Nashville, TN 37243

RE: Atmos Energy Contract Meter Reading

Dear Mr. Foster:

Atmos Energy is submitting its semi-annual report regarding independent contractor's compliance with heightened procedures of contract meter reading in Tennessee. As of this filing, Atmos does not have any violations by the independent contractors of the heightened procedures to report, and all procedures listed within the petition are being followed. This report is being submitted in compliance with the Order Approving Petition in TRA Docket No. 14-00022.

Please also note as of this filing, Atmos is using wireless meter reading technology in all our service areas in Tennessee. Because we are no longer utilizing independent contractors for meter reading, this will be the final report we will submit.

If you have any questions, please do not hesitate to contact me at 615-771-8332.

Sincerely,

A handwritten signature in black ink, appearing to read "Marcie Wessinger", with a stylized flourish at the end.

Marcie Wessinger
