P.O. Box 549  
Ardmore, TN 38449

DOCKET NO. 12-00079

This letter is to remind you that pursuant to state law Tennessee Code Annotated § 67-6-222, your company is required to revise its business rates effective October 1, 2012 to reflect the actual tax equity payment sent by the Comptroller's Office in June 2012.

State law requires that rates be revised to reflect the difference in the amount that rates were reduced in 2011 and the actual amount of the equity payment received in June 2012. This is to ensure that your Company flows through a current amount under the laws. The filing should include all supporting calculations of the true-up and price-outs that reflect the flow through of savings to business customers including revised tariff pages. Following is an example of the process to be followed for determining this year's rate adjustment.

- |   |  |       |
|---|--|-------|
| 1 | Total Equity Payment Received June 2012  | XXXXX |
| 2 | Jurisdictional Separations Impact (part 36/69). Line 1 * separations factor                          | XXXXX |
| 3 | Impact to USF support, if applicable (include supporting calculations)                               | XXXXX |
| 4 | Net Tax Savings to Company to be flowed through to business customers<br>(Line 1 less lines 2 and 3) | XXXXX |
| 5 | Total Rate Reductions from October 1, 2011 through September 30, 2012                                | XXXXX |
| 6 | Difference (Line 4 less Line 5)  | XXXXX |

If line 4 is greater than line 5, then the difference represents the additional amount that existing rates need to be reduced. If line 5 is greater than Line 4, the difference represents the amount by which existing rates may be increased.

Please file the revised tariff sheets implementing the required rate changes with an effective date of October 1, 2012. Further all rate-of-return regulated companies that accrued the anticipated ad valorem tax equity refund payment onto its books for 2011 should provide the accounting entries used, USOA account numbers and amounts booked to each account.
