Subject: Inquiry to Chairman James M. Allison re: Docket 1300017 show cause hearing status
Attachments: 2014-01-13 TRA Conference Excerpt 13-00017_F.pdf
Importance: High

Dear MS Sharla Dillon,
Would you please send this to Chairman James M. Allison and post this email on TRA Docket 13-00017. I have emailed copies to the appropriate parties.

Dear Chairman James M. Allison,
Attached is the transcript of the January 13, 2014 Conference for Docket 130017 Emerson v. TWSI.

A motion was passed directing TWSI to appear on February 3rd, 2014 at 1:00 PM to show cause on the items listed. The Feb 3rd and Mar 7th Conferences have come and gone with no further action on Docket 1300017. I have made inquiries on the status of the show cause hearing and no one seems to know why it has been delayed.

Villages lot owners have become impatient and angry over this delay and the past five years of delays caused by TWSI which has cost us millions of dollars in lost property values and prevented us from recovering our community from the Land Resource LLC bankruptcy in 2008. They are demanding that we get our state Representative Dennis Powers and Senator Ken Yager involved and even Governor Haslam.

While I have encouraged letting the system work, I agree with them that justice delayed is justice denied. So I am appealing to you to find out why this delay is happening and let me know so I can communicate to our owners.

Respectfully,
Pat Perry
Board Secretary
Villages at Norris Lake Community Association, Inc.
