**Administrative Inactivation of the File Record**  
**TN Wastewater Systems - Villages at Norris Lake**  
**LaFollette, Campbell County, Tennessee**

Dear Mr. Hyatt:

By letter dated May 3, 2013, TDEC notified your legal counsel, Christopher Bowles of Boulton, Cummings, Conners and Berry, PLC, that the subject permit was administratively extended based on receipt of an application for renewal prior to the permit expiration date of February 28, 2012. This permit file was held open while court decisions were pending regarding the public utility service area for this development.

Please be advised that TDEC is now administratively closing this file record now that the appellate court has affirmed the Tennessee Regulatory Authority decision to rescind your service area for this location. The division understands the appellate case #M2014-01903-COA-R12-CV was closed on September 12, 2016. Therefore, the water quality permit file record for SOP-07001 is administratively closed as of that date also.

If you have questions, please contact the Knoxville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Hari Akunuri at (615) 532-0650 or by E-mail at [Hari.Akunuri@tn.gov](mailto:Hari.Akunuri@tn.gov).

Sincerely,

Brad C. Harris, PE  
Manager, Land-Based Systems
