Chairman,

On August 17, 2012, Tennessee American Water Company, the Consumer Advocate, the City of Chattanooga and Walden's Ridge submitted an agreed motion to extend the date for the filing of direct testimony by one week and other considerations and schedule modifications. At the time of the discussion among the parties, counsel for Signal Mountain was out of town. Since that time counsel for Signal Mountain has contacted me and indicated he has no opposition to the motion of August 17th.

Should I need to file something more formal in the docket memorializing this, please let me know. I have no objection to the filing of this e-mail in the docket.

Thanks,

Ryan

Ryan L. McGehee
Assistant Attorney General
(615) 532-5512
