RE: *In Re Bristol Tennessee Essential Services* – Docket No. 12-00060

Dear Hearing Officer Grams:

Together with this letter, we are filing the Response of Bristol Tennessee Essential Services ("BTES") to your February 13, 2013 Order that requires BTES to produce the cost allocation manual audit firm's indexed compilation of BTES documents relating to BTES' 2010 cost allocation manual audit. Because this document production includes well over 1,000 pages, we are providing these documents via CD-ROM. In addition to requiring BTES to produce these documents, the February 13 Order contemplates that, after this production, the parties will subsequently confer and file a proposed procedural schedule for your consideration.

As you may be aware, the Tennessee General Assembly recently approved House Bill 972 (McCormick) and Senate Bill 1180 (Norris), and according to the General Assembly's web site, this bill was forwarded yesterday to Governor Haslam for his consideration.[1] BTES respectfully submits that this legislation, upon enactment, will render BTES' petition and the matters at issue in this docket moot. Among other things, this legislation removes the Tennessee Regulatory Authority's jurisdiction under Tenn. Code Ann. § 65-5-109(n)(12) respecting the requirement of a certificate of convenience and necessity for a market-regulated carrier like BTES. Section 4 of this legislation further affirmatively states that the Tennessee Regulatory Authority "shall not impose any requirements relating to the issuance or maintenance of a certificate pursuant to § 65-4-201 on any market-regulated entity or on any affiliate of a market regulated entity." The language of this legislation and the related legislative history is clear that the legislation applies to all market-regulated carriers.

As a result and without limitation or waiver of the additional arguments that BTES has asserted in this docket, BTES respectfully submits that this new legislation, upon enactment, will render the matters at issue in this docket moot. BTES plans to file a motion to close this docket based upon this

[1] Information concerning this bill, including a copy of the bill as introduced and the relevant amendment is available at http://wapp.capitol.tn.gov/apps/BillInfo/Default.aspx?BillNumber=HB0972 (last visited March 15, 2013).

EBU Formula

Definition of Bulk Customers:

Bulk property shall mean (i) any multiple unit residential building where all dwelling units receive the service ("MDU") or (ii) any nonresidential property (including but not limited to bars, restaurants, hotels, motels, hospitals or offices). A "Bulk Customer" shall mean any Bulk Property (a) that is charged a different rate charged by such system for non-bulk residential customers receiving the same level of service received by such bulk property and (b) where such rate charged to such bulk property is not reduced as an incentive to encourage the purchase of other products or services.
If a bulk customer cablecasts the service pursuant to the above definition, then the equivalent number of service subscribers for such bulk customer shall be determined pursuant to the following formula:

EBU Formula:

Total monthly rate charged by Member's System for the pertinent bulk Customer for that level of service on Which the Service is received _____divided by_____ Monthly rate charged by Member's System for its Non-bulk residential subscribers for that same level of Cable television service received by that bulk customer

180 units X $15.00 =
2700 ÷ 39.95 =
68

This seems to support using 180 units (as Christie did at one point) instead of 68. However, the difference rounds away, and is immaterial to the total audit.

RESPONSE OF BRISTOL TENNESSEE ESSENTIAL SERVICES TO FEBRUARY 13, 2013 ORDER REQUIRING PRODUCTION OF AUDITOR'S INDEXED COMPILATION OF BTES DOCUMENTS

In response to the February 13, 2013 *Order Requiring Production of 2010 Audit Workpapers Including Auditor's Indexed Compilation of BTES Documents,* Bristol Tennessee Essential Services ("BTES") engaged William H. Novak to re-create an indexed compilation of BTES' company source documents that are referenced in Mr. Novak's workpapers.

With this filing, BTES submits a CD-ROM containing the results of Mr. Novak's work. As it has done with prior submissions, BTES has redacted the names of its employees from documents listing employee specific compensation information and, in the case of one of these company documents, BTES has also redacted the names of employees shown on reports relating to workers' compensation matters.

Respectfully submitted,

Mark W. Smith
