**Your Reference: Docket No: 13-00095**

Dear Sir/Madam,

We refer to the above matter and would advise that the Order made on January 24<sup>th</sup>, 2014 has been passed to the writer for attention. It is noted that a petition was apparently filed against the Company on November 4<sup>th</sup>, 2013 and an Order made to appear and show cause.

We can advise that such petition and Order does not appear to have been received by the Company at the above offices. As such the Company did not have the opportunity to respond to the petition. If service was affected can you please advise and produce documentation as to proper service.

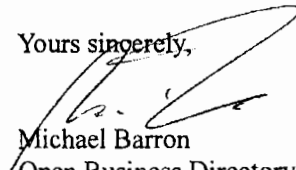

The Company is currently in the process of relocating it's offices but at the time of issue the Company received all post at the above office address and cannot understand why the petition was not received and passed to the writer for attention.

We await hearing from you on this point and request that a copy of the petition and any documents including the Order of November 4<sup>th</sup>, 2013 be faxed to the Company. The Company does wish to be heard on this matter and to file an Appeal, if necessary to the present Order.

The Order dated January 23<sup>rd</sup>, 2014 relates to an unsolicited fax advertisement. The Company does not send any fax which could be deemed to be an unsolicited fax advertisement. All faxes are sent by a third party which has advised the Company that it complies with all regulations in this regard. Further, that the Order form which is signed by the business clearly states that it is an Order. It could not be deemed to be an advertisement. There is no advertisement within that Order form. Such form has also been modified and improved upon as will be seen when the Company is given leave to respond.

Any cease and desist order would damage the Company and it's business within the USA. We await hearing from you as soon as possible.

Yours sincerely,

  
Michael Barron
