering services in connection with the leasing of various sites for Telecommunications Purposes (hereinafter defined). Lessee hereby covenants that it shall pay to Tectonic all applicable fees imposed by Tectonic for services provided in connection with designing the Facilities and monitoring the construction of the Facilities on the Leased Premises. The list of fees are outlined in the American Water Program Management Services for Tectonic Engineering & Surveying Consultants P.C provided to Lessee at the time of application.

(C) Annual Access Fee. On the Commencement Date and thereafter on each anniversary of the Commencement Date during the Initial Term and all Extended Terms of this Lease, Lessee hereby covenants that it shall pay to Lessor a fee of Five Hundred Dollars ($500.00) to reimburse Lessor for the estimated cost of providing security personnel to accompany Lessee's employees and agents on a reasonable number of periodic visits to the Leased Premises to service and maintain the Facilities.

(D) Additional Fees. Lessor shall not be required to make any expenditures in connection with this Lease or to make any repairs or improvements to the Leased Premises, other than such routine maintenance and repairs as may be necessary to ensure that the Improvements remain structurally adequate to support the Facilities (hereinafter defined) originally installed thereon. The parties agree that this is a net Lease intended to assure the rent reserved on an absolute net basis. In addition to the Rent reserved above, Lessee hereby covenants that it shall pay to the parties entitled thereto (or shall reimburse Lessor for the payment of) all property taxes, assessments, insurance premiums, maintenance charges, and any other charges, costs and expenses assessed against or pertaining to the Leased Premises and the Facilities (hereinafter defined) that arise, or increase, as a result of this Lease or any activities permitted hereunder, or that may be contemplated under any provisions of this Lease.

(E) Late Charge. Lessee acknowledges that if Lessee fails to deliver to Lessor the Rent payments or additional fees described above when due, that failure will cause Lessor to incur costs not contemplated in this Lease, the exact amount of which will be extremely difficult to ascertain. Those costs include, but are not limited to, processing and personnel costs. Accordingly, except as otherwise provided in Subsection (G) below, if any payment is not received by Lessor when due, Lessee shall pay Lessor a late payment charge equal to ten percent (10%) of the overdue payment. Lessee agrees that this late charge represents a fair and reasonable estimate of the costs Lessor will incur by reason of Lessee's late payment. Lessor's acceptance of a late charge shall in no event constitute a waiver by Lessor of Lessee's default for the overdue payment, nor prevent Lessor from exercising any of the other rights or remedies granted Lessor under this Lease, at law, or in equity.

(F) Interest. In addition to the late charges set forth in Subsection (E), if the Rent or any additional fees due under this Lease are not paid to Lessor within the time frames set forth therein, such fees shall commence to bear interest at the rate of ten percent (10%) per annum, from the date due until fully paid, except as otherwise provided in Subsection (G) below. Neither the accrual nor Lessee's payment of interest to Lessor shall be deemed to cure any default by lessee under this Lease.

(G) First Month's Rent. Notwithstanding the foregoing provisions of Subsections (E) and (F) of this Section 4, no late charge shall be assessed nor any interest accrued on the first monthly installment of the annual rental for the first year of the Initial Term of the Lease (the "First Month's Rent") unless the First Month's Rent remains unpaid (or is less than fully paid) more than fifteen (15) days after Lessee's receipt of a written notice of default. If Lessor has not received full payment of the First Month's Rent within fifteen (15) days of Lessee's receipt of a notice of default, a late charge shall then be applied to the overdue payment and interest shall also accrue on the overdue payment from the original due date thereof until fully paid. For all monthly installments of rent for all terms of this Lease other than the First Month's Rent, a late charge shall be assessed and interest shall commence accruing if the rent is not fully paid on or before the due date and Lessor shall have no obligation whatsoever to provide Lessee with any notification, written or otherwise, of such delinquent payment. Except as provided herein with regard to the First Month's Rent, neither the exercise by Lessor of its right to issue a notice of default pursuant to Section 26 of this Lease nor the payment by Lessee

of delinquent rent within fifteen (15) days of receipt of a notice of default shall relieve Lessee of its obligation to pay applicable late charges and interest.

5. **Access to Leased Premises; Utilities.**

(A) Lessor makes no warranty to Lessee regarding Lessee's rights of access to the Leased Premises to the extent that access requires passage over, through or across property not owned by Lessor. Lessor hereby grants to Lessee, to the extent it may lawfully do so, permission to make non-exclusive use of such rights of ingress and egress to the Property, if any, as Lessor may possess.

(B) Lessor acknowledges that in order to operate, maintain and repair or replace the Facilities, Lessee will require access to the Leased Premises on a regular basis during normal working days and times and also on an emergency basis at any time in the event of a service outage or other similar unforeseeable problem with the Facilities. Lessee acknowledges that Lessor's facilities may be both Critical Infrastructure and Public Service Facilities and that Lessor must take appropriate security measures to protect the public, its customers, and its property. "Critical Infrastructure" means public-water systems, including Lessor's, because the Federal Government has declared these systems to be critical infrastructure essential to the continued operation of the government and the nation. "Public Service Facilities" means those facilities that Lessor must maintain to provide retail water and wastewater service to the public, as authorized and regulated by public utility commissions, as part of Lessor's public-service obligation to provide safe and affordable water and wastewater service to the public. The parties agree to cooperate in good faith with each other to satisfy their respective needs and to ensure compliance by Lessor with all present and future laws and regulations concerning national security or public safety. Additional requirements, restrictions and limitations with regard to Lessee's access to the Leased Premises are set forth in Exhibit 4, attached hereto and incorporated herein. Lessee shall be bound by the requirements, restrictions and limitations set forth in the attached Exhibit 4 and such additional requirements as Lessor may hereafter reasonably request in writing.

(C) Lessor makes no representations as to the availability of electric power and other utility services for use by Lessee at or on the Leased Premises. However, to the extent that electric power and other utility services are currently provided to the Property in sufficient capacities to meet the current and foreseeable needs of all the current users of said services and the projected needs of Lessee, Lessor consents to the extension of any such utility services to the

Leased Premises for the use and benefit of Lessee. Lessor hereby further agrees, to the extent it may lawfully do so, to grant or consent to such reasonable utility easements or agreements as may be necessary to permit the delivery of said utility services to the Leased Premises. All utility services used by Lessee shall be obtained in the name of Lessee or Lessee's designee and Lessor shall in no way be responsible for any such utility services or the cost thereof; provided that if Lessee shall obtain water service from Lessor, Lessor and Lessee shall have the same responsibilities to each other with regard to said water service as exists between Lessor and its other water customers. Lessee shall have a separate electric service meter installed on the Leased Premises at its own expense to monitor its use of electricity.

(D) Lessor reserves the right from time to time to alter Lessee's route for pedestrian and vehicular access as well as the route for utility access to the Leased Premises to the extent that it passes on, over and through the Property; provided that access to the Leased Premises is not materially diminished or restricted, however if service is interrupted or the facilities are inoperable as a result of the relocation of the route for utility access, Lessee shall have the right to install a cell-on-wheels ("COW") granted under the provision of paragraph 9. (B).

6. **Use of Leased Premises.**

(A) Subject to the covenants, terms and conditions hereof, Lessee shall have the right to use the Leased Premises for Telecommunications Purposes, and for no other purposes whatsoever. As used in this Lease, the term "**Telecommunications Purposes**" means the construction, installation, operation, maintenance, repair, replacement, upgrade and removal of telecommunications fixtures consisting of such antennas, towers, masts, cables, wires and related equipment and appurtenances as are more fully described in Exhibit 5 hereto (the "**Facilities**").

(B) To the extent that any of the Facilities require protection from the elements, Lessee may construct or install on the Leased Premises a non-permanent cabinet, shed or other structure or protective enclosure ("**Equipment Shed**") suitable for its needs; provided, however, that the specifications of the Equipment Shed, including its location and the method and techniques for the installation thereof on the Leased Premises shall be subject to the prior review and written approval of Lessor. All cables or wires extending between the Equipment Shed and any Improvements must be buried underground in conduit. No ice bridges shall be permitted.

(C) The Facilities, and any additional or replacement equipment subsequently installed on the Leased Premises, whether or not fixed or attached to the Leased Premises or any improvements thereon, shall at all times remain the exclusive property of Lessee.

(D) If the existence on the Leased Premises or any of the Facilities present an increased risk of lightning strikes to the Property or the Leased Premises, Lessee shall take all reasonable and appropriate precautionary measures to ground such Facilities or otherwise protect against that risk.

(E) Lessee's use of the Leased Premises for Telecommunications Purposes shall not interfere in any way with the use of the Property or any equipment or device located thereon (or located elsewhere, but which can be shown to be affected by any equipment or device located thereon) by Lessor, or by any Other Tenants (as defined in Article 10) identified in the following list (hereinafter "Current Tenants"):

Tennessee American Water Company
Town of Lookout Mountain
City of Chattanooga
American Red Cross
Comcast Cable TV Co.
Sprint
Cingular
City of Rossville
Verizon Wireless
Tennessee Valley Authority

If Lessee's use of the Leased Premises causes, or is suspected of causing, interference, Lessee shall promptly investigate and eliminate such interference at its expense within twenty four (24) hours after receiving notice thereof; provided that the twenty four (24) hour time limit shall not apply to test periods where the source of interference is being determined for purposes of suppression. If Lessee fails or refuses to investigate the interference within said twenty four (24) hour period, or if Lessee has investigated and confirmed that the interference is related to its Facilities, but has taken no meaningful steps to eliminate the interference within

said period, then Lessor or any affected Current Tenant may, but shall not be obligated to, conduct or perform an investigation as to the cause of the interference and take whatever steps may be reasonably necessary to cause the interference to cease. If the interference is not eliminated within the twenty four (24) hour period mentioned above, Lessee agrees to immediately suspend operations at the Leased Premises while any interference problems are studied further and a means found to eliminate them. If no acceptable means to eliminate the interference has been determined and implemented within ten (10) days of the receipt by Lessee of notice of such interference, this Lease may be terminated by either party by giving thirty (30) days written notice to the other party. In no case shall standard maintenance equipment, water pumps and other mechanical equipment, office equipment, computer equipment, radio and telecommunication systems, and other similar equipment, devices, and systems used in connection with the primary businesses operated on the Property from time to time be deemed to interfere with Lessee's use of the Leased Premises. Lessor's sole liability to Lessee for action taken pursuant to this Section 6 shall consist of the value of any repairs made necessary by negligent acts of Lessor. In no event shall Lessor be liable for loss in value of Lessee's Facilities resulting from the depowering or removal of same and which is not the result of Lessor's negligence, or for any consequential or other damages to Lessee.

(F) Before the Facilities are installed on the Leased Premises and are put to their intended uses, Lessee shall obtain all of the certificates, permits and other approvals that may be required by any federal, state or local laws, rules or authorities. Lessor hereby grants Lessee the authority to apply for any such certificates, permits or approvals which require the consent of the owner of the Leased Premises; provided, however, that unless specifically authorized by a separate written document signed by a duly authorized officer of Lessor, Lessee shall have no authority to agree on Lessor's behalf to any conditions of such certificates, permits or approvals that would in any way affect the Property or Leased Premises or their use by anyone other than Lessee, or that would extend beyond the term(s) of this Lease. Lessor agrees to promptly consider any and all conditions sought by any governmental authority, and further agrees that its consent to any proposed conditions will not be unreasonably withheld, conditioned, or delayed. Notwithstanding the foregoing, if one or more conditions are imposed on any such certificate, permit or approval that affect the Property or Leased Premises or their use by anyone other than

Lessee or that extend beyond the term(s) of the Lease and Lessor objects to such condition(s), Lessee agrees to seek to have the condition modified by the applicable governmental authority. If any such condition is not modified or eliminated to the satisfaction of Lessor, Lessee agrees that it will not construct its Facilities. Lessee shall provide Lessor with a copy of all such required certificates, permits and approvals within ten (10) business days of receiving the same.

(G) Lessee covenants, represents and warrants that it will not cause or permit any solid or liquid waste, material or substance that is classified as toxic or hazardous under any federal, state or local law or regulation, to be transported to or from the Leased Premises or to be used, generated or stored on the Leased Premises (except where the use, transportation and storage of such substances is in compliance with applicable law). Lessee further covenants, represents and warrants that it will not contaminate the Property (including the Leased Premises) with any such toxic or hazardous, waste, material or substance. Lessee shall indemnify Lessor, and hold it harmless, from all claims, demands, causes, losses, damages and expenses, including attorneys' fees, arising directly or indirectly from a breach of this covenant. This covenant shall survive and be enforceable and shall continue in full force and effect for the benefit of Lessor and its subsequent transferees, successors and assigns and shall survive the term of this Lease and any renewal periods thereof.

(H) During all terms of this Lease, Lessee shall remain in compliance with all applicable laws and regulations affecting the Leased Premises and Lessee's activities thereon.

7. **Installation, Operation and Maintenance of Facilities.**

(A) Lessor and Lessee agree that time is of the essence regarding performance under this Lease.

(B) Lessee shall maintain all Facilities in proper and safe operating condition and presentable appearance, as determined by Lessor in its sole discretion.

(C) The plans and specifications of the Facilities to be initially installed on the Leased Premises, including the type, size, color(s) of coatings or finish, mounting height and location, power requirements, operating frequencies, and the like, together with the proposed methods and techniques for the installation of the Facilities on the Leased Premises (collectively the "Plans and Specifications") shall be submitted, in writing, to Lessor or to any agent designated by Lessor for prior review and written approval. Prior review and written

approval by Lessor shall also be required for any subsequent changes or additions to the Facilities; provided, however, that any changes or additions to equipment located entirely within the Equipment Shed will not require Lessor's prior approval unless such changes or additions have the potential to cause interference with either (i) access to, and/or use of, the Property by Lessor or Other Tenants (hereinafter defined) or (ii) the operation of any equipment (other than the Facilities) located on the Property. Lessor, or its designated agent, will complete its reviews of the Plans and Specifications and either approve or disapprove the same, in whole or in part, within fifteen (15) business days of their submission. If Lessor or Lessor's agent fails to respond to Lessee within fifteen (15) business days of submission of the Plans and Specifications, they shall be deemed to have been approved as submitted.

(D) Lessor reserves the right to require that Lessee provide Lessor with a written report of a structural analysis performed, at Lessee's expense, by a professional engineer who is licensed in the state in which the Property is located and is acceptable to Lessor prior to the installation of any Facilities on the Improvements situated on the Property. If required by Lessor, the structural analysis shall determine if the Improvements can accommodate the Facilities proposed to be installed thereon. If structural improvements are required prior to installation of the Facilities, all costs associated therewith shall be borne by Lessee.

(E) Lessee shall not use any methods, techniques or materials in the installation, operation or maintenance of the Facilities that will (i) cause or contribute to any corrosion or other damage to the Property (including all paint or other coatings) or (ii) cause any interference with Lessor's periodic future maintenance of such Property.

(F) The installation and maintenance of the Facilities and any other equipment installed at any time during the term(s) of this Lease shall be performed by qualified and experienced technicians and shall comply with all prudent safety measures, whether or not required by law. In order to ensure proper security of the Property, Lessor shall have the right, but no obligation, to review and approve all of Lessee's agents, employees, contractors and subcontractors and the agents and employees of contractors and subcontractors who may have or be given access to the Property or the Leased Premises. Specific procedures for obtaining security clearances are set forth on the attached Exhibit 6.

(G) All welding, cutting and coating work required for the installation of the Facilities shall conform to the applicable requirements of AWWA Standard D100, as amended, supplemented or superceded from time to time.

(H) All electrical work to be performed on the Leased Premises shall be in accordance with the then applicable National Electric Code and all applicable local codes. All wiring attached to the outside of any Improvements shall be installed in rigid steel conduit or other conduit approved by Lessor.

(I) The coatings and surface preparations used in the repair of existing coatings shall be approved by Lessor. The existing coatings shall be tested for the presence of lead and other hazardous substances, as defined in The Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C.§9601 et. seq. (**"CERCLA"**) and regulations interpreting said Act. All coatings shall also comply with all requirements under CERCLA. The cost of all abatement and containment procedures shall be borne by Lessee.

(J) All antennas must be identified by a bronze tag fastened securely to its bracket on the Improvements and each transmission line is to be tagged at the point where the conduit enters Lessee's Equipment Shed. Lessee shall install in a readily visible location on or within the Leased Premises, a sign (approximately two feet by two feet) that shall contain the name of Lessee or its designee and an emergency telephone number. The size, design and location of the sign is subject to Lessor's prior approval. With the exception of any signage or identification required under the terms of this Lease required by law or as otherwise expressly authorized by Lessor, Lessee shall not place any signage, logos or graphics on the Leased Premises, Facilities or Property.

(K) Lessee shall inspect the Facilities annually, or more frequently as needed, and shall promptly take any remedial actions necessary to correct any deficiencies revealed by such inspections so as to maintain the structural integrity and safety of the Facilities. The duty to take remedial actions shall be in addition to and not in lieu of Lessee's indemnification obligations contained herein. Within thirty (30) days following each inspection, Lessee shall provide Lessor with a written inspection report detailing any deficiencies found and the remedial actions taken.

(L) If Lessee, its agents, employees, or the Facilities cause damage, directly or indirectly, to the Property or Leased Premises, or to any property of a third party that is situated on the Property, Lessee agrees to repair such damage with reasonable promptness (commensurate with the nature and severity of the damage and the degree of danger presented) and at no cost to Lessor. If Lessee fails to do so, Lessor or any affected third party shall have the right to repair said damage and invoice Lessee for said costs.

(M) Unless impracticable or impossible under then existing circumstances, Lessee shall at its sole expense enclose its Equipment Shed and other ground-level Facilities with a security fence, of a type and in a location and configuration approved by Lessor

(N) All installation and operation of the Facilities shall comply with all applicable rules and regulations of the Federal Communications Commission, the Federal Aviation Administration, and applicable radio regulations. Lessee shall take no action which shall cause either the Facilities or Improvements to fall out of compliance with any applicable law or regulation. Furthermore, Lessee shall be responsible for fulfilling any obligations which may arise or be imposed upon Lessor as a result of Lessee's actions on or involving the Property or Leased Premises.

(O) Lessor assumes no responsibility for licensing operations or maintenance of the Lessee Facilities.

(P) Lessee acknowledges that its facilities may be located on land that supports Critical Infrastructure or Public Service Facilities. Lessee will install, operate and maintain its facilities so as not to interfere with Lessor's operation and maintenance of Critical Infrastructure and Public Service Facilities, do nothing to jeopardize Lessor's compliance with all present and future laws and regulations concerning national security or public safety, and in the event of a threat to national security or public safety, will fully cooperate to alleviate that threat.

8. **RESERVED**

9. **Removing Improvements from Service.**

(A) It is recognized by the parties that from time to time during the term(s) of this Lease, it may be necessary to remove one or more Improvements from service either to permit repairs, repainting or other maintenance by Lessor or in order to facilitate the installation, maintenance, repair or removal of Facilities by Lessee. If it is necessary for the Facilities to be removed in connection with work to be done on the Property by Lessor, Lessor shall give Lessee as much notice as reasonably possible, but in any event other than an emergency, not less than ninety (90) days advance written notice of the date by which such Facilities must be removed from the Property. However, if the need to request removal of the Facilities arises due to an emergency or other unforeseeable circumstances that do not permit a minimum ninety (90) day notice, Lessor shall give Lessee as much notice as is practicable under the circumstances and the

inability to give a minimum of ninety (90) days notice under those circumstances shall not be deemed a breach of this Lease. The notice shall also advise Lessee of the estimated period of time that the Improvements will be out of service. Upon receiving such notice, Lessee shall promptly remove, secure, relocate, or otherwise protect its Facilities during the entire duration of Lessor's maintenance activities. Any and all such costs shall be borne solely by Lessee.

(B) Lessee shall have the right to install a cell-on-wheels (**"COW"**) or other similar temporary facilities on the Property, Leased Premises or on any other available and suitable property of Lessor until the Facilities are restored to normal operations; provided that sufficient space for the COW or other temporary facilities is reasonably available on the Property, Leased Premises or other property of Lessor. Lessee agrees to obtain all permits required for the use and placement of all temporary equipment, including a COW, on the Property, Leased Premises or other property of Lessor prior to placing it into service. If the Facilities are removed from service at Lessor's request and a COW or other temporary facilities cannot be installed on the Property, Leased Premises or other available and suitable property of Lessor, the rent otherwise due hereunder shall be abated for the period from the date that the Facilities were removed from service through a date ten (10) days after Lessee received notice from Lessor that the Facilities may be reinstalled on the Leased Premises. All temporary facilities shall be promptly removed by, and at the expense of, Lessee following reinstallation of the Facilities on the Leased Premises.

(C) If it is necessary for an Improvement to be removed from service to permit the installation, maintenance, repair or replacement of any of the Facilities mounted thereon or affixed thereto, the time or times when the Improvement is removed from, and subsequently restored to, service will be coordinated between Lessor and Lessee. Lessee hereby acknowledges that Lessor's public service obligations are paramount and these obligations may severely limit Lessor's flexibility in taking an Improvement out of service. All costs of taking an Improvement out of service at Lessee's request, including, but not limited to, the cost to inspect and prepare for removal from service, preserve while out of service, and subsequently restore to service shall be borne by Lessee.

10. **Other Tenants.** Lessor may have heretofore entered into, or may hereafter enter into, a lease agreement with another telecommunications company for rights, similar to those granted herein, to install, operate, maintain, remove and replace an antenna and related equipment on the Property. This Lease does not in any way limit or restrict Lessor's right to enter into future agreements with other tenants, including other providers of telecommunications

services, to occupy other portions of the Property, provided that such future agreements contain terms prohibiting any future tenants from causing interference with the operations of any Current Tenants. As used in this Lease, the term "**Other Tenants**," whether singular or plural, shall mean all tenants of the Property other than Lessee, regardless of whether the agreement with any Other Tenant is dated before or after this Lease.

11. **Taxes.**

(A) Lessee shall timely pay when due all taxes, assessments and other governmental charges that Lessee is legally obligated to pay arising in any way from or as a result of this Lease, Lessee's use of the Leased Premises for Telecommunications Purposes or the presence or operation of the Facilities on the Leased Premises. Lessee shall also be responsible for, and shall promptly reimburse Lessor for the payment of, any taxes, assessments and other governmental charges or any increase therein that Lessor is legally obligated to pay and which arises or increases in any way from or as a result of this Lease, Lessee's use of the Leased Premises for Telecommunication Purposes or the presence or operation of the Facilities on the Leased Premises. Lessee will be entitled to appeal the assessment, to the taxing division office that made said assessment, of any taxes or fees allocated to it under this paragraph. Lessor agrees that it will reasonably cooperate, at Lessee's expense, with Lessee's efforts to prosecute such an appeal. Notwithstanding the foregoing, Lessee shall not be obligated to reimburse Lessor for any income tax payable by Lessor on the rent or other fees received from Lessee.

(B) Lessee and Lessor stipulate that, unless otherwise provided herein, the rental rights herein granted relate to real property.

12. **Insurance.**

(A) At no expense to Lessor, Lessee shall (i) obtain and keep in force during the term of this Lease, and any renewals or extensions hereof, and (ii) require its contractors and subcontractors to obtain and keep in force during the terms of their respective contracts, the following minimum insurance limits and coverages. The insurance coverage limits stated below are minimum coverage requirements, not limitations of liability, and shall not be construed in any way as Lessor's acceptance of the responsibility of the Lessee. Lessor, from time to time during the Initial Term and any Extended Term of this Lease, shall have the right to require the Lessee to increase the following coverages to commercially reasonable levels:

1. **Commercial General Liability**: $1,000,000 per occurrence
Combined Single Limits

$1,000,000 General Aggregate
$1,000,000 Products and Completed Operations Aggregate

Occurrence form including Premises and Operations Coverage, Products and Completed Operations, Coverage for independent contractors, Personal Injury Coverage and Blanket Contractual Liability. Contractor's Protective Liability if the Contractor subcontracts to another all or any portion of the Work. Completed Operations shall be maintained for a period of three (3) years following Final Completion.

2. **Workers Compensation**:

A. Applicable Federal or State Requirements: Statutory minimum

B. Employer's Liability: Each Accident $1,000,000
Policy Limit – Disease $1,000,000
Each Employee – Disease $1,000,000

C. Voluntary workers compensation insurance covering all employees not subject to the applicable workers compensation act or acts.

3. Automobile Liability (including owned, hired, borrowed and non-ownership liability)

Bodily Injury and Property Damage Combined Single Limits: $1,000,000 each occurrence

4. Umbrella Liability in excess of Employer's Liability, General Liability and Automobile Liability (no more restrictive than the underlying insurance), with limits of $4,000,000.

All Commercial General Liability including completed operations-products liability coverage and Automobile liability insurance shall designate Lessor as Additional Insured. All such insurance should be primary and non-contributory, with respect to Lessee's indemnity obligations under this Lease. In addition to the liability limits available, such insurance will pay on behalf or indemnify Lessor for defense costs with respect to Lessee's indemnity obligations under this Lease. Any other coverage available to the Lessor applies on a contingent and excess basis with respect to Lessee's indemnity obligations under this Lease. Such insurance shall include appropriate clauses pursuant to which the insurance companies shall waive its rights of subrogation against Lessor.

Lessee, its contractor and subcontractors shall furnish prior to the start of work, certificates or adequate proof of the foregoing insurance including, if specifically

requested by Lessor, copies of the endorsements and insurance policies naming Lessor as an Additional Insured. Current certificates of insurance shall be provided prior to the commencement of work and be maintained until completion of the contract. Lessor shall be notified in writing at least thirty (30) days prior to cancellation of or material change in a policy.

Carriers providing coverage will be rated by A.M. Best with at least an A-rating and a financial size category of at least Class VII. Such cancellation or material alteration shall not relieve Lessee of its continuing obligation to maintain insurance coverage in accordance with this Lease.

(B) If Lessee shall fail to procure and maintain said insurance, Lessor, upon written notice, may, but shall not be required to, procure and maintain same, but at the expense of Lessee. In the alternative, Lessor may declare a default hereunder and, unless such default is timely cured, terminate the Lease. Unless and until the default is cured, neither Lessee nor its servants, employees or agents will be allowed to enter upon the Leased Premises.

(C) The insurance requirements set forth in this Section 12 shall be maintained by Lessee for a period of up to thirty (30) days following the expiration or termination of this Lease, during which the Facilities shall be removed from the Leased Premises as required by Section 20 of this Lease.

13. **Indemnification**.

(A) To the fullest extent permitted by laws and regulations, Lessee shall defend, indemnify and hold harmless Lessor and all of Lessor's affiliated companies and the agents, officers, directors and employees of each and any of them from and against all claims, damages, losses and expenses, direct, indirect or consequential (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration or other dispute resolution costs) arising out of or resulting from the use or occupancy of the Leased Premises by Lessee, its servants, employees or agents, provided that any such claim, damage, loss or expense (i) is attributable to bodily injury, personal injury, sickness, disease or death, or to injury to or destruction of tangible, intangible, or intellectual property, including the loss of use resulting therefrom and (ii) is caused in whole or in part by any negligence, act or omission of Lessee, its servants, employees or agents, or anyone for whose acts Lessee may be liable, regardless of whether or not caused in part by any negligence, act or omission of a person or entity indemnified hereunder or whether liability is imposed upon such indemnified party by laws and regulations regardless of the negligence of any such person or entity.

(B) In any and all claims against Lessor, its affiliated companies and the agents, officers, directors or employees of each or any of them by any employee (or the survivor or personal representative of such employee) of Lessee, its servants, employees or agents, any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Lessee, its servants, employees, or agents, or other person or organization under workers' compensation acts, disability benefits acts or other employee benefits acts.

(C) If any provisions of this Section 13 concerning indemnification is prohibited or unenforceable by applicable law, then this Section 13 shall be reformed and amended as may be required to provide the parties indemnified hereunder with the fullest extent of indemnification as is permitted under applicable law.

(D) In addition to any other indemnification contained herein, Lessee agrees to defend, indemnify and hold Lessor harmless from any claims relating to or arising from radio frequency interference, radio frequency radiation, electromagnetic fields or any other interference, damage or injury alleged to arise from or be related to Lessee's use and occupancy of the Leased Premises. By giving this indemnification, Lessee does not acknowledge or recognize the validity of radio frequency claims as they apply to communications facilities.

(E) Lessee has the express obligation to indemnify and defend Lessor if any equipment installed, maintained or operated by Lessee causes Lessor's property to be in violation of any federal, state, county or local rules or laws. Accordingly, if Lessee's equipment shall cause Lessor to violate any such rules or laws, Lessor may, at its option, terminate the Lease immediately.

(F) Except for repair costs under the circumstances described in Section 6(E), Lessor shall not be responsible for any loss or damage sustained to Lessee's Facilities unless such damage arises directly from the intentional acts or omissions of Lessor, its employees or agents.

(G) The obligations created in this Section 13 shall survive the expiration and/or termination of the Lease and be enforceable by the respective parties.

(H) Lessee expressly assumes the risk of all activities, dangerous or otherwise, arising pursuant to this Lease.

14. **Liens**.

(A) The Property, including the Leased Premises, are subject to the lien of that certain Indenture of Mortgage dated as of May 1, 1968 by and between Tennessee American Water Company and Wachovia Bank (as successor to First Union National), as Trustee, as supplemented and amended (the "**Indenture**"). Lessee covenants and agrees that it shall not undertake or permit any activities on or concerning the Leased Premises which would cause Lessor to be in default of the Indenture.

(B) Lessee covenants and agrees that it shall not permit any mechanic's, laborer's, materialman's, statutory, tax or other lien to arise or be perfected and remain on the Property or Leased Premises, or any part thereof or on any rental payments due hereunder and shall indemnify, defend and hold Lessor harmless from and against any such lien; provided, however, that nothing contained in this Section 14 shall be deemed to require Lessee to pay or obtain the release of any such lien so long as Lessee is in good faith contesting the validity of such lien or causing its validity to be contested in good faith by others.

(c) It is the express intent of both parties to this Lease that neither party has any lien or security interest whatsoever in any personal property of the other party, and, to the extent that any applicable statute, code, or law grants either party, any lien or security interest, that party hereby expressly waives any rights thereto.

15. **Assignment.** Lessee may not assign, or otherwise transfer all or any part of its interest in this Lease or in the Leased Premises without the prior written consent of Lessor; provided, however, that if Lessee is not then in default hereunder, Lessee may assign its interest to its parent company, any subsidiary or affiliate of it or its parent company or to any successor-in-interest or entity acquiring fifty-one percent (51%) or more of its stock or assets. Upon assignment, Lessee shall be relieved of all future performance, liabilities and obligations under this Lease, provided that the assignee assumes all of Lessee's obligations herein. Lessee shall give Lessor written notice of any assignment of this Lease within ten (10) days thereof, together with a copy of the document effecting such assignment.

Lessor may assign this Lease, which assignment may be evidenced by written notice to Lessee within ten (10) days of said assignment, provided that the assignee assumes all of the

Lessor's obligations herein. This Lease shall run with the Property and shall be binding upon and inure to the benefit of the parties, their respective successors, personal representatives, heirs and assign.

16. **Subleasing.**

(A) The Leased Premises may not be sublet by Lessee without the prior written consent of Lessor, which consent shall not be unreasonably denied. The approval by Lessor of any sublease shall not act to release Lessee from any of its obligations under this Lease.

(B) If a sublease is approved in writing by Lessor, Lessee shall be obligated to pay to Lessor an additional monthly premium in the amount of 50% of the monthly rental payable hereunder, such premium being in addition to the regular monthly rental due and owing hereunder.

17. **Termination.** Except as otherwise provided herein, this Lease may be terminated as follows:

(A) By Lessor: (1) Upon ninety (90) days prior written notice in the event Lessor determines that it has a need for the use of the Leased Premises for public utility purposes that would be precluded, unduly restricted or otherwise adversely affected by the continued existence of the Facilities or if Lessor determines that the Improvements should be dismantled or demolished to permit the Land to be used for other purposes related to Lessor's public utility business. If Lessor issues a notice of termination under this Section 17(A)(1), Lessor shall use its best efforts to make available to Lessee an alternate site, owned by Lessor and suitable to Lessee , for the installation of the Facilities. If a suitable alternate site is identified, Lessee shall promptly undertake to install such Facilities on the alternate site as will permit it to remove the Facilities from the Leased Premises, all such installation and removal of Facilities being at Lessee's sole cost and expense. Upon completion of the installation of the Facilities at the alternate location, the Facilities at the Leased Premises shall be promptly removed therefrom. Concurrently therewith, this Lease shall be revised as necessary to accurately describe the alternate site and the Facilities located thereon and this Lease shall not terminate, but shall continue in full force and effect with

FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT

THIS FIRST AMENDMENT TO ANTENNA LEASE AGREEMENT (**"Amendment"**) is made as of this 17th day of NOVEMBER, 2010, by and between Tennessee American Water Company, a Tennessee corporation, with its principal office located at 1101 Broad Street, Chattanooga, TN 37401 (**"Lessor"**).

and

T-Mobile South LLC, a Delaware limited liability company, with its principal office located at 12920 SE 38th Street, Bellevue, WA 98006 (**"Lessee"**). T-Mobile South LLC is the successor in interest to Powertel/Atlanta, Inc. ("Prior Lessee").

WITNESSETH:

WHEREAS, Lessor and Prior Lessee have entered into a Lease dated March 3, 1998, ("Lease"), whereby the Prior Lessee leased the premises for the placement of an antenna structure on said water tank and a portion of real property for ground equipment located at 284 South Crest Road, Chattanooga, Hamilton County, TN 37404 ("Site");

WHEREAS, pursuant to a merger, Lessee assumed the Lease on January 1, 2006;

WHEREAS, Lessee wishes to modify certain provisions of the Lease; and

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Lessee shall have the right to install three (3) additional RFS APXV18-206517S-CA20 antennas at a centerline height of 99'-4", for a total of six (6) antennas with associated TMAs, brackets and cables. In addition, all existing and proposed antennas, cables, cable tray and/or cable shroud associated brackets shall be painted to match said tank. See Exhibit A attached hereto.

2. Lessee shall install one (1) additional cabinet (FCOA) within its existing lease area, as shown on Exhibit B attached hereto.

T-Mobile Site Name: Missionary Ridge
T-Mobile Site #: 9AT0893A

TN-AW Site ID: Crest Road, Chattanooga

3. Lessee rental lease payments shall increase by an additional Three Hundred Dollars ($300.00) per month per antenna for a total increase of Nine Hundred Dollars ($900.00) per month to take effect upon the issuance of said building permit. All other rental lease terms including increases shall remain the same.

4. No later than November 30th, 2010, Lessee shall install a security fence, consisting of chainlink construction, around its leased compound ground equipment area, not including the ice bridge area, and add a 4' main gate to its compound area only for 24/7 access. See Exhibit B.

5. Lessee shall be responsible for all permitting to governmental agencies and all costs associated with said improvements shall be at Lessee's sole expense. Due to the residential location, Lessee work shall be constructed Monday thru Friday between the hours of 8:00am to 6:00pm, except in an emergency. Lessee is required to comply with the Chattanooga City ordinance with regards to "Noise." Said ordinance is attached as Exhibit C.

6. Section 17. "Notice" of the Lease is hereby amended for "LESSEE" to the following revised notice addresses:

LESSEE: PCS Lease Administrator
T-Mobile USA, Inc.
12920 SE 38th St.
Bellevue, WA 98006

with a copy to:

Lease Administrator
T-Mobile South LLC
4 Concourse Parkway
Suite 300
Atlanta, GA 30328

6. All capitalized terms used herein, unless otherwise defined herein, shall be defined in conformity with the terms and conditions of the Lease.

7. In case of any inconsistencies between the terms and conditions contained in the Lease and the terms and conditions contained herein, the terms and conditions herein shall

T-Mobile Site Name: Missionary Ridge
T-Mobile Site #: 9AT0893A

TN-AW Site ID: Crest Road, Chattanooga

control. Except as set forth herein, all provisions of the Lease remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties hereto have set their hands and affixed their respective seals to this First Amendment to Antenna Lease Agreement.

Exhibit C

ORDINANCE NO. 11273

AN ORDINANCE TO AMEND CHATTANOOGA CITY CODE, ARTICLE III, SECTIONS 25-67 THROUGH 25-72, RELATIVE TO UNLAWFUL NOISES.

SECTION 1. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHATTANOOGA, TENNESSEE, That Chattanooga City Code, Article III. Noises, be and is hereby amended as follows:

Article III, Section 25-67 be amended by re-numbering it as Section 25-68 and creating a new Section 25-67 as follows:

Sec. 25-67. Definitions and noise measurement procedures.

(a) All terms used in this Article shall, for the purpose of this Article, have the meanings hereinafter ascribed to them.

"Ambient Noise" shall mean background noise.

"A' Weighted Sound Level" shall mean the sound pressure level as measured with the sound level meter using the "A" weighing network. The standard unit notation is dB(A).

"dB(A)" shall mean the composite abbreviation for A-weighted sound level in decibels.

"Decibel" shall mean a logarithmic unit of measure of ten used in measuring magnitudes of sound. The symbol is dB.

"Motorcycle" shall mean any motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels, but excluding a tractor.

"Motor Driven Cycle" shall mean every motorcycle and every motor scooter with a motor which does not exceed five brake horsepower, including every bicycle with a motor attached.

"Motor Vehicle" shall mean any self-propelled vehicle.

"Muffler" shall mean an apparatus consisting of a series of chambers or baffle plates designed for the purpose of

transmitting gases while reducing sound emanating from such apparatus.

"Noise" shall mean any sound which annoys or disturbs humans or which causes or tends to cause an adverse psychological or physiological effect on humans.

"Public Premise" shall also mean any private property generally available for public use including private streets, drives and parking lots or parking spaces provided for any public use at any individual, commercial, institutional or multi-family residential or other property use where parking spaces are required.

"Residential Property" shall mean any premise where single or multiple dwelling units exist and shall include schools, churches, hospitals, nursing homes and similar institutional facilities.

"Sound Amplification Device" shall mean any radio, tape player, compact disc player, loudspeaker or other electronic device used for the amplification of sound.

"Sound Level" shall mean a measure of the level of a sound with a weighing network in the measurement chain.

"Sound Level Meter" shall mean an apparatus or instrument including a microphone, amplifier, attenuator, output meter and frequency weighing networks for the measurement of sound levels.

"Vehicle" shall mean any device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except devices moved by human power or used exclusively upon stationary rails or tracks.

(b) For the purpose of determining db(A)'s as referred to in this article, the noise shall be measured on the A-weighting scale on a sound level meter of standard design and quality having characteristics established by the American National Standards Institute.

(c) Measurement procedure. The sound level meter shall be operated in accordance with the instrument manufacturer's

instructions as follows:

(1) Microphone Orientation. The microphone shall be pointed towards the allegedly offensive noise source, unless the instrument manufacturer's instructions specifically indicate otherwise.

(2) Calibration. The meter shall be calibrated in accordance with manufacturer's instructions.

(3) Meter Readings. The recorded reading shall be the highest sound level obtained with the allegedly offensive noise source in operation, disregarding unrelated peaks due to extraneous ambient noises.

(4) Ambient Conditions. Measurements shall be made only when the A-weighted ambient sound level, including wind effects and all sources other than the noise source being measured, is at least 10 dB(A) lower than the sound level of the of the noise source being measured, provided however that no source shall emit noise in excess of the applicable maximum dB(A) levels when measured twenty-five (25) feet or more from the source.

Article III, Section 25-68(3) as renumbered be amended by deleting the language after the first sentence.

Article III, Section 25-68(4) as renumbered be amended by deleting the last sentence in the paragraph.

Article III, Section 25-68(6) as renumbered be amended by deleting ", or upon request of proper city authorities."

Article III, Section 25-68(8) as renumbered be amended by deleting "6:00 p.m." wherever it appears and substitute in lieu there of "8:00 p.m.".

Article III, Section 25-68(11) be deleted in its entirety and substitute in lieu thereof the following:

(11) *Refuse collection.* Operate a mechanical loader for refuse collection between the hours of 9:00 p.m. and 7:00 a.m. within or adjacent to any residential zone.

Article III, Section 25-68(12) be deleted in its entirety and substitute in lieu thereof the following:

(12) *Lawnmowers, leaf blowers, weed-eaters, chain saws, etc.* Operate lawn mowers, leaf blowers, weed-eaters, chain saws or other domestic tools out-of-doors between the hours of 9:00 p.m. and 7:00 a.m.

Article III, Section 25-68 be amended by adding a new subsection (13) as follows:

(13) *Fireworks.* It shall be unlawful to set off fireworks after the hour of 11:30 p.m., except on New Year's Eve when the hours prohibited shall be 12:30 a.m. until 8:00 a.m.
(Ord. No. 11163, §1, 7-31-01)

Article III, Section 25-68(b) be deleted in its entirety and substitute in lieu thereof the following:

(b) The provisions of this section shall not apply to any vehicle of the city or other governmental entity while engaged upon necessary public business, to excavations or repairs of bridges or streets by or on behalf of the city during the night hours, where the public welfare and convenience renders it necessary to perform the work at night.

Article III, Section 25-68 be renumbered to 25-69, be deleted in its entirety and substitute in lieu thereof the following:

Sec. 25-69. Loudspeakers, amplifiers and sound-amplifying devices.

(a) It shall be unlawful to:

(1) Operate or allow the operation of any sound amplification equipment so as to create sounds registering fifty-five (55) db(A) between 9:00 a.m. and 9:00 p.m. or fifty (50) db(A) between 9:00 p.m. and 9:00 a.m., as measured anywhere within the boundary line of the nearest residentially occupied property, hospital, school in session or nursing home, except in accordance with a permit obtained from the chief building official.

(2) As to multifamily structures including apartments, condominiums or other residential arrangements where boundary lines can not readily be determined, it shall be unlawful to operate or allow the operation of any sound amplification equipment so as to create sounds registering fifty-five (55) db(A) between 9:00 a.m. and 9:00 p.m. or fifty (50) db(A) between 9:00 p.m. and 9:00 a.m., as measured from any point within the interior of another residential unit in the same complex or within the boundary line of the nearest residentially occupied property, except in accordance with a permit obtained from the chief building official.

(3) As to places of public entertainment having a capacity of one thousand (1,000) or more persons, operate or allow the operation of any sound amplification equipment so as to create sounds registering more than sixty-five (65) db(A) between 9:00 a.m. and 9:00 p.m., or fifty (50) db(A) between 9:00 p.m. and 9:00 a.m., as measured anywhere within the boundary line of the nearest residentially occupied property, except in accordance with a permit obtained from the chief building official.

(4) Operate or allow the operation of any sound amplification equipment for advertising purposes or otherwise to attract customers so as to cast sounds which are unreasonably loud and disturbing or which register more than sixty (60) db(A) at or on the boundary of the nearest public right-of-way or park.

(5) Operate or allow the operation for personal use of any sound amplification equipment on the public right-of-way, including streets or sidewalks, or in the public parks so as to produce sounds registering more than sixty (60) db/(A) fifty (50) feet or more from any electromechanical speaker between the hours of 9:00 a.m. and 9:00 p.m., or fifty (50) db(A) fifty (50) feet or more from any electromechanical speaker between the hours of 9:00 p.m. and 9:00 a.m.

(b) The foregoing limitations on the operation of sound amplification equipment shall not apply to the operation of horns, sirens or other emergency warning devices actually being used in emergency circumstances.

Article III, Section 25-68(c), (d) and (e)(1)(2)(3)(4)(5)(6)(7) be deleted in its entirety and add a new Section 25-70 as follows:

Sec. 25-70. Warnings prior to citation.

(a) If conduct that would otherwise violate this article consists of speech or other communication, of gathering with others to hear or observe such speech or communication, or of gathering with others to picket or otherwise express in a nonviolent manner a position on social, economic, political or religious questions, the person must be ordered to move, disperse or otherwise remedy the violation prior to his or her citation or arrest.

(b) The order required by section may be given by a peace officer, a person with authority to control the use of the premises, or any person directly affected by the violation.

(c) It is a defense to an offense under the article that:

(1) in circumstances in which this section requires an order, no order was given;

(2) an order, if given, was manifestly unreasonable in scope;

(3) an order, if given, was promptly obeyed;

(4) the device was operated within an enclosed motor vehicle and was not audible outside the vehicle in which it was operated;

(5) the device is one required by any law, ordinance or regulation of the state, federal or municipal government and operated in accordance with applicable law; or

(6) the device is operated as a part of any parade or other activity for which a permit (other than a business permit) has been obtained from any governmental entity.

(Ord. No. 10157, ' 3, 1-10-95)

Article III be amended by adding a new Section 25-71 as follows:

Sec. 25-71. Permits for additional amplification.

(a) *Application.* The application for a permit for additional amplification under section 25-69 shall be submitted to the chief building official at least fifteen (15) working days in advance of the planned use except in case of emergency. The application shall designate an individual person or persons who shall be in control of the sound amplification equipment and assure that its use complies with the terms of the permit.

(b) *Notice of tentative approval.* Upon tentative approval, the applicant for a permit shall be responsible for mailing or otherwise delivering to the occupants of each property within a one thousand foot (1,000') radius of the facility for which the permit has been granted, as shown on the tax maps of the county, a notice stating the date and hours of the event. The notice shall be delivered at least seventy-two (72) hours in advance of the event. The permit shall not be actually granted and issued until the applicant submits an affidavit to the chief building official that such notices have been actually mailed or otherwise delivered.

(c) *Number of hours.* No permits shall be issued which shall have the effect of allowing more than twenty (20) hours of excess amplification per year at any place of public entertainment having a capacity of one thousand (1,000) or more persons or ten (10) hours of excess amplification at any other location. Permits shall be tentatively approved and subsequently granted by the chief building official in the order of receipt unless permits for twenty (20) or more hours have previously been issued for the same or other locations within a one thousand foot (1,000') radius of the facility in the same calendar year, in which event the applicant shall elect whether to limit his request so as to keep the year's accumulated hours of excess amplification in that location below twenty (20) hours or select another location.

(d) *Not permitted in residentially occupied boundaries.* In no event shall a permit be granted which allows the creation of sounds registering more than seventy (70) db(A) anywhere within the boundary line of the nearest residentially occupied property.

(e) *Denial; exceptional permit.* If an applicant has been denied a permit under this section and believes the denial is illegal by virtue of applicable state or federal law, he shall promptly submit a copy of the denied permit application together with a short statement of the reasons he believes he is entitled to a permit to the mayor. The mayor shall have the discretion to grant an exceptional permit waiving locational, time and/or db(A) requirements, upon his determination that the applicant has made a substantial showing of legal entitlement. Any such exceptional permit shall be promptly reported to city council.

Article III be amended by adding a new Section 25-72 and Section 25-73 as follows:

Sec. 25-72. Motor vehicles.

Sound Levels by Vehicle Type. No person shall operate a motor vehicle upon any public premise, or be permitted to operate a motor vehicle upon any public premise at any time or under any conditions of roadway grade, load, acceleration or deceleration in such a manner as to generate a sound level in excess of the following limit for the category of motor vehicle and applicable speed under measurement procedures established herein.

Speed Limit Zone 35 mph or Less:

(a)	Motorcycles and motor driven cycles:	82 dB(A)
(b)	Vehicles with gross weight over 10,000 lbs. or over:	86 dB(A)
(c)	Vehicles with gross weight under 10,000 lbs.:	80 dB(A)

Speed Limit Zone Over 35 mph:

(a)	Motorcycles and motor driven cycles:	86 dB(A)
(b)	Vehicles with gross weight over 10,000 lbs. or over:	90 dB(A)
(c)	Vehicles with gross weight under 10,000 lbs.:	84 dB(A)

Standing Motor Vehicles. No person shall operate or permit the operation of any motor vehicle with a gross weight rating (GVWR) in excess of (10,000) pounds,

or any auxiliary equipment attached to such a vehicle, for a period longer than 10 minutes in any hour while the vehicle is stationary, for reasons other than traffic congestion, within 150 feet (46 meters) of a residential area, between the hours of 10:00 p.m. and 7:00 a.m. the following day.

Sec. 25-73. Enforcement and penalties.

Where there is a violation of any provision of this article, the city court, in its discretion, may take one (1) or more of the following actions.

(1) A citation fine of fifty dollars ($50.00) for each violation.

(2) A civil penalty not to exceed five hundred dollars ($500.00) for each violation of this article may be adjudged to recover administrative expenses incurred in enforcing this article. A detailed and individualized statement of administration costs incurred by the city shall be submitted to the court for consideration if a civil penalty is sought.

(3) A conditional civil penalty not to exceed five hundred dollars ($500.00) for each separate violation of this article may be assessed by the city judge in the event of an intentional violation of this article conditioned upon the violator purging himself or herself of the civil penalty by not committing another violation of this article for one (1) year following imposition of the conditional civil penalty.

Provided that no combination of fines and civil penalties may exceed five hundred dollars ($500.00) for each violation

Article III be amended by reserving the following:

Secs. 25-72 -- 25-80. Reserved.

SECTION 2. BE IT FURTHER ORDAINED, That this Ordinance shall take effect two (2) weeks from and after its passage, as provided by law.

PASSED on Third and Final Reading

Re: BellSouth Mobility/Cingular Wireless
Antenna Lease Agreement
Lookout Mountain, Tennessee/Fort Circle

COPY

Dear Herb:

Following up on our telephone conversation of November 1, 2001, enclosed please find a copy of the Antenna Lease Agreement between BellSouth Mobility, on behalf of Cingular Wireless, and Tennessee-American Water Company, for the Fort Circle site.

By copy of this letter being hand delivered to Dan Bailey at the Chattanooga TAWC office, I am providing him with a copy as well.

If you have any questions, please do not hesitate to call.

Very truly yours,

SPEARS, MOORE, REBMAN & WILLIAMS

Chattanooga, Tennessee 37402

ANTENNA LEASE AGREEMENT

THIS AGREEMENT, made this 1 day of April, 2001, by and between Tennessee-American Water Company ("Lessor") and BellSouth Mobility LLC with its principal place of business located at 1100 Peachtree Street, NE, Atlanta, Georgia 30309-4599 ("Lessee").

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereto agree as follows:

1. Premises

Lessor hereby leases to Lessee that certain space on Lessor's water tank located at Fort Circle at North Bragg and West Averill Street in the Town of Lookout Mountain, Tennessee, as shown on the drawing attached hereto as **Collective Exhibit A**, and being further described in the Deed of Easement and Right-of-Way recorded in Deed Book 5200 at Page 493, in the Register's Office of Hamilton County, Tennessee, together with a parcel of land sufficient for the installation of Lessee's equipment building as shown on **Collective Exhibit A** attached hereto, together with the nonexclusive right of ingress and egress seven (7) days per week, twenty-four (24) hours per day, on foot or motor vehicle, including trucks and for the installation and maintenance of utility wires, poles, cables, conduits, and pipes over, under or along the demised premises solely for the purposes set forth in Paragraph 2, hereof. Said Tank, parcel of land and right-of-way for access ("Property") being substantially as described in **Collective Exhibit A**, hereto.

2. USE

Lessee shall use the Property for the purpose of constructing, maintaining, and operating a communications facility consisting of up to 12 antennas and uses incidental thereto and all necessary connecting appurtenances at Lessee's sole cost and expense. All structures and equipment intended to be used on the Property and the frequencies of operation of such equipment shall be substantially as set forth in **Collective Exhibit A** attached hereto. A security fence, or other means of security, consisting of chainlike construction may be placed around the perimeter of the Property at the discretion and approval of Lessor (not including the access easement). All improvements, including but not limited to, installation of the fence or other means of security, and local approvals, if necessary, shall be paid for by Lessee. Lessee shall submit plans and specifications to Lessor for Lessor's written approval, which approval shall not be unreasonably withheld or delayed. In the event that the Lessor does not furnish the Lessee with written approval within thirty (30) days of the date of submission of the plans, Lessor will be deemed to have approved them.

3. Conditions to Use

It is understood and agreed that Lessee's ability to use the Property is contingent upon its obtaining, after the execution date of this Agreement, all of the certificates, permits and other approvals that may be required by any Federal, State or Local authorities, which will permit use of the Property for Lessee's intended purpose.

4. Rent

Beginning on the Commencement Date, rental payments will be due at an annual rental of THIRTY THOUSAND DOLLARS ($30,000.00) to be paid in equal monthly installments on the first day of the month, in advance to the Lessor at the address designated in Paragraph 16, hereof, or to any other person, firm, or place as the Lessor may from time to time designate in writing at least thirty (30) days in advance of any rental payment date. Upon execution of this Agreement, Lessee shall pay to Lessor a deposit equal to two (2) months' rent which shall be applied to the first year's rental payment.

The annual rental for subsequent five (5) year extension terms shall be increased to reflect any increase in the cost of living for the period immediately preceding each extension term. The increase in the cost of living, if any, shall be measured by the Regional Consumer Price Index for all Consumers (1982 - 1984 = 100), all Items, all Consumers (CPI) or any similar index published by an agency of the United States Government if such index should be terminated or revised, or in the event there shall be no similar index so published, any index or measure reasonably calculated so as to measure the change in the cost of living in a manner consistent with the CPI shall be calculated between the first and last calendar month of each five (5) year period by multiplying the change in such CPI by the monthly rent being paid immediately prior to such adjustment. The rent as adjusted shall thereafter be payable in equal monthly installments until the rent shall be once again adjusted for the subsequent five (5) year period. Any rent, charges, fees or other costs whatsoever, charged to Lessee by any other party other than Lessor, or due to Lessee's occupancy of the Property, shall be at the sole cost and expense of Lessee.

5. Term and Term Extension

The term of this Agreement shall be five (5) years and shall be effective on the Commencement Date, which is defined as the first (1st) day of the month, following the month in which Lessee obtains all zoning and all other permits and approvals needed in order to operate its communications facility at the Property, but not later than April 1, 2001. Provided that this Lease has not been terminated before the expiration date of the Initial Term or any Renewal Term, this Lease shall automatically renew for four (4) terms of five (5) years each unless the Lessee gives written notice, at least ninety (90) days prior to the expiration of the then current term, of its intentions not to let the Lease automatically renew. If at the end of the fourth (4th) five (5) year extension term, this Agreement has not been terminated by either Party by giving to the other written notice of an intention to terminate it at least six (6) months' prior to the end of such term, this Agreement shall continue in force upon the same covenants, terms and conditions for a further term of one (1) year and for annual terms thereafter until terminated by either Party by giving to the other written notice of its intention to so terminate at least six (6) months prior to the end of such term. Monthly rental for this period shall be equal to the rent paid for the last month of the fourth (4th) five (5) year extension.

6. Access

Lessor agrees that Lessee shall have free access to the water tower at all times for the purpose of installing and maintaining said Equipment. Lessor shall furnish Lessee with necessary provisions for access for the purpose of ingress and egress to the water tower site. It is agreed, however, that only authorized employees, or properly authorized

contractors of Lessee or persons under its supervision, will be permitted to enter said premises.

7. Termination

Except as otherwise provided herein, this Lease may be terminated, without any penalty or further liability, on thirty (30) days' written notice as follows: (a) by either party upon a default of any covenant or term hereby by the other which is not cured within sixty (60) days of receipt of written notice of default (without, however, limiting any other rights available to the parties pursuant to any other provisions hereof); (b) by Lessee if it is unable to obtain or maintain any license, permit or other approval necessary to the operation of the Antenna Facilities or Lessee's business; (c) by Lessee if the Premises are or become unacceptable under Lessee's design or engineering specifications for its use of the Antenna Facilities; (d) by Lessor upon twelve (12) months' notice, if it determines to dismantle the Tank which Lessee is leasing; and (e) by Lessee if Lessee has not received all permits and approvals on or before the Commencement Date. In the event of termination under sections 7(b) or 7(c) above, Lessee may, terminate this Lease on three (3) months' prior written notice to Lessor, provided Lessee continues to pay rent to Lessor for the six (6) months next following the date of such notice of termination.

8. Condemnation

If a portion of the tank or tank site is taken or condemned for a public or quasi-public use (a sale in lieu of or on settlement of condemnation shall be deemed a taking or condemnation for purposes of this Lease), to the extent that Lessee's use is deemed to be destroyed, this Lease shall, at either Party's option, terminate as of the date title to the site

or tank vests in the condemnor and the Rent shall be apportioned and paid in full by Lessee to Lessor to that date and neither Party shall thereafter have any liability hereunder.

Lessee shall have the right and it shall be its duty to remove its Equipment from the Property and without harming Lessor's Property on or before the date that title vests in the condemnor. In the event that any government or other public body shall take all or such part of the Property or adjoining or adjacent property subject to an easement appurtenant thereby making it physically or financially unfeasible as determined by Lessee in its sole discretion for the Property to be used in the manner it was intended to be used by this Lease, Lessee shall have the right to assert a claim against the condemnor for the portion attributable to Lessee's interest in the Property and to terminate this Lease effective as of the date of the taking by the condemning party and the rental shall be equitable prorated. If only a portion of the Property is taken, and Lessee does not elect to terminate this Lease under this provision, then rental payments provided under this Lease shall be reduced proportionally as to the portion taken which is not then usable by Lessee and this Lease shall continue.

9. Title to the Property

Except as provided herein, Lessor covenants that Lessor is seized of good and sufficient title and interest to the Property and has full authority to enter into and execute this Agreement. Lessor further covenants that there are no other liens, judgments, or impediments of title on the Property or affecting Lessor's title to same. This Lease is subject to a Deed of Easement and Right-of-Way from the Town of Lookout Mountain,

Tennessee, and an Indenture of Mortgage with First Union National Bank (successor to The Fidelity Bank) dated as of May 1, 1968, as supplemented.

10. Indemnification

Both Lessee and Lessor agree to use and occupy the Property as its own risk and hereby release the other from claims from any damage or injury suffered by the other; provided however, Lessee shall take all reasonable actions to protect the Property of the Lessor during the installation, operation and maintenance of Lessee's Equipment, and each of Lessor and Lessee shall indemnify and save the other harmless from all claims (including costs and expenses of defending against such claims) arising from the others' breach of any of their obligations hereunder or from the negligence or willful misconduct of Lessor or Lessee as the case may be, or any of their agents, employees, contractors or other tenants of Lessor occurring during the term of this Lease.

11. Hazardous Materials

Lessor warrants, represents and agrees that neither the Lessor nor, to the best of Lessor's knowledge, that any third party contractors of Lessor has used, generated, stored, or disposed of any Hazardous Materials on the Property. (Hazardous Materials shall mean petroleum or any petroleum product, asbestos, and any other substance, chemical or waste that is identified as hazardous, toxic, or dangerous in any applicable Federal, State or Local law, rule, or regulation.) In the event that hazardous materials are found in, on, or under the Property, which occurred prior to the date of this Agreement, Lessor shall assume the liability and costs for any clean up resulting therefrom. Lessee and Lessor shall be responsible for any and all damages, losses, expenses, and will indemnify each other

against and from any damages, losses or expenses resulting from the discovery by any persons or such hazardous materials or wastes, generated, stored or disposed of as a result of Lessee's or Lessor's respective equipment or uses of the Property.

12. Insurance

Lessee shall, at Lessee's expense, obtain and keep in force during the term of this Lease comprehensive general liability and property liability insurance with liability limits of not less than Five Million Dollars ($5,000,000.00) for injury to or death of one or more persons in any one occurrence, and for damage to or destruction of property in any one occurrence. Lessor shall be named as an additional named insured, and the policies shall contain cross liability endorsements. Lessee may carry said insurance under a blanket policy, provided, however, said insurance by Lessee shall have a Lessor's protection liability endorsement attached thereto. If Lessee shall fail to procure and maintain insurance, Lessor, upon written notice, may, but shall not be required to, procure and maintain same, but at the expense of Lessee. Insurance required hereunder shall be in companies rated A or better in "Best's Insurance Guide." Lessee shall deliver to Lessor, prior to occupancy of the Property, copies of policies of liability insurance required herein or certificates evidencing the existence and amounts of such insurance with loss payable clauses reasonably satisfactory to Lessor. No policy shall be cancelable or subject to reduction of coverage except after ten (10) days' prior written notice to Lessor.

13. Installation, Maintenance and Operation

It is understood and agreed that the Lessor must approve the installation, contractor and personnel chosen by Lessee to install, maintain and operate the Equipment and that said installation, maintenance and operation will in no way damage or interfere with Lessor's use of the water tank, antennae or appurtenances. Lessor's approval of the installation, contractor and personnel shall not be unreasonably withheld or delayed.

No materials may be used in the installation of the antennae or transmission lines that will cause corrosion or deterioration of the water tank structure or its appurtenances. Prior to the installation of the antenna on the water tank, Lessee shall have a structural analysis performed, signed and sealed by a professional engineer licensed in the state in which the tank is located and approved by the Lessor. The analysis shall determine if the tank can accommodate the installation of the proposed facilities. If structural improvements are required prior to installation of the facilities, all costs associated therewith shall be borne by the Lessee.

All welding, cutting, and coating work required for the installation of antennae anchors, brackets, supports, etc., shall conform to the applicable requirements of AWWA Standard D100. The coatings and surface preparations used for the repair of existing coatings shall be approved by Lessor. The existing coatings shall be tested for the presence of lead and other hazardous substances, as defined in The Comprehensive Environmental Response, Compensation and Liability Act 42 U.S.C. §9601 *et seq.* and regulations interpreting said Act. The cost of all lead abatement and containment procedures shall be borne by the Lessee as part of the installation cost.

All installation, maintenance or operations work on the facilities that requires placing the water tank out of service shall be coordinated with the Lessor and the times and durations of placing the tank out of service shall be at the discretion and convenience of the Lessor. Any costs to take the tank out of service including, but not limited to, the cost of labor, the cost to drain, disinfect and refill the tank, shall be borne by the Lessee but only after advance written notice from Lessor to Lessee that such costs would be incurred.

All electrical work to be performed on the Property shall be in accordance with the National Electric Code and all applicable local codes. All wiring outside of the tank shall be installed in rigid steel conduit.

Each antenna must be identified by a metal tag fastened securely to its bracket on the water tower and each transmission line is to be tagged at the conduit opening where it enters the Lessee's equipment building.

If the Lessee, its agents, employees, or Equipment causes damage to the water tank, Lessee agrees to repair such damage immediately at Lessee's own cost and expense. If Lessee fails to do so, Lessor shall have the right to repair said damage and invoice Lessee for said costs. Failure to pay such invoice within thirty (30) days of written demand by Lessor shall be grounds for immediate termination of this Agreement by the Lessor. Lessee agrees to maintain the antennae, transmission lines and other appurtenances in proper operating condition and maintain same in satisfactory condition as to appearance and safety. The duty to repair shall be in addition to and not in lieu of the Lessee's indemnification obligations contained herein.

All installations and operation in connection with this Agreement by Lessee shall meet with all applicable Rules and Regulations of the Federal Communications Commission, Federal Aviation Administration and all applicable codes and regulations of the relevant federal, municipal, county and state entities. Under this Agreement, Lessor assumes no responsibility for the licensing, operation and/or maintenance of Lessee's telecommunications equipment.

It is understood that Lessor, from time to time, will need to repair the water tank and/or remove and re-coat the tank with a new paint system. Following notification of the need and schedule for tank maintenance, which shall occur thirty (30) days prior to maintenance unless emergency conditions dictate a shorter notice period, the Lessee, if reasonably required by Lessor, shall remove, secure, relocate, and/or protect its facilities during the entire duration of the maintenance activities. The cost of removing, securing, relocating, and/or protecting shall be borne by the Lessee. Any other additional costs to perform coating maintenance due to the installation or presence of the facilities shall be borne by the Lessee.

14. Interference

In the event that the operations of Lessee under this Agreement interferes with the water storage and distribution by Lessor or other earlier authorized operations on the site, Lessee shall at its own expense, as soon as reasonably possible after notice thereof, correct such interference. This provision shall not apply to test periods where the source of the interference is being determined for the purposes of suppression. In the event that transmitting or receiving devises installed on the site in the future by any authorized user

shall interfere with Lessee's transmission or reception, Lessor shall, after notice from Lessee, demand such interference to be eliminated as soon as reasonably possible at such authorized user's sole cost. In the event that any such interference does not cease within such reasonable period, the parties acknowledge that continuing interference will cause irreparable injury to Lessee and Lessee shall have the right, in addition to any other rights that it may have at law or equity, to bring action against such authorized user to enjoin such interference or to terminate this Lease. In the event of Lessee's action to enjoin, Lessor agrees to cooperate with Lessee and assign its rights, as may be required, to Lessee. Lessor shall have no obligation to act to eliminate such interference.

15. Taxes

Lessee is solely responsible for any and all taxes assessed by reason of the erection by Lessee of its communication facility and Equipment, which taxes shall be paid promptly when due by Lessee.

16. Notice

All notices hereunder must be in writing and shall be deemed validly given if sent by certified mail, return receipt requested, or by overnight mail, addressed as follows (or any other address that the Party to be notified may have designated to the sender by like notice);

LESSOR: Tennessee-American Water Company

17. Governing Law and Venue

This Agreement and the performance thereof shall be governed, interpreted, construed and regulated by the laws of the state of Tennessee and any cause of action shall be brought or maintained in the appropriate state or federal court in Chattanooga, Tennessee.

18. Entire Agreement

It is understood and agreed that this Agreement contains all agreements, promises and understandings between the Lessor and Lessee and that no verbal or oral agreements, promises, or understandings shall be binding upon either the Lessor or Lessee in any dispute, controversy or proceeding at law, and any addition, variation or modification to this Agreement shall be void and unenforceable unless made in writing and signed by the authorized representatives of the Parties hereto.

19. Assignment

This Lease may not be sold, subleased, assigned or transferred at any time except to Lessee's principal, affiliates or subsidiaries of Lessee or its principal or to any company upon which Lessee is merged or consolidated. As to other parties, this Lease may not be

sold, subleased, assigned or transferred without the written consent of the Lessor, such consent not to be unreasonably withheld.

20. Miscellaneous

Lessee may file of record in the property records in the county in which the Property and the land that is the subject of the easements are located a Memorandum of Antenna Lease Agreement setting forth the names and addresses of Lessor and Lessee, the legal description of the Property and the land that is the subject of the Easements, the duration of the Term and such other provisions of this Agreement as Lessee deems appropriate, and Lessor hereby appoints Lessee as Lessor's agent to prepare and record such Memorandum.

IN WITNESS WHEREOF, the Parties hereto have set their hands and affixed their respective seals the day and year first written above.

Re: Tennessee-American Water Company/Cingular
Wireless Cellular Antenna Lease
Fort Circle Tank
Town of Lookout Mountain, Tennessee

Dear Mr. Miller:

As I believe you are aware, the Town of Lookout Mountain has granted our application for a permit to place an antenna array on top of Tennessee-American Water Company's Fort Circle tank in Lookout Mountain, Tennessee. Pursuant to our negotiations, Cingular has agreed to the $2,500.00 per month rent and all other pertinent terms of the lease, including your request that it begin April 1, 2001.

As I recall our discussion (or my discussion with Ms. Dixon), your office would prepare a form of lease and forward it to me for review. My client is anxious to bring this matter to a conclusion, with the result I write to inquire if there is anything I can do to be of assistance in bringing this matter to a conclusion at this point.

I look forward to hearing from you.

Very truly yours,

SPEARS, MOORE, REBMAN & WILLIAMS

Mark A. Ramsey

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

19. Provide the source and support of the individual cost of service detail amounts (by account number) shown in column 4 on Pages 1 - 7 of Schedule B in the Company's Cost of Service Study.

Response:

See “Base File 2012 TN RC.xlsx”, worksheet “Link Out Gannett Fleming” for the individual cost of service detail amounts by account number shown in column 4 with the exception of depreciation expense by account and Other Fees and Billing Services.

The calculation of depreciation expense by account is attached.

The source of the amounts in columns 1-3 is the file “Exhibit Support TN Capital through 3-31-14 final.xlsx”, worksheet “RB 6.1 Deprec Exp Activity”, column BJ (Utility plant Nov-2013) multiplied by 12 in order to annualize.

Column 4 is the addition of columns 1 through 3.

Column 5 is calculated using the total CIAC in each district and allocating it based the CIAC and Advances rate base found in the same file listed about, worksheet “Developer Advances Net Balances”.

Column 6 (Cost of Removal - COR) is developed from the same file listed above and worksheet “COR Expense”, column BJ (Nov-2013) multiplied by 12 to annualize.

Column 7 is the addition of columns 4,5 and 6.

Other Fees and Building Services were developed from Exhibit DJP-1, Schedule 2 for each district.

$641,903,493

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

20. Provide source and support of the Average Daily Consumption (CCF) amounts for each customer class that are used to calculate Allocation Factor 1 as shown on Page 1 of Schedule C in the Company's Cost of Service Study.

Response:

The Average Daily Consumption amounts for each customer class are equal to the Attrition Year water sales in Petitioner’s Exhibit DJP-1, Schedule 2 for each class in each district divided by 365.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

21. Refer to Page 3 of Schedule C in the Company's Cost of Service Study for Allocation Factor 2. Provide the source and support for the weighting factors that are "…based on the maximum day ratio of 1.45 based on a review of the maximum day ratios experienced during the period 1995 through 2011." Also explain why this maximum day ratio of 1.45 did not change from the Company's last study when it was only based upon the maximum ratios experienced during the period 1995 through 2009.

Response:

See attached support for the maximum day ratio showing available data from 2002 through 2011. The maximum day ratio used in the cost of service study was based on the historic maximum day ratio of 1.44 (rounded up to 1.45) experienced in 2006. The ratio did not change from the previous study because a new historic peak ratio was not experienced by the Company.

TENNESSEE AMERICAN WATER COMPANY

SUMMARY OF AVERAGE DAILY SEND OUT AND MAXIMUM DAILY USAGE
FOR THE YEARS 2002-2011

Year	Average Daily Send out (MGD)	Maximum Daily Use		
		MGD	Ratio to Average	Highest Use Day

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

22. Refer to Page 3 of Schedule C in the Company's Cost of Service Study for Allocation Factor 2. Explain why Private and Public Fire Protection service is not considered in this calculation.

Response:

Page 3 of Schedule C shows the calculation of the maximum day extra capacity without consideration for Private and Public Fire flow because Factor 2 is used to allocate costs associated with facilities serving base and maximum day extra capacity functions, such as source of supply and treatment facilities, which are not sized or designed to meet fire demands. Factor 3 is used to allocate costs associated with facilities servicing base, maximum day extra capacity and fire service. See Page 4 of Schedule C for Factor 3.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

23. Refer to Page 3 of Schedule C in the Company's Cost of Service Study for Allocation Factor 2. Provide the source and support for the individual "factors" contained in column 3.

Response:

As Mr. Herbert's testimony states on page 10, lines 1-5, the estimated demands or factors for each individual class were based on judgment which considered field studies of actual customer class demands conducted for other American Companies, field observations of the service areas of the Company, field studies of similar service areas, and generally-accepted customer class maximum day and maximum hour demand ratios.

TENNESSEE AMERICAN WATER COMPANY

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

24. Refer to Page 4 of Schedule C in the Company's Cost of Service Study for Allocation Factor 3. Provide the source and support for each component of the System Delivery (GPD) of 54,994,122.

Response:

The average day of 37,058,015 GPD is the total Company sendout of 13,526,176,000 gallons divided by 365.

The maximum day extra capacity is 37,058,015 GPD times .45, the maximum day extra capacity ratio minus 1 or 16,676,107 GPD. See the response to Item 21 of this same data request for detail of this ratio.

The 1,260,000 gallons per day for fire demands is developed by multiplying the 3,500 gallons per minute fire protection flow needed by 60 minutes and by 6 hours. See the response to Item 30 and 32 of this same data request.

The sum of the average day, the maximum day extra capacity demand and the fire demand total 54,994,122 GPD.

TENNESSEE AMERICAN WATER COMPANY

Question:

25. Refer to Page 5 of Schedule C in the Company's Cost of Service Study for Allocation Factor 3. Provide the source and support for the "Number of Units" totaling 6,479 as shown in column 3.

Response:

The Number of Units is equal to the sum of private fire protection lines and the total number of public fire hydrants.

The number of private fire protection lines is the sum of the private fire protection lines in Chattanooga, Look Out Mountain and Lakeview Districts (there are no private fire protection lines in Suck Creek or Lone Oak) as shown in Petitioner's Exhibit DJP-1, Schedule 2 for each district.

The detail related to the total number of public fire hydrants is attached.

Tennessee American
Hydrant Count

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

26. Refer to Page 6 of Schedule C in the Company's Cost of Service Study for Allocation Factor 4. Provide the source and support for the average hourly consumption contained in column 2. Also explain why the average hour consumption factors in column 2 for Allocation Factor 4 do not match the average hour consumption factors in column 2 for Allocation Factor 5 on Page 8 of Schedule C.

Response:

Factor 4 allocates costs related to distribution mains. Column 2 in Factor 4 is developed from average hourly consumption as adjusted and is attached. Per Mr. Herbert's testimony, certain usage for the larger industrial customers and other water utilities classifications is excluded from the allocation since these customers are primarily served from larger transmission mains and should not be allocated costs for distribution mains.

The average hour consumption factors in column 2 for Factor 4 do not match the average hour consumption factors in column 2 of Factor 5 because the calculation in Factor 5 includes all the usage for all the customer classes. Factor 5 allocates costs related to storage facilities from which the larger industrial customers and other water utilities customers benefit.

TENNESSEE-AMERICAN WATER COMPANY

CALCULATION OF COLUMN 2 OF FACTOR 4

Customer Classification	Factor 1 Average Daily Consumption, 100 Cu. Ft.	Less Excluded Usage 100 Cu. Ft.	Allocated Average Daily Consumption, 100 Cu. Ft.	Allocation Factor Column 2 Factor 4

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

27. Refer to Page 7 of Schedule C in the Company's Cost of Service Study for Allocation Factor 4. Provide the source and support for the individual "factors" contained in column 3.

Response:

As Mr. Herbert's testimony states on page 10, lines 1-5, the estimated demand factors for each individual class were based on judgment which considered field studies of actual customer class demands conducted for other American Companies, field observations of the service areas of the Company, field studies of similar service areas, and generally-accepted customer class maximum day and maximum hour demand ratios. See response to Item 50 of this same data request 50 for further support.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

28. Refer to Page 7 of Schedule C in the Company's Cost of Service Study for Allocation Factor 4. Provide the source and support for the maximum hour ratio of 1.90.

Response:

As stated in Mr. Herbert's testimony, the maximum hour extra capacity of 1.90 is based on the relationship of system maximum hour ratios compared to system maximum day ratios for other similar systems. The ratio of maximum hour to maximum day ratio is 1.3 (1.90 / 1.45) which falls within the range for other systems.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

29. Refer to Page 7 of Schedule C in the Company's Cost of Service Study for Allocation Factor 4. Provide the source and support for the Total System Delivery of 52,397 GPM. Also explain why and how this amount changed from 51,397 GPM in the Company's last study.

Response:

The total gallons per minute listed on Page 7 of Schedule C of 52,397 GPM is the sum of the following:

1. The average day of 25,735 GPM is the average day system delivery (referenced in the response to Item 24 of this same data request) divided by 24 hours and then divided by 60 minutes.

2. The maximum day extra capacity is 25,735 GPM times 0.90, the maximum hour extra capacity ratio minus 1 or 23,162 GPM. See response to Item 28 of this same data request for a description of this ratio. As stated in Mr. Herbert's testimony, the maximum hour extra capacity of 1.9 is based on the relationship of system maximum hour ratios compared to system maximum day ratios for other similar systems.

3. The 3,500 GPM is the estimated fire protection flow needed. See response to Item 30 of this same data request.

This amount changed from the prior case because the average day in the prior case was based on the total system delivery for 2009 and in this case it is based on the total system delivery for 2011.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

30. Refer to Page 7 of Schedule C in the Company's Cost of Service Study for Allocation Factor 4. Provide the source and support for the Fire Protection System Delivery of 3,500 GPM.

Response:

The 3,500 gpm estimated fire demand was based on the Insurance Services Office (ISO) method for fire flow requirements as described in AWWA Manual M31, page 3, which is attached.

AWWA MANUAL M31

Chapter 1

Fire Flow Requirements

For centuries, water has been used to extinguish fires. The inexpensiveness and availability of water are the primary factors leading to its widespread use. But, not only must water be available for fire protection, it must be available in adequate supply. As a result, the question must be asked, how much water is necessary to be considered an adequate supply for fire protection? (Milke 1980)

Most municipalities are willing to incur the higher cost for distribution system sizing because of the reduction in loss that is possible by using the water system for fire protection. Water in sufficient quantity can cool the fire; the steam can deprive the fire of oxygen, and in the case of miscible or dense fluids, water can disperse the fuel. The key question for water utilities is how large must distribution system components be to provide sufficient water for fire protection. The remainder of this manual presents methods for estimating these requirements.

IMPACT ON DISTRIBUTION SYSTEM DESIGN

The decision to provide water for fire protection means that a utility must explicitly consider fire flow requirements in sizing pipes, pumps, and storage tanks. In larger systems, fire protection has a marginal effect on sizing decisions, but in smaller systems these requirements can correspond to a significant increase in the size of many components. In general, the impact of providing water for fire protection ranges from being minimal in large components of major urban systems to being very significant in smaller distribution system pipes and small distribution systems.

The most significant impacts are installing and maintaining fire hydrants, providing adequate storage capacity, and meeting requirements for minimum pipe sizes (e.g., 6-in. [150-mm] pipes in loops and 8-in. [200-mm] dead ends) in neighborhood distribution mains when much smaller pipes would suffice for delivery of potable water only. These requirements make designing distribution systems easier for the engineer but more costly for the water utility. Other impacts include providing extra treatment capacity at plants and extra pumping capacity at pump stations.

COMMUNITY GOVERNANCE

The decision of whether or not to size distribution system components, including water lines, appurtenances, and storage facilities, for fire protection must be made by the governing body of the community. This decision is made in conjunction with the water utility if the utility is privately owned. However, there is no legal requirement that a governing body must size its water distribution system to provide fire protection. In some instances, this undertaking may be prohibitively expensive. For privately owned utilities, the distribution system would not be sized for fire protection unless such an undertaking could be shown to be commercially profitable.

The governing bodies of most communities do provide water for fire protection for a variety of reasons, including protection of the tax base from destruction by fire, preservation of jobs that would be lost in the event of a large fire, preservation of human life, and reduction of human suffering.

When a community's governing body provides fire protection, it must do so in accordance with a well-thought-out plan that will provide adequate supplies for the intended purpose. An inadequate fire protection system provides a false sense of security and is potentially more dangerous than no system at all.

FIRE FLOW REQUIREMENTS

When establishing a fire protection plan, the governing body must first select a well-documented procedure for determining the fire flow requirement. Central to providing "enough" water is a determination of how much water should be made available for any given situation. The following definition of *required fire flow* will be used in this manual: the rate of water flow, at a residual pressure of 20 psi (138 kPa) and for a specified duration, that is necessary to control a major fire in a specific structure. A complete definition of required fire flow requires a determination of both the rate of flow required and the total amount of water that must be applied to control the fire. The rate of flow and the duration of flow required may be specified by the simple equation:

$$\text{quantity} = \text{rate} \times \text{duration} \qquad \text{(Eq. 1-1)}$$

Understanding Water Use

The importance of flow rate and total quantity must be realized when attempting to understand the ways in which water is used to suppress fire. Water applied to a fire accomplishes two things. First, it removes the heat produced by the fire, thereby preventing that heat from raising the temperature of unignited material to the ignition point. Water absorbs the heat of the fire when it changes from a liquid to a gaseous state as the heat is released as steam. Second, water not converted to steam by the heat of the fire is available to cool material not yet ignited. Water also blankets unignited material, excluding the oxygen required to initiate and sustain combustion.

CALCULATING FIRE FLOW REQUIREMENTS

All fires are basically different because of random variations in the structure and contents of the burning building, exposures (configuration of adjacent structures not involved in a fire but that are to be protected to prevent the fire from spreading), weather, temperature, and length of time the fire has been burning. Consequently, numerous methods have been proposed for determining how much water is enough to suppress a fire. The following sections describe four methods for calculating fire flow requirements. These methods have been developed by the Insurance Services Office

Table 1-1 Fire flow durations

Required Fire Flow		Duration
gpm	*(L/sec)*	*hr*
2,500 or less	(158 or less)	2
3,000 to 3,500	(189 to 221)	3

Inc. (ISO),* Iowa State University (ISU),† the National Fire Academy,‡ and the Illinois Institute of Technology Research Institute (IITRI).§

Responsibility for determining needed fire flows for individual structures usually rests with the local fire officials based on information provided by the owner. Rating services such as ISO may determine this flow during an evaluation for insurance purposes. For planning purposes, water departments may determine representative fire flow requirements in portions of towns for system planning, hydraulic analysis, and design.

Flow Durations

Recommended fire flow durations¶ to be used in the four methods are given in Table 1-1. The maximum required fire flow for a single fire event is 12,000 gpm (757 L/sec).

Insurance Services Office Method

The ISO's technique for calculating required fire flow is documented in its publication *Fire Suppression Rating Schedule*. The term used in that document to describe the fire flow requirement is *needed fire flow* (NFF).

Needed fire flow (NFF). The NFF is the rate of flow considered necessary to control a major fire in a specific building for a certain duration. It is intended to assess the adequacy of a water system as one element of an insurance rating schedule. It is not intended to be a design criterion. However, it has been demonstrated that the NFF reasonably coincides with the actual flow required to suppress a fire in a real-life situation.

A water supply should be capable of providing the maximum NFF within its distribution system area. In designing a new water distribution system or improvements within an existing distribution system, it is customary to provide for the NFF within the design area. However, it is very unusual for an existing water distribution system to be capable of providing every NFF within its service area.

The ISO classification of a community's water system is based on the available rates of flow at representative locations, with an NFF of 3,500 gpm (221 L/sec), or less, as determined by the application of its Fire Suppression Rating Schedule. Private and public protection at properties with larger NFFs is individually evaluated and may vary from the community's classification.

Question:

31. Refer to Page 10 of Schedule C in the Company's Cost of Service Study for Allocation Factor 5. Provide the source and support for the 22,311,000 Total Storage Capacity (Gallons). Also explain why and how this amount changed from 22,811,000 Total Storage Capacity (Gallons) in the Company's last study.

Response:

See the attached list of tanks for the support for the Company's total storage capacity of 22,311,000 gallons.

In the previous study, the Mission Ridge Reservoir 3 was listed incorrectly at a storage level of 2,500,000 gallons of storage instead of the actual 2,000,000 gallons, as corrected in the current cost of service study. This difference of 500,000 gallons accounts for the difference in storage capacity from this study to the previous study.

Question:

32. Refer to Page 10 of Schedule C in the Company's Cost of Service Study for Allocation Factor 5. Provide the source and support for "6 hour demand of fire flow" used in the calculation.

Response:

The 6-hour duration for fire flow demand was based on the duration required for a 6,000 gpm fire demand according to the ISO Grading Schedule for Municipal Fire Protection, which is attached. The 6,000 gpm requirement was used rather than 3,500 gpm, to acknowledge alternative fire flow calculations that support higher fire flows and the significant commercial and industrial customer base served by the system, which would require longer fire flow durations for more combustible fires.

GRADING SCHEDULE
FOR
MUNICIPAL FIRE PROTECTION

RECEIVED
JUN 14 1974
GANNETT FLEMING
CARPENTER

INSURANCE SERVICES OFFICE
160 WATER STREET
NEW YORK, N. Y. 10038
1974

GRADING SCHEDULE

WATER SUPPLY

An adequate and reliable water supply is an essential part of the fire-fighting facilities of a municipality.

Minimum Recognized Water Supply. In order to be recognized for grading purposes, a water supply shall be capable of delivering at least 250 gpm for a period of 2 hours, or 500 gpm for one hour, for fire protection plus consumption at the maximum daily rate. Any water supply which cannot meet this minimum requirement shall not be graded, and a deficiency of 1,950 points shall be assigned.

Adequacy and Reliability. A water supply is considered to be adequate if it can deliver the required fire flow for the number of hours specified in Table 4, with consumption at the maximum daily rate; if this delivery is possible under certain emergency or unusual conditions, the water supply is also considered to be reliable.

TABLE 4.

REQUIRED DURATION FOR FIRE FLOW

Required Fire Flow gpm	Required Duration Hours
10,000 and greater	10
9,500	9
9,000	9
8,500	8
8,000	8
7,500	7
7,000	7
6,500	6
6,000	6
5,500	5
5,000	5
4,500	4
4,000	4
3,500	3
3,000	3
2,500 and less	2

In order to provide reliability, duplication of some or all parts of a water supply system will be necessary, the need for duplication being dependent upon the extent to which the various parts may reasonably be expected to be out of service as a result of maintenance and repair work, an emergency, or some unusual condition. The introduction of storage, either as part of the supply works or on the distribution system, may partially or completely offset the need for duplicating various parts of the system; the value of the storage depends upon its amount, location, and availability.

Question:

33. Refer to Page 11 of Schedule C in the Company's Cost of Service Study for Allocation Factor 6. Provide the source and support for the pump horsepower of 14,011. Also explain why and how this amount changed from 13,979 of pump horsepower in the Company's last study.

Response:

See attached schedule for the pump horsepower of 14,011. This difference of 32 HP from the amount in the prior case is due to the following changes in rated horsepower.

Stuart heights Pump Station – not in use	(8) HP
Windridge Pumping Station – gain in HP	30 HP
Look Out Mountain - loss in HP	(10) HP
St. Elmo Pumping Station – gain in HP	25 HP
Crestview Pumping Station – loss in HP	(5) HP
Total Change in HP	32 HP

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

37. Refer to Page 14 of Schedule C in the Company's Cost of Service Study for Allocation Factor 10. Provide the source and support for the number of meters equivalents (by size and customer classification) of 94,025 that are used in the calculation

Response:

Please refer to Schedule C, page 15 of 27 for the source and support for the number of meter equivalents used in the calculation. The number of meters by class found in columns 3, 5, 7, 9, and 11 is equal to the number of bills for each customer class by meter size for each district divided by 12 as found in Petitioners Exhibit DJP-1, Schedule 2.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

38. Refer to Page 16 of Schedule C in the Company's Cost of Service Study for Allocation Factor 11. Provide the source and support for the number of services (by size and customer classification) of 84,667 that are used in the calculation.

Response:

Please refer to Schedule C, page 17 of 27 for the source and support for the number of service equivalents used in the calculation. The number of services by class found in columns 3, 5, 7, 9, and 11 is equal to the number of meters for each customer class by meter size from Schedule C, page 15 (please refer to Item 37 of this same data request). The number of meters for the 5/8 inch and 3/4 inch size was combined for the 3/4 inch services. The number of private fire lines by size in column 13 is found in the Petitioners Exhibit DJP-1, Schedule 2.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

39. Refer to Page 18 of Schedule C in the Company's Cost of Service Study for Allocation Factor 12. Provide the source and support for the number of bills by customer classification of 922,867 that are used in the calculation.

Response:

The number of bills by customer class is equal to the number bills for each customer class by meter size for each district as found in Petitioners Exhibit DJP-1, Schedule 2.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

40. Refer to Page 18 of Schedule C in the Company's Cost of Service Study for Allocation Factor 13. Provide the source and support for the number of meter readings by customer classification of 906,087 that are used in the calculation.

Response:

The number of bills by customer class is equal to the number bills for each customer class by meter size for each district as found in Petitioners Exhibit DJP-1, Schedule 2. This factor is similar to Factor 12 however, with the exclusion of Private Fire bills since private fire lines do not require meter reading.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Question:

43. Refer to Pages 21 – 23 of Schedule C in the Company's Cost of Service Study that provide support for Allocation Factors 16 and 17. Provide the source and support for the individual components of "Cost of Service" as shown in column 4.

Response:

See attached schedule for the support for the Utility Plant in Service on pages 21-23 of Schedule C.

The source for date in column 1, is file "Exhibit Support- TN Capital through 3-31-2014 final.xlsx" worksheet Gannett-UPIS.

The source for date in column 2, is file "Exhibit Support- TN Capital through 3-31-2014 final.xlsx" worksheet Gannett-Accum Dep.

Column 3 is net salvage which totals $1,233,101. This amount was prorated based on the accumulated depreciation in column 2.

Column 4 is the total of columns 1 through 3.

The source of Other Rate Base Elements with the exception of the detail for CIAC and Advances and CWIP is Exhibit RB-1-Summary-LCB.

The source of the detail for CIAC and Advances is the file "Exhibit Support- TN Capital through 3-31-2014 final.xlsx" worksheets "Developer Advances Net Balances" and "CIAC Balances".

The source of the detail for CWIP is the file "Exhibit Support- TN Capital through 3-31-2014 final.xlsx" worksheets "CWIP Balances".

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

44. Refer to Page 24 of Schedule C in the Company's Cost of Service Study for Allocation Factor 18. Provide the source and support for the Total Costs of Service by customer classification of $50,860,809 that are used in the calculation.

Response:

See attached schedule for the support for Factor 18. The source of the numbers in the schedule is Schedule B of the cost of service study.

TENNESSEE-AMERICAN WATER COMPANY

ALLOCATION OF COST OF SERVICE TO CUSTOMER CLASSIFICATIONS
FOR THE TWELVE MONTHS ENDED NOVEMBER 30, 2013

Account Number	Account Description	Factor Ref.	Cost of Service	Residential	Commercial	Industrial	Other Public Authority	Other Water Utilities	Private Fire Protection	Public Fire Protection
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)
Calculation of Factor 18

Question:

45. Refer to Page 25 of Schedule C in the Company's Cost of Service Study for Allocation Factor 19. Provide the source and support for the Average Daily Consumption (CCF) of the Lookout Mountain service area by customer classification of 820 that are used in the calculation.

Response:

The average daily consumption by class in Factor 19 is equal to the sales of water for the Look Out Mountain district by class per the Petitioner's Exhibit DJP-1, Schedule 2 divided by 365 days.

TENNESSEE AMERICAN WATER COMPANY

Responsible Witness: Paul R. Herbert

Question:

48. Refer to Page 27 of Schedule C in the Company's Cost of Service Study for Allocation Factor 23. Provide the source and support for the net write-offs by customer classification of $425,407 that are used in the calculation.

Response:

See attached schedule for the source and support for the net write-offs by customer class. In the attached schedule, customer class 1 is the residential class, customer class 2 is the commercial class, customer class 4 is the Other Public Authority class and customer class 6 is the private fire class. Because the net write offs for Private fire was a negative number, it was excluded from this analysis.

Responsible Witness: Paul Herbert

Question:

49. Provide the billing determinants used to compute the Company's proposed rates as shown on Schedule D of the Company's Cost of Service Study.

Response:

The billing determinants used to compute the Company's revenue under present and proposed rates are shown in the Petitioner's Exhibit DJP-1, Schedule 2.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Paul R. Herbert

Question:

50. Refer to Page 10 of the direct testimony of Paul R. Herbert where he states the following:
    The estimated demands were based on judgment which considered field studies of actual customer class demands conducted for other American Companies, field observations of the service areas of the Company, field studies of similar service areas, and generally-accepted class maximum day and maximum hour demand ratios.
    a. Specifically identify all areas in the current TAWC cost of service study that were based on judgment.
    b. Provide a copy of all field studies of actual customer class demands for other American Companies that Mr. Herbert relied upon to base his judgment for the current TAWC cost of service study.
    c. Provide a copy of all field observations of the service areas of the Company that Mr. Herbert relied upon to base his judgment for the current TAWC cost of service study.
    d. Provide a copy of all field studies of similar service areas that Mr. Herbert relied upon to base his judgment for the current TAWC cost of service study.
    e. Provide a copy of all generally-accepted class maximum day and maximum hour demand ratios that Mr. Herbert relied upon to base his judgment for the current TAWC cost of service study.
    f. Provide a quantification of how the judgments used by Mr. Herbert in the responses to Items B through E above produced the results for use in the current TAWC cost of service study.

Response:

a) The specific areas of the cost of service study where judgment is required include, but are not limited to the following:

    i. The selection of system-wide peak day and hour ratios.
    ii. The selection of class peak day and hour ratios.
    iii. The estimation of fire demands for the system.
    iv. The selection of meters and services equivalents.
    v. The selection of the appropriate allocation factor for each of the elements of cost of service.

vi. The use of adjusted consumption for the allocation of distribution mains.

b) Copies of field studies of class demands for other American companies are attached.

c) Copies of field observations of the Company's service area are not available.

d) Copies of field studies of class demands for other water companies are attached.

e) Copies of the pertinent pages of the AWWA Manual showing the use of class peak factors are attached.

f) The selection of class demand factors is not a calculation or a quantitative process. Mr. Herbert used the available information from other sources as well as observations of the Company's service area to select factors appropriate for the Company's cost of service study.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Melissa Schwarzell

Question:

57. Provide the shift differential pay for the 12 months ended December 2011 by employee.

Response:

The attachment to this response is confidential and is provided under separate seal.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Melissa Schwarzell

Question:

58. Provide the total salaries and wages, exclusive of AIP compensation, by employee for the twelve months ended December 2011. Include in your response the total salaries and wages by employee, total overtime hours by employee, and total capitalized salaries and wages for the twelve months ended December 2011.

Response:

The attachment to this response is confidential and is provided under separate seal.

TENNESSEE AMERICAN WATER COMPANY

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Linda C. Bridwell

Question:

68. From October 2010 through December 2011, provide the total monthly amount of charges, by affiliated entity, subject to allocation or direct charge from AWWSC. In addition, provide the total monthly amount of direct charges and allocated charges to each affiliate from AWWSC for this same time period.

Response:

Please refer to the attachment for total AWWSC charges, direct or allocated, by month to each affiliated entity.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Linda C. Bridwell

Question:

69. Provide the total budgeted amount of charges subject to allocation or direct charge to all affiliates from AWWSC, AWCC, and ACS by month, by affiliated entity, as well as the total amount of budgeted direct charges and budgeted allocated charges to each affiliate from AWWSC, AWCC, and ACS by month, by direct amount, by allocated amount, by affiliated entity for the 23 months ending November 2013

Response:

Please see the attached files for budgeted affiliate charges from AWWSC and AWCC for the period requested. As budgeted charges to affiliates represent total charges which are not sub-categorized by direct charge or allocated basis, those sub-categories are not available. The current 2013 budget for AWCC is still being finalized, so the prior year's 2013 annual plan was provided. If requested, the current 2013 monthly budget for AWCC will be provided when approved and complete.

American Water Enterprises (AWE) discontinued the American Carbon Services business segment at the end of 2011; therefore no budget information is available for the period requested.

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Linda C. Bridwell

Question:

70. Provide the actual percentages used in Tier One allocation of AWWSC charges to each American Water affiliate for the test period ending December 31, 2011. Indicate in your response the date of the factors used to develop the actual percentages.

Response:

Please see the attachment for the actual percentages used in Tier One allocation of AWWSC charges to each affiliate for the test period ending December 31, 2011.

Current year allocation formulas are prepared using year-end data from the previous calendar year. The factors for Tier One allocations for 2011 were based on the year end results for December 31, 2010.

American Water Service Company

2011 Formulas

Based on factors for the year ended 12/31/10

TENNESSEE AMERICAN WATER COMPANY
DOCKET NO. 12-00049
FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Linda C. Bridwell

Question:

73. Provide the actual percentages used in Tier Two allocation of AWWSC charges to each American Water affiliate for the twelve months ended December 31, 2011. Indicate in your response the date of the factors used to develop the actual percentages.

Response:

Please refer to the attachment for the actual percentages used in Tier Two allocation of AWWSC charges to each affiliate for the test period ending December 31, 2011.

Current year allocation formulas are prepared using year-end data from the previous calendar year. The factors for Tier Two allocations for 2011 were based on the year end results for December 31, 2010.

American Water Service Company

2011 Formulas

Based on factors for the year ended 12/31/10

Question:

75. Provide the amount of AWWSC operating expenses charged to TAWC from the Western Region, Central Region, and Northeast Region for the twelve months ended December 31, 2011.

Response:

During 2010, Service Company transitioned from a regional structure to a four division structure – Eastern, Western, Pennsylvania and New Jersey. Service Company support for Tennessee American was provided by the Eastern Division, however some charges were incurred by the Western Division as Service Company personnel migrated to their new business units. The schedule below shows the breakdown of expenses by location including the divisional charges for the year 2011.

Tennessee American
Service Company Expenses (O&M)
2011

Location	Service Co. Expense
Belleville Lab	$ 121,126
Call Center	$ 1,019,563
Corporate	$ 1,017,187
Eastern Division	$ 1,059,383
ITS	$ 1,324,915
Shared Services	$ 424,766
Supply Chain	$ 57,902
Western Division	$ 56,322
Total	**$ 5,081,165**

American Water
1025 Laurel Oak Road
P.O. Box 1770
Voorhees, NJ 08043-7770

Dear Bob and Ed:

American Water – Pension and Postretirement Welfare Plan Projections

As you requested, we have summarized in this letter the results of our two-year pension and postretirement welfare plan projections for the following American Water pension and postretirement welfare plans:

- American Water Pension Plan
- American Water Retiree Welfare Plan

Please note that projections for the American Water Northern Illinois Retiree Welfare Plan are not provided with this package since no update has been completed.

The projections are prepared under the following scenarios:

- Exhibits 1a -- For the AW qualified pension plan, provided are:
  - Projected plan contributions for the 2012 and 2013 plan years (i.e., beginning July 2012)
    - The projections incorporate our discussions with AW of future contribution policy (i.e., avoid at-risk and benefit restrictions and create Prefunding Balance where possible) and contribution timing.
    - The projections assume no changes to current methodology for asset valuation (2 year smoothing) and no changes to current valuation interest rate basis (segment rates with 4 month lookback).
    - The projections do not reflect the provisions of pension funding stabilization under the Moving Ahead for Progress in the 21st Century Act (MAP-21) that was officially passed on July 6, 2012.

TOWERS WATSON

- Exhibit 2a -- For the AW postretirement welfare plan, provided are:
  - The U.S. GAAP accounting costs reflecting and not reflecting purchase accounting for fiscal years 2012 and 2013.
  - Projected cash contributions for 2011 through 2013. All projections reflect the expected Medicare Part D government subsidy.

Assumptions and Methods

- The key assumptions and methods underlying these projections are described in detail at the bottom of each attached exhibit.

Exhibit 1a
(Jan 2012)

American Water
Two-Year Projection
Qualified Pension Funding Requirements
($ in Millions)

Estimated Cash Contributions for American Water Qualified Pension Plan
(Total for 2012 and 2013 fiscal years is $228.43 million)

Fiscal Year Contributions	2012	2013
January		
February	$31.26	$21.40
March		
April		
May	$31.26	$21.40
June		
July		
August	$31.26	$30.30
August		
September		
September		
October		
November	$31.26	$30.30
December		
Total Fiscal Year Contributions	**$125.03**	**$103.40**

	2012	2013
Total Plan Year Contributions	**$112.30**	**$130.50**

Key Funding Assumptions

- Funding Interest Rate Basis — Segment Rates as of March 2011 for 2011, effective interest rate reflecting expected future segment rates for all future years (equal to 5.86% as of July 1, 2011, 5.25% as of July 1, 2012 and 4.78% as of July 1, 2013)
- Actual Return on Assets — Actual plan asset return through 12/31/11; 7.75% per annum return thereafter
- Mortality: — IRS/PPA table, assumed to be updated annually, as prescribed
- Actuarial Value of Assets — Two year smoothing of gains and losses with 10% corridor
- Contribution Policy — Contribute minimum required contribution plus additional amounts necessary to avoid at-risk status and benefit restrictions; contribute normal cost in years when plan is overfunded. Apply contributions to prior plan year whenever possible to increase funding balance.

Please note: The 2012 and 2013 contributions do not reflect the provisions of pension funding stabilization under the Moving Ahead for Progress in the 21st Century Act (MAP-21) that was officially passed on July 6, 2012.

American Water
Two-Year Projection
Postretirement Welfare Cost
($ in Millions)

ASC 715-60 Cost (Not Reflecting Purchase Accounting)

Plan Year	Actual 2012	2013
American Water Postretirement Welfare Plan	$ 30.0	$ 28.7

ASC 715-60 Cost (Reflecting Purchase Accounting)

Plan Year	Actual 2012	2013
American Water Postretirement Welfare Plan	$ 24.6	$ 23.7

Total Cash Contributions (1)

Plan Year	2012	2013
Total Cash Contributions	$ 30.0	$ 28.7

(1) In line with American Water's contribution policy, company cash contributions are assumed to be equal to ASC 715-60 Not Reflecting Purchase Accounting Expense for the American Water Postretirement Welfare Plan.

Key Assumptions

- Discount Rate: 5.05% for 2012 and 2013
- Return on Assets – Bargained VEBAs - 7.75%
  Non-bargained VEBA - 5.04%
- Contribution Policy: Contributions assumed to be made to the Non-bargained VEBA in 2012 and 2013
- Mortality: IRS/PPA table, assumed to be updated annually
- Medical Trend Rate: 7.50% in 2012 reducing to 5.00% in 2019

Schedule J - COMPUTATION OF NET EARNINGS SUBJECT TO EXCISE TAX

1.	Federal income or loss (Enter amount from Schedule J-1, J-2, J-3, or J-4)	(1)	-2787041
	ADDITIONS:		
2.	Any depreciation under the provisions of IRC Section 168 not permitted for excise tax purposes due to Tennessee permanently decoupling from federal bonus depreciation and any expense/deprecation deducted as a result of "safe harbor" lease elections. (attach schedule)	(2)	8479538
3.	Any deduction for domestic production activities under the provisions of IRC Section 199	(3)	
4.	Any gain on the sale of an asset sold within twelve months after the date of distribution to a nontaxable entity	(4)	
5.	Tennessee excise tax expense (to the extent reported for federal purposes)	(5)	2161
6.	Gross premiums tax deducted in determining federal income and used as an excise tax credit	(6)	
7.	Interest income on obligations of states and their political subdivisions, less allowable amortization	(7)	
8.	Depletion not based on actual recovery of cost	(8)	
9.	Contribution carryover from prior period(s)	(9)	NONE
10.	Capital gains offset by capital loss carryover or carryback	(10)	
11.	Excess fair market value over book value of property donated	(11)	
12.	Excess rent paid, accrued, or incurred for property owned by an affiliate. T.C.A. Section 67-4-2006(b)(1)(N)	(12)	
13.	Total additions - Add lines 2 through 12	(13)	8481699
	DEDUCTIONS:		
14.	Any depreciation under the provisions of IRC Section 168 permitted for excise tax purposes due to Tennessee permanently decoupling from federal bonus depreciation	(14)	4814067
15.	Any excess gain (or loss) from the basis adjustment resulting from Tennessee permanently decoupling from federal bonus depreciation	(15)	
16.	Any loss on the sale of an asset sold within twelve months after the date of distribution to a nontaxable entity	(16)	
17.	Dividends received from corporations, at least 80% owned (attach schedule)	(17)	
18.	Contributions in excess of amount allowed by federal government	(18)	NONE
19.	Donations to Qualified Public School Support Groups and nonprofit organizations	(19)	
20.	Portion of current year's capital loss not included in federal taxable income	(20)	
21.	Any expense other than income taxes, not deducted in determining federal taxable income for which a credit against the federal income tax is allowable	(21)	
22.	Any income included for federal tax purposes and any depreciation or other expense that could have been deducted for "safe harbor" lease elections. (attach schedule)	(22)	
23.	Nonbusiness earnings - Schedule M, Line 8	(23)	
24.	Intangible expense to an affiliated business entity (Intangible expense disclosure form MUST be completed to avoid the adjustment provided in T.C.A. Section 67-4-2006(d)(3))	(24)	
25.	Intangible income from an affiliated business entity if the corresponding intangible expense has not been disclosed or has been disallowed	(25)	
26.	TOTAL deductions - Add lines 14 through 25	(26)	(4814067)
	COMPUTATION OF TAXABLE INCOME		
27.	Total Business Income (Loss) - Add lines 1 and 13, less Line 26 (If loss, complete Schedule K)	(27)	880591
28.	Apportionment Ratio (Schedules N, O, P, or R if applicable or 100%)	(28)	98.3315 %
29.	Apportioned business income (Loss) (Line 27 multiplied by Line 28)	(29)	865898
30.	Add: Nonbusiness earnings directly allocated to Tennessee (From Schedule M, Line 9)	(30)	
31.	Deduct: Loss carryover from prior years (From Schedule U)	(31)	(7132549)
32.	Subject to excise tax (6.5%) (Line 29 plus Line 30, less Line 31) (enter here and on Schedule B, Line 4)	(32)	-6266651

Schedule K - DETERMINATION OF LOSS CARRYOVER AVAILABLE - See Rule 1320-6-1-.21 of Departmental Rules and Regulations

1.	Net loss from Schedule J, Line 27	(1)	
	ADD:		
2.	Amounts reported on Schedule J, lines 17 and 23	(2)	
3.	Amounts reported on Schedule J-1, lines 6 and 7, and Schedule J-2, Line 9	(3)	
4.	Reduced loss - Add lines 1 through 3 (if net amount is positive, enter "0")	(4)	
5.	Excise Tax ratio (Schedules N, O, P, or R if applicable or 100%)	(5)	%
6.	Current year loss carryover available (Line 4 multiplied by Line 5)	(6)	

Schedule L - FEDERAL INCOME REVISIONS

Year	1. Original Net Income on Federal Return	2. Net Income Corrected	3. Increase (Decrease) in Net Income	4. Increase (Decrease) Affecting Excise Tax

APPORTIONMENT SCHEDULES FOR TAXPAYERS DOING BUSINESS OUTSIDE THE STATE OF TENNESSEE

Franchise and excise tax ratios are obtained by using the arithmetical average of the following ratios. If a factor's denominator (everywhere value) is zero, that factor is to be eliminated entirely and the average is to be computed from the remaining factor or factors.

SCHEDULE N - APPORTIONMENT - STANDARD (Manufacturers, retailers, wholesalers, etc)

TENNESSEE DEPARTMENT OF REVENUE
INDUSTRIAL MACHINERY TAX CREDIT

TAXABLE YEAR	TAXPAYER NAME	ACCOUNT NO./FEIN/SSN
12/31/2010	Tennessee-American Water Company	317434603

Franchise and excise taxes may be reduced by a credit on industrial machinery purchased during the tax period covered by the return and located in Tennessee. The credit is generally computed at 1% of the purchase price of qualified industrial machinery. The credit taken on any return cannot exceed 50% of the current year's franchise and excise tax liability, but any unused credit may be carried forward 15 years under T.C.A. Section 67-4-2009(4).

SCHEDULE T (FORM FAE 170) - SCHEDULE OF INDUSTRIAL MACHINERY

PART 1 TAX CREDIT COMPUTATION

1.	Purchase price of machinery	(1)	10121643
2.	Percentage allowed (Generally 1%, see note below)	(2)	1.%
3.	Original credit (Line 1 multiplied by Line 2)	(3)	101216
4.	Credit available from prior year(s) (From Schedule V)	(4)	
5.	Total credit available (Add lines 3 and 4)	(5)	101216
6.	Franchise and Excise Tax liability before any credits (From Schedule A, Line 3 plus Schedule B, Line 5)	(6)	382671
7.	Limitation on Credit (50% of line 6)	(7)	191336
8.	Franchise and Excise Tax liability before any credits (From Schedule A, Line 3 plus Schedule B, Line 5)	(8)	382671
9.	Credits from Schedule D, Lines 1, 2, 3, and 6	(9)	
10.	Tax before Industrial Machinery Credit (Line 8 less Line 9)	(10)	382671
11.	Amount available in Current Year (Least of Lines 5, 7, or 10; transfer to Schedule D, Line 4)	(11)	101216

PART 2 RECAPTURE OF TAX CREDIT

In the event that any industrial machinery is sold or removed and credit has been taken against franchise and/or excise taxes, the following formula is to be used to recapture the tax credit taken for each item of machinery:

Credit taken on purchase of machinery X percentage of useful life remaining at time of sale or removal = Amount of credit to be recaptured.

Total amount of recapture to be used to increase franchise and excise tax liability (Transfer to Schedule B, Line 6) . . . $ 1849

Note: The percentage allowed on Part 1, Line 2 above is 1%, unless the taxpayer has met the requirements of Tenn. Code Ann. §67-4-2009(4)(I) and has been approved by the Commissioner of Revenue for an enhanced rate based on the investment amount. The statutory minimum investment requirements and applicable rates are shown on the following chart:

Minimum Required Capital Investment	Rate of Credit
$100,000,000	3%
$250,000,000	5%
$500,000,000	7%
$1,000,000,000	10%

SCHEDULE U and V - LOSS CARRYOVER/INDUSTRIAL MACHINERY CREDIT CARRYOVER

NOTE: SCHEDULES U AND V ARE NOT REQUIRED TO BE FILED WITH THE RETURN. These schedules may be used as a worksheet to compute the amount of net operating loss carryover and \ or industrial machinery credit carryover available.

IMPORTANT INFORMATION APPLICABLE TO LOSS CARRYOVER

1. Any net operating loss incurred for fiscal years ending on or after 1-15-84 may be carried forward fifteen (15) years as a net operating loss carryover.
2. COMBINED RETURN - UNITARY GROUP OF FINANCIAL INSTITUTIONS:
   Any net operating loss incurred by a member of the unitary group which has been apportioned to Tennessee in a year prior to filing a combined return may be carried forward seven (7) years as a net operating loss carryover by the unitary group. A net operating loss incurred by a unitary group of financial institutions computed on a combined basis may be carried forward fifteen (15) years by the unitary group.

charged for the items dispensed by the machine.
Vending machines of the type described above that are not operated for the benefit of a charitable nonprofit organization are not subject to this gross receipts tax, they are subject to the full rate of state and appropriate local sales and use tax.

Operators of machines that are subject to the gross receipts tax must register each organization for which such machines are operated and obtain a machine decal for each machine operated.

Due Dates:

Gross Receipts: Bottlers - Annual - August 1
Gross Receipts: Utilities-Gas, Water, Electric - Annual - August 1
Gross Receipts: Vending - Quarterly - October 20, January 20, April 20, and July 20

Tax Rates:

Gross Receipts: Bottlers - 1.9% of gross receipts
Gross Receipts: Utilities-Gas, Water, Electric 3% of the gross receipts derived from intrastate business. Persons in the business of manufacturing gas or distributing manufactured gas or natural gas pay an amount of 1.5% of the gross receipts
Gross Receipts: Vending - Tax on gross receipts from machine product sales - 1.6% for nontobacco sales, 2.5% for tobacco sales
Registration fee of $2 for each separate charitable nonprofit organization and a machine decal fee of $1 for each machine in operation for the benefit of that organization - due at time of registration.

GENERAL REQUIREMENTS

The law governing gas, water, electric power and light companies states that:

(a) (1) Each person engaged in the business of furnishing or distributing gas, water, or electric current, whether to a dealer, consumer, municipality or other customer, shall, for the privilege of doing such business, pay to the state for state purposes an amount equal to the tax rate specified on the front of the return multiplied by the gross receipts derived from intrastate business in the state.

(2) Persons engaged in the business of manufacturing gas or of distributing manufactured gas or natural gas shall, in lieu of the foregoing, pay an amount equal to the tax rate specified on the front of the return multiplied by the gross receipts derived from intrastate business in this state, which payment shall be subject to the same provisions, restrictions and credits hereinafter provided in T.C.A. §67-4-405.

(b) This tax does not apply to cities or other political subdivisions of the state owning and operating gas companies, water companies or power plants, nor does it apply to any governmental agency of the United States.

(c) The gross receipts tax is levied for the privilege of engaging in intrastate commerce carried on wholly within this state and not a part of interstate commerce.

(d) A credit is allowed against the gross receipts tax for the franchise and excise taxes paid by gas, water, and electric companies during the calendar year in which the gross receipts tax becomes due.

(e) The tax hereby imposed shall be administered and collected in accordance with T.C.A. §67-4-301 et seq.

(f) Each person engaged in the business of furnishing or distributing electric current or water shall be exempt from the above tax upon gross receipts up to the amount of five thousand dollars ($5,000).

DELINQUENT FILING - (PENALTY AND INTEREST)

Unless this return and tax are mailed to the Department of Revenue on or before August 1 or the 10th day of the following month (if filing monthly), penalty & interest will be assessed as required by §67-1-804 T.C.A.

INSTRUCTIONS

Lines 8 & 9 - Total credit cannot exceed line 7. A credit is allowed for franchise and excise taxes paid when final reports of both gross receipts taxes and franchise and excise taxes have been filed covering the corresponding tax base p[illegible]. Additional instructions for these lines are available upon request.

Line 15 - Taxpayers who file the return and make the first quarterly payment on or before August 1st have t[illegible] equal additional installments: Nov. 1, Feb. 1, and May 1. However, such quarterly payments m[illegible] on each such payment at the effective rate per annum from August 1 to date of payment. Anyone v[illegible] quarterly installment coupons by a separate mailing.

NOTICE TO TAXPAYER

If quarterly installments are not paid by the due date, penalty will be assessed for late payment at the rat[illegible] for each 30 days (or portion thereof) that the installment remains unpaid subsequent to the due date, up t[illegible]

This return shall be accompanied by schedule listing of total gross receipts derived from interstate busin[illegible] sale of appliances, water taps, pole rentals, and other sources fully identified.

Question:

93. Provide the total number of TAWC customer calls received by the 24/7 call center from October 2010 through December 2011; provide the total number of TAWC customer call received by the 24/7 call center between the hours of 5 PM to 8 AM Monday through Friday from October 2010 through December 2011; and provide the total number of TAWC customer calls received by the 24/7 call center on Saturday and Sunday from October 2010 through December 2011. Identify in each response the number of customer calls by call center, Alton, Illinois and Pensacola, Florida.

Response:

The total number of TAW customer calls received by the call center between October 10, 2010 through December 31, 2011 were 262,632.

We do not retain data by interval beyond 30 days due to the large volume of data storage that would be required. Therefore, the data containing the total number of TAW customer call received between the hours of 5 PM to 8 AM Monday through Friday from October 2010 through December 2011 is not available.

Additionally, we do not retain daily data beyond 12 months due to the large volume of data storage that would be required. Therefore, the requested data containing the total number of TAWC customer calls received by the 24/7 call center on Saturday and Sunday from October 2010 through December 2011 is not available. However, the Saturday and Sunday data from July 2011 through December 2011 is available. The total number of TAW customer calls into the call center during that period is 8,516 (with 5,258 calls received on Saturdays and 3,258 calls received on Sundays).

The American Water Customer Service Center operates as one center in two locations. Separate data for calls received is not available for the Alton, IL and Pensacola, FL locations.

FIRST DISCOVERY REQUEST OF THE
CONSUMER ADVOCATE AND PROTECTION DIVISION

Responsible Witness: Linda C. Bridwell

Question:

95. Provide the 2012 and 2013 budget for AWWSC. Include in your response a written narrative describing the budgeting guidelines and procedures employed by AWWSC.

Response:

Service Company budgets are prepared from July through September each year and are produced by looking at 12 month historical data by Service Company object account and forecasting for the budget period using estimated percentages for merit increases and other known cost increases for the budget year. The budget is prepared using Hyperion system software, which is used for input of the costs by Service Company business unit, and also prepares the allocated costs by business partner.

There are five areas of focus (listed below).

- Workforce Planning – Labor & certain labor related object accounts are adjusted based on corporate guidance.
- Non Labor Expense – based on historical data and adjusted for other known costs
- Capital Program – based on project managers input (monthly spend & in-service dates)
- Balance Sheet
- Allocation to Business Partners – based on historical data and adjusted according to business unit owner advice. Business partners – FP&A leads approve the process (not allocation rates)

Please refer to attachment which contains the total Service Company budgeted income statements for 2012 and 2013 along with the general corporate budget assumptions supplied for each of the budget years.
